DONALD WHEELER WYATT

33

Associate Professor of Social Sciences
Antietam College, Greensboro, N. C.

Social Research and Race Relations

Recd at Lincoln (Penn) ref fair
He failed the course at Pennsylvania
but was given M A

He says "primarily concerned with
effort to pursue academic graduate
work, ultimately to qualify as candidate
for Ph. D." This frank (and demoting)
statement really puts him in
ranks of professional student and
is outside our consideration

Unless C of has some revealing knowledge
there is no evidence of extraordinary
ability of any sort
