## Plan of Work

I wish to take a general course in sociology with the purpose of better understanding possible contributions of the church to rural society and especially to study the question of church cooperation among churches in rural areas and small towns.

Wishes to attend Drew University, Madison, New Jersey, working for M. A. under Dr. Ralph A. Felton. Has been admitted. Probable duration of study one year, beginning in September, 1941. Expects to remain in the South in the ministry but not in present post.
