

ROBERT MURRAH YARBROUGH

Superintendent of Schools
Sunflower County, Indianola, Mississippi

Education

Pretty for our eye
I suspect any man who stands
in a tinted photograph!

Very good letters
But I really is a proposal to
take over a man who has failed
of reelection to public office
(County Supt. of schools) if he
were ten years younger
I would consider it as a possible
mistake in a future
containing public official
God knows the folks need information, but
I doubt if we could do much more of
