

# F-Type Coaxial Compression Connector Specification

P/N: F-RG6U-50PK

| S/N | Component         | Quantity | Material               | Color/Finish Coating     |
|-----|-------------------|----------|------------------------|--------------------------|
| 1   | Plastic Cement    | 1        | Polyformaldehyde[POM]  | White                    |
| 2   | Main Inner Body   | 1        | Brass                  | Nickel plating           |
| 3   | Outer Body        | 1        | Brass                  | Nickel plate             |
| 4   | Internal tubule   | 1        | Brass                  | Copper-Tin alloy plating |
| 5   | Nut               | 1        | Brass                  | Nickel plate             |
| 6   | Waterproof O-Ring | 1        | Oil Resistant Adhesive | Black                    |
| 7   | Seal O-ring       | 1        | Silicon rubber         | Blue                     |
| 8   | Color band        | 1        | Silicon rubber         | Blue                     |
