

Candidate

Lloyd Lander Woods ✓

Special Field
Chemistry (Organic)Professor of Chemistry
St. Augustine's College, Raleigh, North Carolina

Plan of Work

Attempt to synthesise and identify the properties of an aryl selenol.
To also compare the relative reactivity of these compounds of selenium with those of its kindred elements oxygen and sulfur.

Wishes to spend one year at Kansas State College of Agriculture, working for Ph.D. under Dr. C. W. Colver.

Will return to present position.

Digest of Application

Born March 2, 1908, Iola, Kansas. Married, one child.

A. B. from Friends University, 1930. M. Sc. from Kansas State College of Agriculture, 1934.

Teacher at St. Augustine's College since 1931, \$1800.

GBB fellowship, 1933-34, Kansas State College, \$1000.

Has done research on "The Reactions of Arsenic Trichloride with Acetylene and the Nature of the Products Formed."

Applied JRF last year.
