

PROTECT MEDICAID

Our health care just took a major hit: Republicans cut around \$1 trillion from Medicaid and added bureaucratic barriers to accessing care. No administration has ever slashed health care as deeply as the budget bill Republicans passed this summer and President Trump signed into law—and it's all to give tax breaks to billionaires and commit human rights abuses against hardworking immigrants—people who are essential to our care workforce and our communities.

This is unacceptable, and Republican leaders in Congress need to change course now! It's important to speak out so people understand the impact of these cuts. **Here are some ways to show your support for Medicaid and make your voice heard.**

CAPTION 1:

Our health care just took a major hit. Republicans passed—and Trump signed—the deepest health care cuts in history, all to fund tax breaks for billionaires and harm immigrant communities.

More than 17 million people could lose their health insurance. Over 51,000 preventable deaths could occur every year as a result. Hundreds of rural hospitals face immediate risk of closure. Moms, kids, people with disabilities, immigrants, and caregivers are all on the front lines of these cuts.

We're demanding Congress reverse course and protect the health care programs that help us build strong, thriving families. [#ProtectMedicaid](#) [#CanceltheCuts](#)

CAPTION 2:

The deepest health care cuts in U.S. history are now law—slashing \$1 trillion from Medicaid, adding bureaucratic barriers to accessing care, and making it harder for millions to stay insured. The stakes are high, and the damage will be real. But we're meeting this disaster head-on. Instead of standing by, we're continuing to rise for our families, our economy, and our children's futures.

We must put pressure on Congress to reverse course and save our health care! [#ProtectMedicaid](#) [#CanceltheCuts](#)

[TELL YOUR PERSONAL STORY]

For me, and for 80 million people across the country, Medicaid is a lifeline. The future of our health care is uncertain now that Republicans cut \$1 trillion from Medicaid and added bureaucratic barriers to accessing care. We're keeping the pressure on Congress to reverse course and save our health care. Our health, our lives, our communities, our economy, and our futures are at stake in this fight—and we intend to win! [#ProtectMedicaid](#) [#CanceltheCuts](#)
