

Fellowship Committee

9

April 7, 1938

Dear Mr. Moe: You will remember that we set the final meeting of the Rosenwald fellowship committee for the week-end of next week. We are sure that we can clean up the business in one day. Therefore, we are calling the meeting for Saturday, April 16. If you arrive on the Century or Commodore that morning, will you come directly to the office? We shall be glad to reserve a room for you at the Shoreland if there is any likelihood of your staying overnight. If you are in a rush to get back, I think it will be easily possible for you to catch the Century Saturday afternoon, though I hope you may be combining some other business with this trip and will want to stay over.

We had a meeting of those members of the committee who are on our board of trustees in Atlanta last Saturday. We canvassed a number of the doubtful names and decided fairly definitely on a good many of them. This was simply an interim meeting. All of our tentative decisions and the reasons for them will be reported to you next Saturday. We had the meeting partly because it is not certain that Dr. Alexander can be with us next week and we wanted the benefit of his further thought on the doubtful list. Our board added \$5,000 to the amount available for this year's grants. This is \$5,000 more than we were sure of at the last meeting, but \$5,000 less than I had hoped. This will mean further squeezing and the elimination of about three of the doubtful candidates.

Very truly yours,

ERE:JW
