

FLEDA ALZENA JONES

Receptionist, YWCA  
Chicago, Illinois

Anthropology

A good - maybe not top - student  
That she went right on (in spite  
of not getting award last year)  
is strongly in her favor

Top letters from Krogman + Herodovity

A very specialized, basic  
biological - anthropological  
problem

If we give award, better explain  
we can't carry her full graduate  
work which - likely to run \$2000.  
more years  
and part not above 1500  
maybe 1200

## FLEDA ALZENA JONES

Student, University of Chicago

## Education

She applied in 1945 + 46 in a very specialized field of anthropology and had strong letters from Krogman and Hertzkoitz. She seems to have abandoned that field and doesn't give any references to her graduate instructors.

This looks like a switch in basic interests. And I suspect it is either following the fashion or a try to get in under our guard.

I don't see (and she doesn't even hint) what she'd do with 2 yr. training after she 1st +
