What is your estimate of its probable duration? Two years

Statement of Plan of Work

Submit on separate sheets a statement giving detailed plans for your work during your tenure of a fellowship. This statement should include (1) a description of the project, including its character and scope, and the significance of its presumable contribution; (2) the present state of the project, time of commencement, progress to date, and expectation as to completion; (3) the proposed university, or institution of similar grade, or the place where the work would be carried on, and the authorities, if any, with whom the work would be done; (4) your expectation as to publication or use of the results of your study; and (5) subsequent plans for your career. *This statement should be complete and carefully prepared.* (Please submit one more copy of PLAN OF WORK than the number of your references.)

References

Submit a list of references from whom further confidential information may be obtained concerning your qualifications and from whom expert opinion may be obtained as to the value and practicability of your proposed plan of work:

Name of Reference	Position	Address
Dr. Ralph C. Tallman	Research chemist	16 Cooper Square, New York City
Dr. John R. Johnson	Head of Organic Chemistry Dept.	Cornell University, Ithaca, N.Y.
Dr. Ralph C. Connor	Professor of Chemistry	University of Pennsylvania, Philadelphia, Penn.

If you have applied or expect to apply elsewhere for any fellowship or scholarship for the same period, state the facts regarding such application.
