Dear Mr. Embree:

I am delighted that you have appointed Gould Beech to take my place on the Fellowship Committee. He will make a very valuable contribution to the Committee's point of view.

It was with sincere regret that I had to cancel out on you this year. We are in the midst of taking over a large general army hospital in which we propose to house veterans, in addition to the many added chores related to the development of the Medical Center and other new activities, and my time becomes quite involved.

I hope to be in Chicago at the meeting of the National Association of State Universities and will take a chance on calling you when I am there.

With warm personal greetings, I remain

Sincerely yours,

B. Paty
