Dear Dr. Perry: I wish to acknowledge your letter, and you may be quite sure that I will be on the look-out for a place for you. I hope to have a location by the time you finish school. You are not to consider this as a commitment on my part, but I assure you that you have made no mistake in taking this training because there is going to be a demand for well-trained Negroes in public health.

Very truly yours,

M. O. BOUSFIELD
