SCHOLARSHIP

Dear Madam:

Your letter of October 1 addressed to the Superintendent of Central High School asking for a transcript of the credits earned by Miss Madeline Gloria Finn at that school, has been referred to this office for attention since all of the older records of that school are now filed in the Record Room. In replying, may I say that we have been unable to locate any attendance record at the Central for the lady whose name is given above. While your letter stated that she is a graduate of Central it didnot, unfortunately, state when she graduated, nor did it say when she attended that school. Having this information before us enables us to check more accurately for the record of any given person.

I should like very much to give you the record which Miss Finn made at the Central and would be glad to have you let me have the information requested above.

Very truly yours,

C. M. Fraizer
C. M. FRAIZER
Supervising Clerk
