These grants are available to mature scholars, without reference to age, who possess the Ph.D. or whose capacity for productive research has been effectively demonstrated by published work. They are offered by the Council for the purpose of assisting members of the staffs of colleges and universities in Alabama, Arkansas, Florida, Georgia, Kentucky, Louisiana, Mississippi, North Carolina, Oklahoma, South Carolina, Tennessee, Texas and Virginia. They are designed to aid in completing rather than in initiating projects. They are not open to candidates for a degree. Applicants may not apply simultaneously for other awards by the Council.

The purposes for which the grants may be expended include the investigator's living expenses while in the field; travel involved in the investigation; stenographic, clerical, or statistical assistance; stationery and photostating. Such grants are not to be used for travel to attend scientific meetings, or to purchase books, manuscript materials, or laboratory apparatus. They may not be given to aid in the publication of manuscripts.

Preference will be given to applicants who can offer assurance that the institution to which the applicant is attached will lend its cooperation in the event that an award is made by the Council. This cooperation may include such items as reduction of the applicant's teaching load, relief from committee and other routine duties, and supplementary grants.

The maximum award to an individual will not exceed \$500.

The closing date for the receipt of applications for 1938-39 on forms provided by the

Grants-in-Aid Secretary is January 5, 1938
