Dear Vandl:

A note to remind you that your secretary failed to send the list of names and addresses of heads of art departments. in the Rosenwald arena. I have been making numerous contacts on my own but am running short on points of contact.

Am hard at work at the studio painting some half dozen pictures to supplement the Life pictures due to have a premiere show in Denver the 1st of next year. Winter is here, the children are on their skis and toboggans though the snow is not more than 4" at present. The boys and I pulled down a 4 point buck, so there's plenty of meat and might tasty too as winter was late this year and the deer ~~were~~ ^{are} nice and fat. Will be seein you in March. Best from Paula and the kids.

As ever,

Frank
