DEFEND RENTERS

Doug Ford's Bill 60 is an attack on renters that will make it easier for corporate landlords to raise rents and evict tenants.

Bill 60 strips away tenant protections at a time when Ontarians are already struggling with sky-high rents and a housing crisis.

Instead of building affordable homes, Doug Ford is opening the door to more rent hikes, renovictions, and mass evictions, giving corporate landlords even more power.

Ontario is already dead last in home-building. 800,000 Ontarians are out of work, and youth unemployment is nearly 18%. We can't afford for things to get worse.

We need real rent control, fair rules that stop corporate landlords from gouging tenants, and a plan to build the affordable homes we need.

DOUG FORD'S BILL 60: AN ATTACK ON RENTERS

Why it Matters

Imagine living in the same home for 30 years, building your life there, and then getting hit with a rent increase you can't afford.

You try to fight it, but the system is broken and backlogged. Months go by, the bills pile up, and you're forced to pack up your life and leave the place you once called home.

Under Bill 60, these stories will become more and more common.

What is the Ontario NDP proposing?

- **Stop Bill 60** and end the attack on renters.
- **Bring back rent control** with fair rules so rents stay affordable.
- **Fix the LTB backlog** so renters get fair and fast hearings.
- **Close the loopholes** so corporate landlords can't raise rents unfairly.
- **Launch *Homes Ontario*** to build supportive, non-market, and permanently affordable homes.
