**MEMORANDUM OF
 SOLAR ENERGY FACILITY LEASE
 AND EASEMENT AGREEMENT**

THIS MEMORANDUM OF SOLAR ENERGY FACILITY LEASE AND EASEMENT AGREEMENT ("Memorandum") is executed as of the date last signed by the parties hereto, by and between Marks Farms Inc. (the "Lessor"), and Blue Solar One LLC, a Delaware limited liability company, together with its assigns ("Tenant").

RECITALS:

- A. Lessor owns the land legally described on Exhibit A-1, attached hereto (the "Land").
- B. Lessor and Tenant have entered into a Solar Energy Facility Lease and Easement Agreement having an effective date of May 16, 2024 (the "Lease"), pursuant to which Lessor has leased to Tenant and granted Tenant certain other rights in, over, on and to that portion of the Land generally depicted on Exhibit A-2, attached hereto (the "Premises"). Tenant may unilaterally amend this Memorandum to delineate the legal description of the Premises upon obtaining a legal description thereof.
- C. Lessor and Tenant now wish to memorialize of record the existence of the Lease and the leasehold, easement and other rights and interests granted by Lessor to Tenant pursuant to the Lease.

NOW, THEREFORE, for good and valuable consideration, Lessor and Tenant hereby agree and acknowledge as follows:

- 1. **Lease Rights.** Lessor leases to Tenant and Tenant leases from Lessor the Premises for the purpose of constructing, installing, operating and maintaining thereon a solar energy conversion system, including but not limited to any Solar Facilities on the Premises.

2. **Exclusivity.** Tenant has the exclusive right to convert all of the solar resources from the Land, to use the Land for the conversion of solar energy into electrical energy and collecting and transmitting the electrical energy so converted, and to undertake all development, construction, monitoring, installation, maintenance and operating activities related, incidental or in any way connected thereto, whether accomplished by Tenant or a third party authorized by Tenant, all as may be deemed necessary or desirable by Tenant.

3. **Easement Rights.** Lessor grants to Tenant an easement over, across, on and through the Land for the conversion of solar power to electric energy. Lessor shall not interfere with and shall not allow any other party to interfere with the unobstructed access of the Solar Facilities to the light of the sun. Any obstruction to insolation for conversion of solar power to electric energy from the Land is prohibited. Lessor may not place or plant any trees, or build or erect structures or improvements on the Land after the date of the Lease which may, in Tenant's sole judgment, impede or interfere with Tenant's ability to convert solar power to electric energy. Tenant shall have the right to trim and/or remove trees and other vegetation from the Land to the extent reasonably necessary to obtain and preserve full exposure of the Solar Facilities to the sun. The solar easement granted hereunder extends across the Land, 360 degrees horizontally from the Solar Facilities and vertically through all space located above the surface of the Land, that is, 180 degrees or such greater angle as may be necessary to extend on and along a line drawn along the surface of the Land from each point along the exterior boundary of the Land through the Land, to a point on the opposite side of the Land. Lessor grants to Tenant an easement over, across, on and through the Land for ingress and egress to the Solar Facilities, including the right to improve existing roads and lanes or to build new roads, the location and dimension of which shall be determined by Tenant in Tenant's sole discretion. Lessor grants to Tenant an easement over, across, on and through the Land for the placement and operation of transmission, distribution and/or communication facilities over and across the Land, the location and dimension of which shall be determined by Tenant in Tenant's sole discretion.

4. **Term.** The term of the Lease and Tenant's rights therein shall be for a period of thirty-five (35) years after the earlier of (i) **December 31, 2028** or (ii) the Commercial Operation Date (as defined in the Lease). Tenant has the option to extend the term for one Renewal Period of ten (10) years, with the Renewal Period commencing upon expiration of the Operating Period.

6. **Miscellaneous.** This Memorandum shall be binding upon and inure to the benefit of the parties hereto, their respective heirs, personal representatives, successors and assigns. Except as otherwise indicated herein, capitalized terms used in this Memorandum are as defined in the Lease. In the event of any conflict between the terms and conditions of this Memorandum and the Lease, the terms and conditions of the Lease shall control. This Memorandum may be executed in two or more counterparts and by the parties on separate counterparts, all of which shall be considered one and the same Memorandum and each of which shall be deemed an original.
