

WALK THROUGH METAL DETECTOR WMD318

18-zones standard

FEATURES

- Eighteen (18) over-lapping detection zones with multiple alarms
- Sensitivity for each zone is adjustable in increments 1-255
- 5.7 inch (14.5 cm) LCD screen
- Infrared remote control
- Sound & LED alarms located on both sides clearly indicate precisely where metal is detected.
- Automatically counts people and alarms
- Secure operation. Only authorized personnel can access the control panel.
- Easy assembly: Ships with only 2 pieces, cables and 8 screws. Simple to follow instructions.
- Completely safe to operate and walk through. Harmless to heart pacemaker, pregnant women, magnetic storage media, etc.
- Durable fire-retardant construction
- No need for manual calibration. Unit runs self-diagnostics and re-calibrates with each power-on
- Modular design makes parts replacement and maintenance simple and easy.
