LOCKER ROOMS

Locker rooms are located within the athletic facility. All visiting volleyball and basketball teams will have access to a team room/locker room. Visiting soccer teams will have access to a locker room located right outside of the soccer complex.

For basketball and soccer, if it is a double header with the women's and men's teams, the same locker room will be used for both teams. The first team will use the locker room and store their gear in the locker room until halftime when they will take it out to the bench with them. After halftime of the first game, the locker room will be available for the second team to begin using and do pregame discussion. At the conclusion of the first game, the visiting team from the first game will be allowed to use the locker room to change and do post-game talk while the second team begins warming up.
