PRODUCT SPECIFICATION SHEET

HOLD UP BUTTONS

HUB2 Series

Give your customers the industry standard in high quality Hold-Up Buttons. The switch inside the case is manufactured with gold, silver and copper. We require the highest standard of components and take the extra time to hand-assemble the units in the USA to assure reliability.

- **Gold & Silver Crosspoint Contacts**
- **Brass Terminals**
- **Stainless Steel Spring**
- **Thermoplastic Case and Button**
- **Copper Alloy Blades**
