Our education system is under attack! Schools need support and funding so that Educators can focus on providing world class education to students.

What's happening?

- Our communities are loosing their local voice to Doug Ford appointed Conservative supervisors.
- These insiders are increasing class sizes for kids, doubling wait times for assessments and closing schools.
- Since 2018, Ontario schools have lost \$6.3 Billion in funding.

What you can do!

- Call & email MPPs to demand investments.
- Organize in our communities, make our local voice loud.
- Attend municipal meetings.
- Share our stories.

The Ontario NDP has students' backs on education!

DOUG FORD'S BILL 33: AN ATTACK ON PARENTS AND STUDENTS

Why it Matters

Imagine your child needing extra help at school, reaching out to your elected trustee for support, and being told an unaccountable Conservative insider is now making all the decisions.

You try to get answers, but the supervisor won't return calls or emails. Months go by, your child falls further behind, and you're shut out of decisions about your own kid's education.

Under Bill 33, parents lose their say, students lose services, and communities lose accountability.

What is the Ontario NDP proposing?

- **Stop the takeovers** and give parents their democratic voice back.
- **Restore the \$6.3 billion** Doug Ford has cut from schools.
- **Invest in supports** that reduce violence and help struggling students.
- **Fix our crumbling schools** and address the \$16.8 billion repair backlog.
- **Keep decisions local** where parents and communities have a say.
