Photocopying and Distribution Policy

Extra copies of the student pages and coloring pages are available as a PDF download at www.welltrainedmind.com.

For families: you may make as many photocopies of the student pages as you need for use WITHIN YOUR OWN FAMILY ONLY. Photocopying the pages so that the book can then be resold is a violation of copyright.

Schools, co-ops, and churches MAY NOT PHOTOCOPY any portion of this Activity Guide without a license. Smaller schools sometimes find that purchasing a set of the pre-copied student pages for each student is the best option. Or you may purchase a classroom license that allows duplication for school, church, or co-op use. For more information, please contact our parent company, Well-Trained Mind Press: email support@welltrainedmind.com; phone 1.877.322.3445.

“The Kingdom of God Grass” Growth Instructions

TO GROW THE PLANT:

Fill the cup halfway with water. Submerge the nylon ball and let it soak in the water overnight.

The next morning, remove the ball and fill the cup with water three-quarters full. Set the craft stick grid on top of the cup. Thread the tail of the ball through the center of the grid so that it dangles in the water (this acts as a wick to draw up the water). Let the ball rest on top of the grid.

Now leave it alone! Just check on it once in a while to refill the water as necessary. It may take a week or so to sprout, depending on the variety of grass you used, but once it does you will have a vibrant plant that requires very little tending. Just like it says in the lesson, the kingdom of God grows like a seed that “does not need to be watered and fed. This seed grows no matter what. Wherever Jesus went and talked about God, people kept coming from all over to listen to Jesus. The kingdom of God got getting bigger and bigger. Nothing could stop it.”
