

September, 2025

There aren't words to adequately describe our gratitude for your generosity and support of WBB through this year's PK Challenge. Our \$51,000+ is a record setting amount of money raised- it will allow us to make impactful and immediate enhancements to our program.

Ahead of us is a season full of hard work, success, and new experiences together & we're so lucky to have you all behind us for the ride.

We look forward to making you proud!

What we're up to-

We have entered Week 4 of preseason and the team has definitely hit their stride. The offense is clicking, defensive intensity is picking up and it is clear that the group is connected. We have loved watching their "aha" moments, when things come together, they figure things out collectively, hold each other accountable and push each other. What has been the best to observe is that they've done all of this while maintaining a culture of having fun- understanding the line of being focused but recognizing those lighter moments. We have asked them to focus on our standard of being Elite and they have embraced this- raising expectations and embracing the concept of how they do anything is how they do everything.

Off the court they continue to engage in the campus community - attending home contents supporting our fellow athletes, raising money for the Making Strides Against Breast Cancer Walk (our 16th year participating!) and will be taking a self-defense class later this week as well.

We look forward to the final two weeks of preseason before they get a bit of a break before we hit the ground running with our official practice season kicking off on October 12th!
