- Lift cover and pull down ring to activate
- UL, ULC, and CSFM Listed

Description

The Federal Signal Model MPEX Explosion-Proof Pull Station is designed for hazardous locations where flammable gases, vapors, combustible dusts or easily ignitable fibers are present. The unique swing-up front cover exposes a pull-down ring which activates the alarm; this two-step process prevents accidental activation. The MPEX is reset by depressing the shaft and returning the plate to its original position.

Technical Specifications

Shipping Weight	2.7 lbs.
Material	Copper-free cast aluminum
Operating Temp	-31°F to 104°F
Dimensions	6.4" x 3.1" x 4.1"
