Dr. M. O. Bousfield
Director for Negro Health
4901 Ellis Avenue
Chicago, Illinois

Dear Sir:

Acknowledging your letter of
November 2nd
I am at the present employed
by the Union Pacific R.R. as dining
car waiter.

During the past year I have
attempted to secure a position as
laboratory technician in this city. However
the colored population is so small as
not to warrant one.

My credentials were satisfactory
to those in authority, I have letters of
recommendations from several.

I am in a position to accept
the position you referred to in your
letter at any time and place.

For my qualifications I refer
you to Dr. W. O. Sherwood, Dept. Head, Bacteri-
ology, Kansas University, Lawrence, Kansas;
Dr. J. H. Thompson 1512 N. 5th Street, Kansas
City, Kansas; Dr. C. W. Alexander 1512 N. 5th St.,
Kansas City, Kansas.

In the meantime I will forward
several letters of recommendation
from physicians of this city.

FISK
UNIVERSITY

Please accept my earnest
appeal for your aid in securing the
position. I desire so greatly to secure
work in my field.

I am
Thanking you most sincerely.

Respectfully,
Willard Ward Smith
