Dear Dr. Ross: I have read your letter
~~of May 25~~ of May 25 with very great
interest. Applications for scholarships in
the research field will be received here
again next fall. Along about September, you
should address Mr. George M. Reynolds,
Director for Fellowships, for application
forms. Awards will be made the following
spring - about April or May. There were
over six hundred applicants this year and
almost none of them were in the field of
medical research.

I hope that I shall be
seeing you in New York this summer, at which
time we may be able to talk out some of these
things.

With very kindest regards,

Sincerely yours,

M. O. BOUSFIELD
