

JOSIAH CLARK COX

Instructor in Biology, Lincoln University
Pennsylvania

Biology

I don't see any thing high here, in
spite of rather fulsome praise of his
references (including "sterling fellow, witty, grand")

Early marks very poor Cs + Ds

Graduate grades much better - almost straight A's

Is Kansas a top place for his work?

Are certainly good science teachers

but in taxonomy really serious (no stamp collecting)

Name Josiah Clark Cox **Field:** Biology

Instructor in Biology, Lincoln University, Pennsylvania
Route 1, Lincoln University, Pennsylvania

Plan of Work To continue a taxonomic study of the family Pleidae (aquatic Hemiptera) of the world. This will be a continuation of a problem begun as a Master's problem at which time a study of the Pleidae of the Eastern Hemisphere was completed.

Requests grant for one year beginning June 1948. Hopes to work toward the Ph.D. degree in the Department of Entomology at the University of Kansas under the supervision of Dr. H. B. Hungerford.

Personal Data Born Ross, Arkansas, Jan. 1914 **Age:** 33
Married, four dependents

Undergraduate Work University of Kansas, A.B., 1945

Professional University of Kansas School of Pharmacy, 1933-36

Graduate Work University of Kansas, M.A., 1946

Experience Waiter, Union Pacific Railroad Co., Omaha, Neb., 1939-41, \$2400;
instructor, Lincoln University, Pa., 1946-47, \$2400; 1947, \$2750.
