Dear Dr. Staples: I am enclosing an announcement of the fellowship program of the Julius Rosenwald Fund, which outlines in general the scope of the awards. As you may know, we receive a great many applications from persons engaged in college and university work. In the fields of journalism, business, and the ministry, however, we do not have as many applications as we should like.

It has occurred to me that you may know of some outstanding young ministers who would be interested in further preparation for their work. Of course our interest is not at all denominational - we seek only leaders in the various areas. Should you know of promising young men we shall greatly appreciate your calling our program to their attention.

Very truly yours,

GMR:MLU
