

#10 Red Conical Anchor Kit w/ Pan Head Combo Drive Screws (Tuff Pack)

Part Number K6COTP
Category Number 4610
UPC 781002296270

The K6COTP Kit is suitable for use in solid and hollow wall, concrete, block, or brick applications. When used in hollow walls, such as drywall or plywood, the wings will splay out to provide a more secure installation and higher pull-out load. The anchor has a lip to prevent falling into deep holes or hollow walls. For hard wall applications, use the size of the anchor to determine hole size for installation. For drywall or soft applications it is recommended to use the smallest hole that will enable a tight fit of the anchor. These anchors are not recommended for use in overhead applications or where holding values are critical.

Physical Characteristics

Anchor Type	Conical
Drive Type	Phillips/Slotted
Head Type	Pan
Screw Size	#10 x 1"
Bit Size	#2
Anchor Diameter	1/4"
Anchor Length	1"
Material	Polyethylene
Color	Red

Packaging Details

Number of Pieces	201
Kit Contains	(100) Conical Anchors, (100) #10 x 1" Phillips/Slotted Sheet Metal Screws, (1) 1/4" Carbide Tipped Masonry Drill Bit
Standard Qty	1
Master Qty	6
Price Per	1
Package Length	3.80
Package Width	3.60
Package Height	3.50
Net Weight	1
Package Weight	1.00
Package Type	Tuff Pack Box

Performance Data

Pre-Drill Size	1/4"
Applications	Solid & Hollow Wall, Concrete, Block, Brick
Special Features	Tapered Body, Collar to Prevent Falling Through Base Material

Certifications

UNSPSC	31162814
RoHS Compliant	Yes
