### LETTER FROM PRESIDENT WOODROW WILSON.

### THE WHITE HOUSE WASHINGTON.

31 July, 1918.

"I am pleased to know that despite the unusual burdens imposed upon our people by the war they have maintained their schools and other agencies of education so nearly at their normal efficiency. That this should be continued throughout the war and that, in so far as the draft law will permit, there should be no falling off in attendance in elementary schools, high schools or colleges is a matter of the very greatest importance, affecting both our strength in war and our national welfare and efficiency when the war is over. So long as the war continues there will be constant need of very large numbers of men and women of the highest and most thorough training for war service in many lines. After the war there will be urgent need not only for trained leadership in all lines of industrial, commercial, social and civic life, but for a very high average of intelligence and preparation on the part of all the people. I would therefore urge that the people continue to give generous support to their schools of all grades and that the schools adjust themselves as wisely as possible to the new conditions to the end that no boy or girl shall have less opportunity for education because of the war and that the Nation may be strengthened as it can only be through the right education of all its people.

"Cordially and sincerely yours,

"WOODROW WILSON."

# CALENDAR.

# 1920.

# 1919

WEDNESDAY, JUNE 25..... Summer School opens.

TUESDAY, AUGUST 5..... Summer School closes.

WEDNESDAY, SEPTEMBER 17... Opening of Session and Reception of Candidates for Admission.

THURSDAY, SEPTEMBER 18..... Examination for conditioned and unexamined students in Latin and Greek.

FRIDAY, SEPTEMBER 19......Examination for conditioned and unexamined students in English, History and Science.

SATURDAY, SEPTEMBER 20..... Examination for conditioned and unexamined students in Mathematics.

THURSDAY, NOVEMBER 27..... Thanksgiving Day.

TUESDAY, DECEMBER 23..... Commencement of Christmas Vacation.

### 1920

TUESDAY, JANUARY	6	Resumption	of	College	Exercises.

MONDAY, FEBRUARY 2..... Second Term begins.

WEDNESDAY, APRIL 1..... Easter Vacation begins 12 midday.

WEDNESDAY, APRIL 7..... Easter Vacation terminates at 7.00 P. M.

WEDNESDAY, JUNE 16..... Commencement Day.

### ORGANIZATION.

The charter of St. John's College was granted in 1784, and the institution opened in 1789. But under another form and name it had been doing its work during nearly a hundred previous years, and is, therefore, one of the oldest colleges in the country. At the city of St. Mary's, then the capital of Maryland, as early as 1671, the Upper House of the General Assembly passed an Act "for founding and erecting a school or college for the education of youth in learning and virtue." This was followed by the Act of 1696, establishing KING WIL-LIAM'S SCHOOL, which was opened 1701. Here were educated some of the most distinguished sons of Maryland-physicians, lawyers, statesmen, clergymen-and pre-eminent among the brilliant number was William Pinkney, whose learning and eloquence have a national fame. KING WILLIAM'S SCHOOL was, in 1784, merged into St. John's College, which has thus been connected with the State of Maryland from the early times of colonial history. Francis Scott Key, author of our favorite national ode, and Reverdy Johnson, distinguished as a lawyer and a statesman, are among the alumni, and many others, scarcely less eminent, could be mentioned.

### LOCATION AND ACCESS.

The college is pleasantly situated at Annapolis, on the banks of the Severn river, a few miles from the Chesapeake Bay. Nothing in the country surpasses the picturesque beauty of its situation. The college green is spacious, amply shaded, and most attractive to the eye, while the campus, in the rear, is admirably adapted for sports. Bordering the grounds, "College Creek," a branch of the Severn, affords every facility for swimming and boating. Indeed, the situation combines every advantage desirable for a college. The buildings are large, commodious, and well adapted for purposes of both classical and technical education, and accommodate two hundred and fifty students.

Annapolis has hourly trolley communication with Baltimore and Washington, daily steamboat connection with the former city, and telephonic and telegraphic connection with every part of the country.

# BOARD OF VISITORS AND GOVERNORS.

President

(Under the Charter elected annually.) HIS EXCELLENCY, EMERSON C. HARRINGTON, The Governor of Maryland, Annapolis, Md., 1917.

> President (Pro-tem.) HON. ROBERT MOSS. Annapolis, Md.

SECRETARY. L. DORSEY GASSAWAY, Eso., Annapolis, Md., 1891.

(Ex-Officio.) HON. PETER J. CAMPBELL, President of the Senate, Baltimore. Md.

> JOHN B. WHITE, M.A., L.H.D. (Graduate of Geneva College.) Professor of Greek and Latin.

BENJAMIN HARRISON WADDELL, M.A., L.H.D. (Graduate of Washington and Lee University.) Professor of Mathematics.

> REGINALD H. RIDGELY, B.S., M.A. (Graduate of St. John's College.) Professor of Biology.

SIDNEY S. HANDY, B.A., M.A. (Graduate of Columbia University.) Professor of English.

HAROLD BRENTON SCARBOROUGH, B.A., M.A. (Graduate of St. John's College.) Professor of Drawing and Physics.

CLARENCE WILSON STRYKER, B.A., M.A. (Graduate of Union College and Columbia University.) Professor of History and Political Economy.

DUNCAN ELLIOT, U.S.A. Captain U. S. Army. Professor of Military Science and Tactics, and Lecturer on International and Constitutional Law.

LOUIS F. HILDEBRANDT, B.A. (Graduate, and now candidate for Ph.D., at Johns Hopkins University.) *Professor of Modern Languages.* 

# UNIVERSITY OF MARYLAND.

### GENERAL STATEMENT.

ST. JOHN'S COLLEGE has entered into an affiliation with the Schools of Law, Medicine, Dentistry, and Pharmacy of the University of Maryland.

The operation of these working relations is outlined as follows:

FIRST. Seniors in St. John's College must do the number of hours required work as specified in the schedule (page 35) for the Senior class. The remaining hours may be supplied by elective studies in the Law School of Maryland University as comprised in that school. Upon the satisfactory completion of this course the degree of Bachelor of Arts or Bachelor of Science is conferred upon such students at the end of the year. The Professional Degree may be reached in two years more. Students so electing must continue their formal registration in the college, though doing part of their work in the Law School.

SECOND. Students who have completed the Junior year in St. John's College and who have made an approved choice of electives, may, if they desire it, do the entire work of the Senior year in the Medical School of the University. If they successfully complete the work of the first year in the Medical School they are graduated with their class with the degree of A. B. or B. S. from St. John's College.

By taking advantage of this privilege a man may complete the Undergraduate and Medical courses in seven years.

During three of these years, or until he has completed'the work of the Junior class, he is a resident student in St. John's College, and for four years he is a resident in the Medical School in Baltimore.

At the end of the fourth year he receives the A. B. degree, and at the end of seven years the M. D. degree, but credit from the Medical School cannot be accepted in subjects for which credit has already been given in the college of Liberal Arts. THE UNIVERSITY OF MARYLAND is represented by five departments, each having a distinct faculty of instruction.

1st. THE COLLEGE OF LIBERAL ARTS at Annapolis, Maryland. St. John's College, Annapolis, Md., founded in 1696, as King William's School, is by contract of affiliation styled and is recognized as the Department of Arts and Sciences. The curriculum leads to the degree of Bachelor of Arts and Science and Master of Arts. (See pp. 28 and 29.)

2nd. THE SCHOOL OF MEDICINE, in Baltimore, Maryland. This school was established in Baltimore, Md., in 1807, and offers a high grade course in medicine, leading to the degree of Doctor of Medicine, and extending over a period of four years. It represents the Department of Medicine.

3rd. THE SCHOOL OF LAW, in Baltimore, Maryland. This school was opened in 1822 and reorganized in 1865, and is designed by means of a course of study covering three years to qualify its students for the degree of Bachelor of Law, and for a successful practice of the law. It represents the Department of Law.

4th. THE DEPARTMENT OF PHARMACY was established in 1841 as the Maryland College of Pharmacy, and affiliated with the University in 1904. The school is designed to give students a thorough acquaintance with pharmacy, chemistry, materia medica, and pharmacognosy by means of lectures and laboratory training. The course leading to degree of Doctor of Pharmacy extends over two years.

5th. THE DEPARTMENT OF DENTISTRY was founded in 1882, and is designed to teach the art of dentistry as an integral part of the School of Medicine. The course of study leading to the degree of Doctor of Dental Surgery covers a period of three years.

# MEDICAL DEPARTMENT.

### J. M. H. ROWLAND, M.D., DEAN.

### FACULTY OF PHYSIC.

RANDOLPH WINSLOW, A.M., M.D., LL.D., Professor of Surgery.

### FACULTY.

### SEVENTY-FIFTH ANNUAL SESSION.

DAVID M. R. CULBRETH, A.M., Phar. G., M.D., Professor of Materia Medica, Botany and Pharmacognosy.

DANIEL BASE, Ph.D., Professor of Chemistry and Vegetable Histology. HENRY P. HYNSON, Phar.D., Professor of Commercial Pharmacy and Store Practice.

E. FRANK KELLY, Phar.D., Professor of Theoretical and Applied Pharmacy, Dean of Faculty.

CHARLES C. PLITT, Phar. G., Associate Professor of Botany, Materia Medica and Vegetable Histology.

J. CARLTON WOLF, Phar.D., Professor of Dispensing.

ROBERT L. MITCHELL, M.D., Professor of Physiology and Hygiene. H. J. MALDEIS, M.D., Professor of Bacteriology.

LOUIS J. BURGER, Ph.G., LL.B., Lecturer on Pharmaceutical Jurisprudence.

GEORGE STALL, Phar.D., Demonstrator in Dispensing.

\*FRONTIS LENTZ, Phar.D., Associate Professor of Pharmacy.

For catalogue containing all information, address E. F. Kelly, Dean of the Department of Pharmacy, University of Maryland, Baltimore, Md.

\* On leave.

# GENERAL INFORMATION.

### GENERAL REGULATIONS.

A copy of the general rules of the college can be obtained upon application at the President's office.

All students are required to be present promptly on the opening day of the session, but no students except those having special permits from the Faculty will be allowed in the College buildings before the regular day of opening.

Each member of the Senior, Junior and Sophomore classes is allowed, in each term, as many absences from recitations in any study pursued by him in the class of which he is a member, as there are prescribed recitations per week in that study; and for each absence above the number thus allowed, he will be given zero as a recitation mark, and ten demerits.

Each student of the Freshman Class is allowed in each term three absences from recitations, in each study in which four recitations per week are prescribed; two absences in each study in which three recitations are prescribed, and one absence in each study in which two recitations are prescribed.

Excepting these cuts he will be marked zero for each and every absence whatever from recitations, and shall also receive ten demerits if the excuse for the absence is not satisfactory. In this case all absences owing to prolonged illness may be considered by the Faculty, upon the recommendation of the President, or upon the certificate of a recognized physician.

### ABSENCE FROM COLLEGE.

Absence of athletic teams, glee clubs, delegates to the fraternity conventions, etc., is made the subject of special permission, for which application must be made, in every case before the absence, to the Faculty.

All omitted exercises, allowed or excused, must be made up within one week after the resumption of college duties, at a time and place appointed by the instructor whose exercises were omitted. The responsibility in this matter rests with the student. For special reasons the instructor may grant an extention of the time beyond one week. In all cases a student is held responsible for preparation on omitted work whenever involved in review or examination.

Omitted exercises, not allowed or excused (or in any case, if not made up), will be counted as failures in reckoning a student's standing.

### COURSES OF STUDY.

The *College Course* embraces three groups of studies for undergraduates, each occupying four years, viz.:

1 and 2. The Classical and the Latin-Scientific, both of which lead to the degree of Bachelor of Arts.

3. The Scientific course, which leads to the degree of Bachelor of Science.

The scheme of study in the different groups, arranged for the sake of comparison, in parallel columns, will be found on pages 36 to 38, inclusive. In order to obtain one of the abovementioned degrees, a student must have completed satisfactorily the course as herein laid down, but for such as may not be studying for a degree, select courses will be arranged according to the option of the parents or guardians, subject to the approval of the Faculty. On the successful completion of such special courses, certificates will be given.

Post-graduate courses are arranged for those graduates who wish to become candidates for the Master's degree.

### REMARKS ON COURSES.

It is to be seen that in the classical course, the study of Mathematics is discontinued after the Sophomore year, at which point the study of the sciences begins. The classical student will thus devote some time to scientific study, the particular branches being elective. Also, the student of the Latin-Science course, taking no Greek at all, and discontinuing Mathematics at the end of the Sophomore year, enjoys a fuller course of English, and begins the study of Science earlier than the classical student. In the Scientific course, in which neither

Latin nor Greek is required, four years are given to Biology, Physics, Chemistry, and to Mathematics, and three years are given to the study of English. A full course in both French and German is required for every degree.

No student will be permitted to discontinue any study, except at the close of the term, and then only at the written request of his parents or guardian.

Students pursuing a select course may enter any class for which they are fitted, the number of their studies being subject to the direction of the Faculty.

### **REQUIREMENTS FOR ADMISSION FOR SESSION OF 1918-1919 WILL** BE AS FOLLOWS: (15 UNITS REQUIRED.)

All candidates for admission to the College must offer satisfactory evidence of good moral character, and those coming from other colleges must present letters of honorable dismissal.

A candidate who offers credentials from a recognized school showing that he has completed the requirements for entrance as given below will be admitted, provisionally, to the Freshman Class. A candidate who does not offer credentials will be examined upon the work required for entrance.

Whether a student enters by credentials or by examination. he is not given full standing until he has shown by doing satisfactory work that he is able to pursue a college course with success. The requirements for entrance are based upon a four years' preparatory course of study, consisting of four subjects throughout the year. A year's work in a subject with five recitations per week constitutes a unit; four one-hour recitations per week are considered the equivalent of five forty or fortyfive minute recitations per week. The total requirement for entrance is fixed at fifteen units.

The units required for entrance to the various courses are as follows:

CLASSICAL.	LATIN-SCIENTIFIC.
Latin4 units	Latin4 units
${ m English} \ldots 3 { m units}$	${ m English} \dots \dots 3$ units
Mathematics3 units	$\operatorname{Mathematics} \ldots 3 \operatorname{units}$
History2 units	$\operatorname{History} \ldots \ldots 2$ units
Greek2 units	Elective
Elective1 unit	

CIRCULAR OF ST. JOHN'S COLLEGE.

SCIENTIFIC. Mathematics ..... 3 units History ......2 units 

For the Latin-Scientific Course the candidate may select his three elective units from any of those specified below.

To enter the Scientific Course the candidate must present: English, 3 units; Mathematics, 3 units; History, 2 units, and Science, 2 units, making a total of 10 units. In addition, he must offer five units from those specified below.

The following are the numbers of units which can be accepted as elective in each subject:

English	laximur	n 4 1	units
Latin '' 2 ''	"		"
Greek '' 2 ''	,		
German '' 1 ''	"	<u> </u>	
French $\dots$ $\cdots$ $1$	"	<u> </u>	
Spanish '' 1 ''	s	2	"
Mathematics '' 3 ''	"	4	"
	"	4	"
Physics (Theoretical and Practical)	"	1	"
Chemistry (Theoretical and Practical)	"	1	"
Botany, Physical Geography, Zoology and			· .
Biologyeach	"	1	"
Drawing (Mechanical)	"	1	66

If a candidate for admission cannot present the total of fifteen units he may be allowed to enter the Freshman Class, provided his deficiencies do not amount to more than two units, which deficiencies must be confined to no more than two

\* It is suggested that students offer as a minimum in History, History A, Ancient History; History D, American History and Civil Government.

19

### CIRCULAR OF ST. JOHN'S COLLEGE.

subjects. All entrance conditions must be made up as soon as possible, but not later than the end of the Sophomore year.

Blank forms for certification will be furnished approved High Schools and Academies by the College. Certification by the Principal is to be made on these blank forms.

Candidates for entrance to an advanced class in any of the courses are required to pass examinations upon all studies of the course, up to the point at which they seek admission.

The College Faculty will not make itself responsible for providing instructions in subjects in which candidates for matriculation may be conditioned, except in Latin and Greek, and in these branches only in so far as the candidate shows diligence in his work, and a proper appreciation of the instruction provided.

REQUIREMENTS FOR ADMISSION BY DEPARTMENTS.

### Mathematics:

- 1. Arithmetic, including the Metric System (one-half unit). Wentworth and Hill's High School Arithmetic is recommended for preparation.
- 2. Algebra (one and a half units). General Principles and Equations through Quadratics. Well's New Higher Algebra is recommended for preparation.
- 3. Plane Geometry (one unit). Five books. Wentworth's Plane Geometry is recommended for preparation.
- 4. Advanced Algebra (one-half unit). Simultaneous equations of the second degree, the theory of quadratic equations, zero and infinity, indeterminate equations, ratio and proportion, variations, progressions, the binomial theorem for positive, negative and fractional exponents, undetermined coefficients, logarithms, compound interest and annuities, permutations and combinations.
- 5. Solid Geometry (one-half unit). Wentworth's Solid Geometry. Solution of original problems.

### English:

The requirements in English include a course in Composition and Rhetoric (1 unit), the reading and study of classics on the regular list of College Entrance Requirements in English (2 units).

# English Grammar and Composition:

The first object requires instruction in grammar and composition. English grammar should ordinarily be reviewed in the secondary school: and correct spelling and grammatical accuracy should be rigorously exacted in connection with all written work during the four years. The principles of English composition governing punctuation, the use of words, paragraphs, and the different kinds of whole composition, including letter-writing, should be thoroughly mastered; and practice in composition, oral as well as written, should extend throughout the secondary school period. Written exercises may well comprise narration, description, and easy exposition and argument based upon simple outlines. It is advisable that subjects for this work be taken from the student's personal experience, general knowledge, and studies other than English, as well as from his reading in literature. Finally, special instruction in language and composition should be accompanied by the concerted effort of teachers in all branches to cultivate in the student the habit of using good English in his recitations and various exercises, whether oral or written.

### Literature:

The second object is sought by means of two lists of books, headed respectively Reading and Study, from which may be framed a progressive course in literature covering four years. In connection with both lists, the student should be trained in reading aloud and encouraged to commit to memory some of the more notable passages both in verse and in prose. As an aid to literary appreciation, he is further advised to acquaint himself with the most important facts in the lives of the authors whose works he reads and with their place in literary history.

(a) *Reading.* The aim of this course is to foster in the student the habit of intelligent reading and to develop a taste for good literature, by giving him a first-hand knowledge of some of its best specimens. He should read the books carefully, but his attention should not be so fixed upon details that he fails to appreciate the main purpose and charm of what he reads.

 $\mathbf{20}$ 

# FOR STUDENTS ENTERING 1919-20.

With a view to large freedom of choice, the books provided for reading are arranged in the following groups, from each of which at least two selections are to be made, except as otherwise provided under Group I.

GROUP I. CLASSICS IN TRANSLATION. The Old Testament, comprising at least the chief narrative episodes in Genesis, Exodus, Joshua, Judges, Samuel, Kings, and Daniel, together with the books of Ruth and Esther; the Odyssey, with the omission, if desired, of Books I, II, III, IV, V, XV, XVI, XVII; the Iliad, with the omission, if desired, of Books XI, XIII, XIV, XV, XVII, XXI; the Aeneid. The Odyssey, Iliad, and Aeneid should be read in English translations of recognized literary excellence.

For any selection from this group, a selection from any other group may be substituted.

GROUP II. DRAMA. Shakespeare: A Midsummer Night's Dream; The Merchant of Venice; As You Like It; Twelfth Night; The Tempest; Romeo and Juliet; King John; Richard the Second; Richard the Third; Henry the Fifth; Coriolanus; Julius Cæsar;\* Macbeth;\* Hamlet.\*

GROUP III. PROSE FICTION. Malory: Morte d'Arthur (about 100 pages); Bunyan: Pilgrim's Progress, Part I; Swift: Gulliver's Travels (voyages to Lilliput and Brobdingnag) : Defoe: Robinson Crusoe, Part I; Goldmith: The Vicar of Wakefield; Frances Burney: Evelina: Scott's Novels, any one; Jane Austen's Novels, any one; Maria Edgeworth: Castle Rackrent or The Absentee; Dicken's Novels, any one; Thackeray's Novels, any one; George Eliot's Novels, any one; Mrs. Gaskell: Cranford; Kingsley: Westward Ho! or Hereward, the Wake; Reade: The Cloister and the Hearth; Blackmore: Lorna Doone; Hughes: Tom Brown's School Days; Stevenson: Treasurer Island, or Kidnapped, or The Master of Ballantrae: Cooper's Novels, any one; Poe: Selected Tales; Hawthorne: The House of the Seven Gables, or Twice Told Tales, or Mosses from an Old Manse; a collection of short stories by various standard writers.

GROUP IV. ESSAYS, BIOGRAPHY, ETC. Addison and Steele: The Sir Roger de Coverley Papers or selections from The Tatler and The Spectator (about 200 pages); Boswell: Selections from the Life of Johnson (about 200 pages): Franklin: Autobiography; Irving: Selections from the Sketch Book (about 200 pages), or Life of Goldsmith; Southey: Life of Nelson: Lamb: Selections from the Essavs of Elia (about 100 pages); Lockhart: Selections from the Life of Scott (about 200 pages); Thackeray: Lectures on Swift, Addison, and Steele in the English Humourists; Macaulay: Any one of the following essays: Lord Clive, Warren Hastings, Milton, Addison. Goldsmith. Frederic the Great. Madame d'Arblav: Trevelvan: Selections from the Life of Macaulav (about 200 pages); Ruskin: Sesame and Lilies or selections (about 150 pages); Dana: Two Years Before the Mast; Lincoln: Selections, including at least the two Inaugurals, the Speeches in Independence Hall and at Gettysburg, the Last Public Address, the Letter to Horace Greelev, together with a brief memoir or estimate of Lincoln: Parkman: The Oregon Trail: Thoreau: Walden: Lowell: Selected Essays (about 150 pages): Holmes: The Autocrat of the Breakfast Table: Stevenson: An Inland Voyage and Travels With a Donkey; Huxley: Autobiography and selections from Lay Sermons, including the addresses on Improving Natural Knowledge, A Liberal Education, and A Piece of Chalk; a collection of Essays by Bacon, Lamb. De Quincev, Hazlitt, Emerson, and later writers: a collection of Letters by various standard writers.

GROUP V. POETRY. Palgrave: Golden Treasury (First Series), Books II and III, with special attention to Dryden, Collins, Grav. Cowper, and Burns; Palgrave: Golden Treasury (First Series), Book IV, with special attention to Wordsworth, Keats and Shelley (if not chosen under Study); Goldsmith: The Traveller and The Deserted Village; Pope: The Rape of the Lock: a collection of English and Scottish ballads. as, for example, some Robin Hood ballads. The Battle of Otterburn, King Estmere, Young Beichan, Bewick and Grahame, Sir Patrick Spens, and a selection from later ballads; Coleridge: The Ancient Mariner, Christabel, and Kubla Khan; Byron: Childe Harold, Canto III or IV, and The Prisoner of Chillon: Scott: The Lady of the Lake of Marmion: Macaulay: The Lavs of Ancient Rome, The Battle of Naseby, The Armada. Ivry: Tennyson: The Princess, or Gareth and Lynette. Lancelot and Elaine, and The Passing of Arthur; Browning:

### CIRCULAR OF ST. JOHN'S COLLEGE.

Cavalier Tunes, The Lost Leader, How They Brought the Good News from Ghent to Aix, Home Thoughts from Abroad, Home Thoughts from the Sea, An Incident of the French Camp, Hervé Riel, Pheidippides, My Last Duchess, Up at a Villa— Down in the City, The Italian in England, The Patriot, The Pied Piper, "De Gustibus"—, Instans Tyrannus; Arnold: Sohrab and Rustum and The Forsaken Merman; selections from American Poetry, with especial attention to Poe, Lowell, Longfellow, and Whittier.

### Study.

This part of the requirement is intended as a natural and logical continuation of the student's earlier reading. Greater stress is laid upon form and style, the exact meaning of words and phrases, and the understanding of allusions. For this close reading the books are arranged in four groups, from each of which one selection is to be made.

GROUP I. DRAMA. Shakespeare : Julius Cæsar ; Macbeth ; Hamlet.

GROUP II. POETRY. Milton: L'Allegro, Il Penseroso, and either Comus or Lycidas; Tennyson: The Coming of Arthur, The Holy Grail, and The Passing of Arthur; the selections from Wordsworth, Keats, and Shelley in Book IV of Palgrave's Golden Treasurer (First Series).

GROUP III. ORATORY. Burke: Speech on Conciliation with America; Macaulay: Speech on Copyright, and Lincoln: Speech at Cooper Union; Washington: Farewell Address, and Webster: First Bunker Hill Oration.

GROUP IV. ESSAYS. Carlyle: Essay on Burns, with a selection from Burns's Poem; Macaulay: Life of Johnson; Emerson: Essay on Manners.

### Examination.

The examination will be divided into two parts, one of which (English) will be on grammar and composition, and the other (English 2) on literature:

In grammar and composition, the candidate may be asked to construe sentences, to parse individual words, and to correct mistakes in usage. The main test in composition will consist of one or more essays, developing a theme through several paragraphs; the subjects will be drawn from the books listed above under *Reading*, from the candidate's other studies, and from his personal knowledge and experience quite apart from reading. For this purpose several subjects, perhaps eight or ten, will be indicated, from which the candidate may make his own selections.

The examination in literature will include: (1) General questions designed to test such a knowledge and appreciation of literature as may be gained by fulfilling the requirements defined under *Reading* above. The candidate will be required to submit a list of the books read in preparation for the examination, certified by the principal of the school in which he was prepared; but this list will not be made the basis of detailed questions: (2) More particular questions upon the content, form, and structure of the books prescribed for *Study*, and upon the meaning of such words, phrases, and allusions as may be necessary to an understanding of the works and an appreciation of their salient qualities of style. General questions may also be asked concerning the lives of the authors, their other works, and the periods of literary history to which they belong.

However accurate in subject-matter, no paper will be considered satisfactory if seriously defective in punctuation, spelling, or other essentials of good usage.

### History.

1. Ancient History (one unit).

Special attention to Greek and Roman history, but including also a short introductory study of the more ancient nations and the chief events of the early Middle Ages, down to the death of Charlemagne (814).

2. Medieval and Modern European History (one unit).

From the death of Charlemagne to the present time.

3. English History (one unit).

4. American History and Civil Government (one unit).

The examination in history will be so framed as to require comparison and judgment on the pupil's part rather than mere memory. The examinations will pre-suppose the use of good text-books, at least 600 duodecimo pages of collateral reading, and practice in written work. Historical novels, plays or poems will not be accepted in fulfillment of the requirement of collateral reading. The methods of instruction which the examinations in History and Civil Government presuppose are substantially identical with those set forth in A*History Syllabus for Secondary Schools* (D. C. Heath & Co.); and the references for collateral reading given in that manual may be taken as indications of the kind of collateral reading that should be done.

These requirements are the same as those of the College Entrance Examination Board in History, a, b, c, d.

### FOREIGN LANGUAGE.

### Latin.

I. Amount and range of the reading required.

- (1) The Latin reading, without regard to the prescription of particular authors and works, shall be not less in amount than Cæsar, Gallic War, I-IV; Cicero, the orations against Cataline, for the Manilian Law and for Archias; Vergil, Aeneid, I-VI.
- (2) The amount of reading specified above shall be selected from the following authors and works: Cæsar (Gallic War and Civil War) and Nepos (Lives); Cicero (orations, letters, and De Senectute) and Sallust (Cataline and Jugurthine War); Vergil (Bucolics, Georgics, and Aeneid) and Ovid (Metamorphoses, Fasti, and Tristia).

II. Scope of the Examinations.

- (1) *Translation at Sight*. Candidates will be examined in translation at sight of both prose and verse. The vocabulary, constructions, and range of ideas of the passages set will be suited to the preparation secured by the reading indicated above.
- (2) Prescribed Reading. Candidates will be examined also upon the following prescribed reading:
  - In 1919. Cicero, orations for the Manilian Law, and for Archias Vergil, I, II, and either IV or VI at the option of the candidate.

In 1920, 1921, and 1922. Cicero, the third oration against Cataline and the orations for Archias and Marcellus; Vergil, Aeneid, II, III, and VI.

Accompanying the different passages will be questions on subject-matter, literary and historical allusions, and prosody. Every paper in which passages from the prescribed reading are set for translation will contain also one or more passages for translation at sight; and candidates must deal satisfactorily with both these parts of the paper, or they will not be given credit for either part.

(3) Grammar and Composition. The examinations in grammar and composition will demand thorough knowledge of all regular inflections, all common irregular forms, and the ordinary syntax and vocabulary of the prose authors read in school, with ability to use this knowledge in writing simple Latin prose.

### SUBJECTS FOR EXAMINATION.

Latin 1, 2, 4, and 5 are counted as one unit each, 3 as two units, and 6 as one-half unit; but 3 has no assigned value unless offered alone; 1, 2, and 6 have no assigned values unless offered with 4 and 5, and in no case is the total requirement to be counted as more than four units.

1. Grammar: The examination will presuppose the reading of the required amount of prose (see I, 1 and 2), including the prose works prescribed (see II, 2).

2. Elementary Prose Composition: The examination will presuppose the reading of the required amount of prose (see I, 1 and 2), including the prose works prescribed (see II,2).

3. Second Year Latin: It will presuppose reading not less in amount than Cæsar, Gallie War, I-IV, selected by the schools from Cæsar (Gallie War and Civil War), and Nepos (Lives); but the passages set will be chosen with a view to sight translation. The paper will include easy grammatical questions and some simple composition.

4. Cicero (orations for the Manilian Law and for Archias) and Sight Translations of Prose: The examination will pre-

Courses A and Aa may be absolved as French I of the College curriculum.

Course B may be absolved as French II of the College curriculum.

Spanish.

A. First year, one unit.

Elementary Spanish.

Aa. Second year, one unit.

Continuation of Elementary Spanish.

Courses A and Aa may be absolved as Spanish I of the College curriculum.

The above courses are based upon the recommendations contained in the Report of the Committee of Twelve which have been adopted by the College Entrance Examination Board.

N. B.—The courses in German and French as offered in the College are found on pages 44 and 45 of this catalogue.

### SCIENCE.

For the required units in Science, Physics and Botany are recommended, but Chemistry, Zoology, Physiology and Physical Geography may be offered. About one-half of the time given to a subject should be devoted to laboratory work, two periods of which are counted as equivalent to a prepared recitation.

### EXAMINATIONS FOR ADMISSION.

The regular examinations for admission are given according to the following schedule:

### 1919.

THURSDAY,	Sept.	18 - 9.00	a.	m., Latin; 2.30 p. m., Greek.
Friday,	" "	19-9.00	a.	m., English and History;
				2.30 p. m., Science.
SATURDAY,	"	20-9.00	a.	m., Mathematics.

1920.

WEDNESDAY, JUNE 2-9.00 a. m., Latin; 2.30 p. m., Greek. THURSDAY, '' 3-9.00 a. m., English and History; 2.30 p. m., Science. FRIDAY, '' 4-9.00 a. m., Mathematics.

CIRCULAR OF ST. JOHN'S COLLEGE.

suppose the reading of the required amount of prose (see I, 1 and 2).

5. Latin 1, 2, and 4 combined: Vergil (Aeneid I, II and either IV or VI, at the option of the candidate) and Sight Translation of Poetry: The examination will presuppose the reading of the required amount of poetry (see I, 1 and 2).

6. Advanced Prose Composition.

## Greek.

1. Grammar (one unit).

A thorough knowledge of declensions and conjugation of regular verbs. White's First Greek Book is recommended for preparatory study.

2. Reading (one unit).

Four books of Xenophon's Anabasis and Prose Composition. For one book of Anabasis, one book of Homer may be substituted.

### German.

- A. First year, one unit. Elementary German.
- Aa. Second year, one unit. Continuation of Elementary German.
- B. Third year, one unit. Intermediate German.
- C. Fourth year, one unit. Advanced German.

Courses A and Aa may be absolved as German I of the College curriculum.

Course B may be absolved as German II of the College curriculum.

### French.

- A. First year, one unit. Elementary French.
- Aa. Second year, one unit.
  - Continuation of Elementary French.
- B. Third year, one unit. Intermediate French.
- C. Fourth year, one unit. Advanced French.

# RE-EXAMINATIONS AND EXAMINATIONS OF CONDITIONED STUDENTS.

Students having examinations to pass or conditions to make up will present themselves for examination according to the schedule of examinations for admission. Those failing to report on the appointed days will be held for their conditions and will not be allowed to proceed with their studies in a higher class.

Candidates for admission to any higher class must be examined in all previous studies of the class they enter.

### FACULTY ADVISER.

Every student on entering the college shall be assigned by the President of the college to some member of the Faculty, who is to act as his adviser, and give him helpful counsel relating to his college life.

For the assignment of students to classes at the opening of each term, a Committee, consisting of three members of the Faculty, with the Secretary of the Faculty as adviser, will receive all statements and credentials of entrance examinations, and make out all student schedule cards, on which shall be included all back work in which the student is deficient, and shall set the limit of time allowed for making up conditions.

All students on arrival at college are required to report to this Committee, bringing with them their credentials, if these have not already been submitted, in advance.

### TERMS AND VACATIONS.

The Annual Commencement of the College takes place on the third Wednesday in June.

The collegiate year begins on the third Wednesday in September and ends on the third Wednesday in June. The year is divided into two equal terms.

The regular vacations extend from the Third Wednesday in June to the third Wednesday in September, from the 23rd of December to the first Monday in January, both inclusive, and from the Wednesday before Easter through to Wednesday after Easter. The day of Public Thanksgiving, appointed by the Governor of Maryland, or by the President of the United States, is also a holiday.

### DEGREES.

The following academic degrees are conferred by the College:

1. The degree of *Bachelor of Arts*, conferred after the satisfactory completion of the Classical course.

2. The degree of *Bachelor of Arts*, conferred in like manner upon graduates in the Latin-Scientific course.

4. The degree of *Master of Arts*, conferred after the completion of the Post-Graduate course, and upon the recommendation of the Faculty.

Candidates for the degree of Master of Arts are required to select at least two of the departments of study specified in this catalogue, and under the direction of the professors of these departments to pursue their studies for the two years of the Post-Graduate course, submitting to them such essays, or undergoing such oral or written examination, as may be required to test their qualifications for this degree.

Any graduate of the college who shall have been admitted a member of one of the learned professions, or who shall have obtained a diploma from any Law, Medical, Theological, or Scientific school, shall be entitled to the Master's degree, three years after his graduation. The degree of Master is not conferred *in course*, but only on evidence of proficiency in advanced studies as above indicated.

### HONORS.

First and second honors on graduation day are given to those students, respectively, who shall have obtained the highest and next highest average mark in all studies from the beginning of the Sophomore year.

### REGULATIONS FOR ACADEMICAL COSTUMES.

All candidates for degrees are required to wear, on Commencement Day, a black silk or stuff gown of the shape and pattern adopted by the Board of Visitors, also an academical cap of the usual pattern.

Graduates are also entitled to wear hoods of the following description:

CIRCULAR OF ST. JOHN'S COLLEGE.

B. A.—A hood of black stuff, lined with black silk, edged on the inside with a narrow border of old gold silk.

B. Sc.—A hood, as above, edged on the inside with cardinal silk.

M. A.—A hood of black silk with a full lining of old gold silk.

Рн. D.—A hood of scarlet cloth with a full lining of pale yellow silk.

L. H. D.—A hood of scarlet cloth with a full lining of gold silk.

LL. D.—A hood of scarlet cloth with a full lining of cardinal silk.

D. D.—A hood of scarlet cloth with a full lining of white silk.

Members of the Faculty of St. John's College, who have been graduated from some other college or university, are entitled, by order of the Board of Visitors and Governors, to wear the same gowns and hoods, respectively, indicative of their degree, as those who are graduates of this college.

### LITERARY SOCIETIES.

There are two Literary Societies (the Philokalian and the Philomathean) among the students, which afford opportunities for the cultivation of composition and debate. An oration is usually delivered before the societies, upon the Monday and Tuesday preceding Commencement Day, by some gentleman selected by them.

No student shall be graduated from the college who shall not have made satisfactory adjustment of his financial obligations to the literary society of which he has been a member.

The Collegian, a weekly newspaper, is published by students of the College. Those students who serve upon the Collegian board, and satisfactorily fulfill their obligations, are awarded hours of credit in the English department.

PUBLIC WORSHIP AND RELIGIOUS INSTRUCTION.

The exercises of each day are opened with the reading of the Scriptures and prayer in the College Chapel.

During the period of a student's residence at college every opportunity will be afforded for the fullest development of the Christian character. The study of Christian Evidence is assigned an important part in the college curriculum. All students are required to attend public worship on Sunday and at other times at such church as their parents may direct. Arrangements have been made by the college authorities with the clergy of the several denominations of Annapolis, by which students may enjoy the advantages of special instruction in the tenets of their respective churches. \_

The President holds a Bible Class every Sunday morning in the College Chapel from 9.45 to 10.30, to which all students of whatever denomination are invited.

### EXAMINATION.

Written examinations on the studies of the entire term are held at the close of each term. The marks of these examinations are combined with the marks for daily recitations, to make up the student's standing for the term. Any student, whose examinations at the close of a year shall evince an incapacity on his part to pursue with advantage the studies of the class to which he belongs, will have offered to him on the first day of the next year, an opportunity to retrieve his lost position, and in default of doing so, will be reduced to a lower class.

A student deficient in knowledge, or persistently neglectful of any study, is at any time liable to be reduced to a lower class in that study.

No special examination is granted except upon a physician's certificate of sickness on the day of examination, or other cause which the Faculty may accept as adequate ground.

### MERIT ROLL.

A merit roll is kept, and each recitation is noted on the grade of from 0 to 5. In order to pass from a lower to a higher class in any study, each student must obtain an average of 3.0 on the recitations and on the examinations of the whole session. This average is arrived at by taking twice the recitation mark, adding thereto the examination mark and dividing the result by 3.

Formula, 
$$\frac{2R + E}{3} = Average.$$

Provided also, that the examination mark in that study be not less than 2.75. In all examinations granted under special conditions, a mark of 3.25 is required as a satisfactory or passing mark.

Demerits will be given for absences not excused, and for violations of college regulations. Reports respecting conduct and scholarship will be sent every month to the parents or guardians of students. Whenever any student of the college has 100 demerits for any term, or 150 for the year, he must leave the institution. Members of the Freshman Class are allowed 125 demerits for the first term, and a maximum of 200 for the whole year. Day students are allowed 60 per cent of the number allowed boarding students.

Certificates of Distinction of the First and Second Grade are presented to those students in any class who shall have obtained an average of 4.5 and of 4, respectively, in all their studies, and shall have been satisfactory in conduct for the academic year.

Students who have obtained an average of 4.5 in any one branch of study are honorably mentioned; but no student is honorably-mentioned, nor is any certificate of degree conferred upon any student who has failed to receive the passing mark (3) in any study for the academic year.

### HONOR SYSTEM.

Resolutions, approved by the Faculty, have been adopted by the whole body of students to introduce and enforce the honor system in the recitation rooms, and also during examinations.

### EXEMPT SYSTEM.

The Faculty has approved the following plan of exemption from term examinations. A term average of 4.00 shall be a minimum grade on which a student may be exempted from term examinations. Under this system no zeros in excess of cuts may be excused, but students whose grades have been lowered by necessary absence may, under direction of the Instructor, make up their work, and the zeros shall then be of no effect.

### ATHLETIC ELIGIBILITY.

No student who has failed in the preceding month to reach an average of 3.00 in each study, in a course amounting to twelve hours per week, shall be allowed to represent the college on any athletic team in any public contest.

It is provided, however, that any student so debarred, may, at the end of two weeks, require from the professor of that subject for which he was debarred, his average for these two weeks. If the average is three, or above, for that time, then the disability shall be removed.

# THE COLLEGE YOUNG MEN'S CHRISTIAN ASSOCIATION.

The College Young Men's Christian Association is an important factor in the religious and moral life of the student body. Mr. Guy C. Mitchell, as Resident Secretary, and the Student Cabinet have charge of the active work and the direction of the Association. In addition to the regular weekly meetings on Wednesday evenings, there is an assemblage in the Chapel at 9.00 A. M., when an address is delivered by some well-known speaker on a topic bearing upon some important phase of college life. The Glee, Mandolin and Dramatic Clubs are also under the direction of this organization.

A comfortable suite of rooms is provided in the College buildings for the use of the Association.

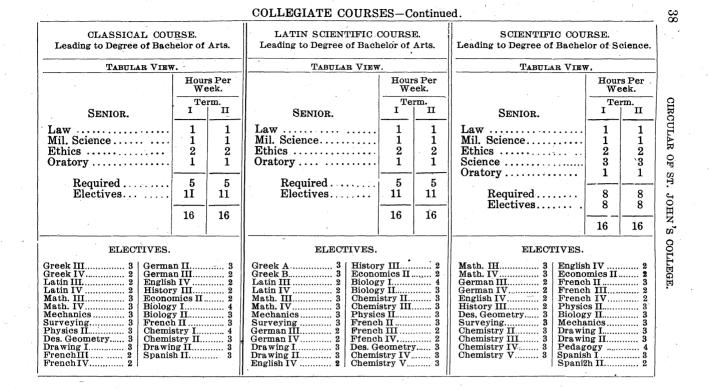

Parents and Guardians are, therefore, urged to encourage the students to become members of the "Y" as soon as possible after their arrival at the College.

### DEPARTMENTS.

The course of instruction embraces the departments following:

I. Mental and Moral Science - Including Metaphysics.

II. Pedagogy — Including History of Education.

III. History and Economics — Including Mediæval, Modern and Constitutional History; and Economics, Politics and Sociology.

IV. English — Including English and American Literature, English Language, Composition, Debating and Oratory.

V. Ancient Languages — Including the Greek and Latin Languages; Antiquities and Mythology, and the History of Greek and Roman Literature.

VI. Modern Languages — including the French, German and Spanish Languages and Literature.

VII. Mathematics — Including Pure Mathematics, Mechanics, and Surveying.

VIII. Physics and Mechanical Drawing.

IX. Chemistry.

X. Biology and Geology.

XI. Politics - Including Constitutional and International Law.

XII. Military Science and Tactics - Including Sanitation and Hygiene.

DEPARTMENT OF MENTAL AND MORAL SCIENCE.

*Ethics* — The study of ethics, which extends through the first term, embraces the study of psychology, also the consideration of pure morality and positive authority, the latter including civil government, with the doctrine of the State, divine governmental and family government.

Christian Evidences — A course of study on Theism, Christian Evidences, and the religions of the world extends through the second term of the Senior year, two hours per week.

DEPARTMENT OF EDUCATION. (Open to Juniors and Seniors.)

### I. History of Education.

Educational system and ideals of the Greeks and Romans; the systems of the Middle Ages and beginnings of modern education.

Two hours throughout the year. Wednesday, 9.00 o'clock; Thursday, 11.00 o'clock.

II. High School Organization and School Management.

This course includes, Class Management; School discipline; Student activities; Differentiation of courses; Electives; The Junior High School; Programme making; Supervised study; School hygiene; Community relations; and other matters pertaining to the Secondary School.

One hour throughout the year. Fridays, 9.00 o'clock.

### III. Educational Psychology.

Principles of education, including the study of Instincts; Habits; Sensation; Imagination; Memory; Attention, and Interest.

Two hours. Second semester.

IV. Principles of Secondary Teaching and Special Methods. Technique of Instruction and special methods as ap-

plied to subjects taught in the High School curriculum. Two hours throughout the year. Mondays, 11.00 o'clock: Tuesdays, 11.00 o'clock.

Students who complete satisfactorily the above courses will be permitted to teach in the High Schools of Maryland three years without examination.

## DEPARTMENT OF HISTORY AND ECONOMICS. Professor C. W. Stryker.

History I. Mediaeval European History.

This course covers the period from the decline of the Roman Empire to the eighteenth century. Topical treatment, with reading in primary and secondary sources is accompanied by map work, lectures and quizzes.

Required of all Freshmen. Three hours weekly through the year. (Monday, Wednesday, Friday, 11 A. M.)

### CIRCULAR OF ST. JOHN'S COLLEGE.

History II. Modern European History.

This course is a continuation of History I until the present time, and History I is a prerequisite. Method as above.

Required of all Sophomores. Two hours weekly through the year. (Tuesdays and Thursdays, 8 A. M.)

# History III. History of the United States.

An advanced course in United States History, embracing the political, economic, and social development of the United States. Topical method with assigned readings; reports and quizzes. This course is given in 1917-1918 and on alternate years thereafter. History I and History II are prerequisites for this course.

Elective for Juniors and Seniors. Two hours weekly. (Wednesday, 10 A. M.; Friday, 12 M.)

History IV. Constitutional History of England and the United States.

This course traces the development of English government and political ideas to the Revolution of 1688 in the first semester, as the foundation of American political institutions. In the second semester the course deals with the development of the American Constitution. This is a lecture course with parallel readings and semester reports on assigned topics. History I and History II are prerequisite. This course alternates with History III.

Elective for Juniors and Seniors. Two hours weekly. (Wednesdays, 10 A. M.; Fridays, 12 M.)

Economics I. Elementary Course in the Theory of Economics.

A course in the chief phases of economic development and the essential laws and concepts of economics. Textbook.

Required of all Juniors. Two hours weekly through the year. (Tuesdays, 11 A. M.; Thursdays, 10 A. M.)

### Economics II.

44

A lecture course on some of the important economics, social, and political problems of the day. Economics I is a prerequisite for this course.

Elective for Seniors. Two hours weekly. (Tuesdays, 9 A. M.; Thursdays, 11 A. M.)

# DEPARTMENT OF ENGLISH.

### Professor S. S. Handy.

The following courses are offered annually:

English I.

ADVANCED COMPOSITION — Theme writing, based on specimens of exposition, description and narration.

FIRST SEMESTER — Three hours a week. Prescribed for all Freshmen.

PRINCIPLES OF ARGUMENTATION — Practice in argumentative writing and in debating.

SECOND SEMESTER — Three hours a week. Prescribed for all Freshmen.

### English II.

The history of English Literature in outline. The growth of the language and the development of the literature from the Anglo-Saxon period to the present are sketched in lectures, and some of the more important works are assigned for reading by the students and discussion in class. Written reports are required from time to time. Two hours a week. Prescribed for all Sophomores.

### English III.

Shakespeare. The leading plays will be read, reported on, and carefully discussed in class. Special attention will be given to the development of Shakespeare's dramatic art and to his place in Elizabethan drama.

First semester, two hours a week. Open to Juniors and Seniors.

American Literature. Lectures, discussions, reports and assigned readings. A survey of American literature from the colonial period to the end of the nineteenth century. Emphasis will be placed upon the expression of national and sectional ideals, and to the development of the more important types of contemporary literature.

Second semester, two hours a week. Open to Juniors and Seniors.

# English IV.

*Prose Fiction.* The course deals with the origins of the novel in mediæval romance, its development through the Elizabethan period, and its modern form from Richardson to the present. The course closes with a survey of the chief novel writers of the day.

First semester, two hours a week. Open to Juniors and Seniors.

The Romantic Poets. Several of the romantic poets of the earlier nineteenth century (Wordsworth, Byron, Shelley and Keats) will be studied. The beginnings of the romantic movement will be traced. Lectures, reports and assigned readings.

Second semester, two hours a week. Open to Juniors and Seniors.

# Logic.

The study of formal logic. Recitations and class-room exercises. Two hours a week the first semester.

### Elocution.

The principles of public speaking are studied, and practices in the delivery of speeches is given. Two hours a week the second semester. Prescribed for all Juniors.

### Public Speaking.

Practice in the delivery of original speeches, both prepared and extemporaneous. Training in the composition as well as in the delivery of speeches. One hour a week. Prescribed for all Seniors.

### DEPARTMENT OF ANCIENT LANGUAGES.

Professor White.

Professor Rippere.

### LATIN LANGUAGE AND LITERATURE.

Latin.

46

The study of Latin extends through the Classical and the Latin-Scientific Courses, being required in the Freshman and Sophomore years, and elective in the Junior and Senior years.

In the work of the Freshman year special attention is given to the structure of the Latin sentence, as illustrated in select portions of Livy and Cicero, and as unfolded through frequent exercises in Latin prose composition. But the chief object of the courses is the study of Latin Literature, through a critical reading of selections from the most important authors in historical succession.

Latin I. Four hours per week. Prof. Rippere.

Livy, Books XXI and XXII. Exercises in prose composition and sight reading. First term.

Terence, Phormio; Plautus, Trinummus. Prose composition. Second term.

Latin II. Three hours per week. Prof. White.

First term, Odes and Epodes of Horace; Mythology and Prose Composition.

Second term, Letters of Cicero, Collateral Reading and reports on Special Topics and Prose Composition.

Latin III. Two hours per week. Prof. Rippere.

Suetonius, Lives of the Emperors. First term. Juvenal, Satires. Second term.

Special attention will be paid to the literary value and the historical setting of the books. Also collateral readings and reports on special topics.

Latin IV. Two hours per week. Prof. Rippere.

Tacitus, Selections from the "Histories." First term. Seneca, Tragedies. Second term.

Lectures on Roman life and literature will also be given, and collateral readings assigned.

# DEPARTMENT OF GREEK LANGUAGE AND LITERATURE

CIRCULAR OF ST. JOHN'S COLLEGE.

### Professor White.

Greek—The student will have daily exercise, both orally and at the blackboard, in translating into Greek. Such a drill will be given upon every point of grammar, that this subject will be thoroughly mastered. Lectures will be given in the Freshman and Sophomore classes upon Greek Mythology, Manners and Customs, and History of Greek Literature and Greek Art. During the Sophomore and Junior years, daily practice will be had in reading at sight. In addition to the prescribed course, one weekly exercise, illustrative of the style and the vocabulary of the author read, will be required. An advanced course may also be pursued in the Senior year.

Greek I. Freshman Class. Four hours per week.

Homer's Iliad and Odyssey, first term. Xenophon's Memorabilia, second term. Prose Composition throughout the year.

Greek II. Sophomore year. Three hours per week.

Herodotus, Books VI and VII, first term. Plato's Apology and Crito, second term. Prose Composition throughout the year.

Greek III. Three hours per week.

Demosthenes: De Corona, first term. Aristophanes and Euripides, second term.

Greek IV. Two hours per week.

Sophocles, and lectures on the Attic Theatre, first term. Aeschylus; Review of Greek Literature; second term.

# DEPARTMENT OF MODERN LANGUAGES.

### Professor Hildebrandt.

A student in the Classical Course may satisfy the requirements for graduation in Modern Languages by two courses in Modern Languages.

### 49

French IV. Two hours per week.

A course in reading Scientific French for students who have had French II or its equivalent.

Spanish I. Three hours per week.

A practical course in Spanish, corresponding in aim and method to French I or German I.

Spanish II. Two hours per week.

A continuation course in Spanish I.

Reading matter will preferably be selected from Spanish-American literature.

A special fee is charged for each of the courses in Spanish.

DEPARTMENT OF MATHEMATICS.

Professor Waddell.

Professor Gladden.

Mathematics I. Four hours per week.

Algebra, Chapters 19-41 of Wells' Text-Book in Algebra. Simultaneous equations of the second degree, the theory of quadratic equations, zero and infinity, indeterminate equations, ratio and proportion, variations, progressions, the binominal theorem for positive, negative and fractional exponents, undetermined coefficients, logarithms, compound interest and annuities, permutations and combinations.

Geometry. Wentworth-Smith's Solid Geometry. Solution of original problems.

Mathematics II. Four hours per week.

This course includes Plane and Spherical Trigonometry and Analytic Geometry.

Text-Books: Lyman and Goddard's Plane and Spherical Trigonometry; Wentworth's Analytic Geometry.

Mathematics III. Three hours per week.

This is a course in the Differential and Integral Calculus.

Text-Book: Nichols' Differential and Integral Calculus.

### CIRCULAR OF ST. JOHN'S COLLEGE.

A student in the Latin Scientific, or the Scientific Course may satisfy the requirements for Modern Languages by taking three courses in Modern Languages, which may be in any two Modern Languages.

German I. Three hours per week.

Drill upon German pronunciation. Study of colloquial sentences, and the rudiments of German grammar. Reading of, and practical exercises on, some German texts.

German II. Three hours per week.

Study of, and drill upon, the more difficult parts of German grammar. Practical exercises, orally and in writing. Reading of prose and poetry.

### German III. Two hours per week.

Open to students who have completed German II or its equivalent and can follow intelligently a discussion in German.

Reading of master-pieces in prose and poetry. Outline of German Literature. Writing in German of themes upon assigned subjects. Private reading.

### German IV. Two hours per week.

A course in reading Scientific German for students who have completed German II or its equivalent.

French I. Three hours per week.

Drill in French pronunciation. Study of, and exercises in, the rudiments of French grammar. Reading of, and practical exercises on, some French texts. Writing from dictation.

French II. Three hours per week.

Pratice in giving French paraphrases and abstracts, orally and in writing. Continued study of the French grammar. Dictation. Reading of texts of ordinary difficulty, some of them in dramatic form.

French III. Two hours per week.

Open to students who have completed French II or its equivalent and who understand spoken French.

Reading of representative works in prose and poetry. Outline of French Literature. Writing in French of themes upon assigned subjects. Private reading.

### CIRCULAR OF ST. JOHN'S COLLEGE.

Descriptive Geometry. Three hours per week one term. Text-Book: Ferris' Descriptive Geometry.

Surveying. Three hours per week, one term.

This course includes land, topographical, railway and mining surveying, the use of instruments and practical exercises in the field.

Text-Books: Davies-Van Amringe's Surveying. Mechanics. Three hours per week.

Text-Book: Johnson's Theoretical Mechanics.

# DEPARTMENT OF CHEMISTRY. Professor Walter F. Clayton.

- Chemistry I. GENERAL INORGANIC COLLEGE CHEMISTRY. Three hours a week of lectures and two of Laboratory work. Four hours credit. Fundamental laws and theories, reactions, Stochiometry, and a descriptive study of the Groups. This course is in advance of Elementary Preparatory Chemistry. Fee, \$10.
- Chemistry II. ANALYTICAL CHEMISTRY. Qualitative and Quantitative Analysis. Prerequisite, Chemistry I or its equivalent. One hour of lecture and four hours of quiz and supervised laboratory work. A study of advanced chemical theories and laws. Methods for detections and tests. Analysis of unknowns and commercial samples. Gravimetric and Volumetric Analysis. Fee, \$10.
- Chemistry III. ORGANIC CHEMISTRY. One hour of lecture and four hours of quiz and supervised laboratory work. Four hours credit. Prerequisite: Chemistry I or its equivalent. A study of Organic Compounds with methods of their preparation; bacterial Ferments and Enzymes and the analysis of drugs and medicines. Recommended for premedical students. Fee \$10.

### CHEMICAL ENGINEERING.

Chemistry IV. PHYSICAL AND ENGINEERING CHEMISTRY. One hour of lecture and four hours of supervised laboratory. Four hours credit. This course is in preparation for professional work in the field of Chemical Engineering and is a study of the practical application of Chemistry to the various phases of Industry, Manufacturing, and Organic Synthesis. Texts: Engineering Chemistry, by Stillman; and Wysor's Laboratory Methods. Recommended for those intending to secure positions after graduation in ceramic and cement works, or as professional agricultural and gas chemists, assayists and analysts. Fee, \$10.

### DEPARTMENT OF PHYSICS.

### Professor Scarborough.

### Physics I.

Three hours recitation, two hours laboratory. Credit four hours. Junior year. Preparation—Math. II, except for pre-medical students. Text-book, Carhart's College Physics.

First Terms: Discussion of the general principles of Mechanics, Properties of Matter, Energy, Physical Quantities, Units—Fundamental and Derived (Units of Length, time, Work, Angular Measurements, etc.), Kinematics, Motion of Translation, Rigid Bodies, Periodic Motion, Work and Energy, Machines, Gravitation, Properties of Gases, Liquids and Solids. A thorough discussion of wave motion, Sound, Propagation, Vibrations of Rods, Plates, Strings and Columns of Gases, Heat, Thermometry, Calorimetry Conduction, Radiation and the Mechanical Theory.

Second Term: Light-Interference, Photometry, Dispersion, Color Sensations, Polarization and Double Refraction, Currents, Thermo-Electricity, Electro-Magnetism, Electro-Magnetism, Electro-statics, Electrical Energy, Capacity, lysis, Electro-motive force, Electric Units, Ohm's Law, Arrangement of Electric Cells, Dynamo Machines.

# Physics II.

Three hours a week throughout the year. Part of this time is given over to experimental work, and visits to nearby power stations. Preparation—Physics I. Text-books, Swoope's Lessons in Practical Electricity, Franklin and Esty's Elements of Electrical Engineering, Vol. I.

This course is designed to give the student a detailed knowledge of Direct Currents. The early part of the course is a review of Electricity in Physics I. Then follows Magnetism, Magnetisation, Magnetic Fields, Theory of Magnetism, Magnetic Induction, Magnetic Circuits, Voltaic Electricity, Batteries, Resistance, Galvanometers, Ammeters, Work and Power, Voltmeters, Development of Heat, Operation of the Dynamo as a Generator, as a Motor, Power Losses in Dynamos, Efficiencies, Ratings, Station Equipment, Storage Batteries, Electric Distribution, Wiring, Lighting. This course is supplemented by frequent discussions of recent electrical developments, phenomena, applications of electricity, etc.

### DEPARTMENT OF DRAWING. Professor Scarborough.

### Drawing I.

Drawing practice with instruction in the use of instruments embracing free-hand lettering; standard conventions; geometrical construction; isometric and cabinet projections; orthographic projections; sections; intersection of surfaces; development; special conventions and processes including line-shading, screw-threads, bolts, nuts, etc.; freehand working sketches along with complete notes of the year's work and detail drawings of machine parts from models.

Text-Book: Tracy's Introductory Course in Mechanical Drawing with additional notes.

Freshman six hours (counts three).

### Drawing II.

A continuation of working drawings from models accompanied by free-hand sketches made by the student; tracing; blue printing; topography and map drawing.

Sophomore six hours (counts three).

Text-Books: I. C. S. Pamphlet on Machine Design, Part I.

### CIRCULAR OF ST. JOHN'S COLLEGE.

### DEPARTMENT OF BIOLOGY.

### Professor Ridgely.

*Biology I.*—General Biology, an introduction to the Biological Sciences; requirement for the study of Medicine. Chemistry and Physics required for admission. Text-Books: Elementary Biology, Parker, published by Macmillan; Biology of the Frog, Holmes, published by Macmillan. Lectures, recitations, and laboratory exercises. Four hours credit. Laboratory fee, \$5.00 a term.

Biology II.—Advanced Biology, Zoology; Comparative Anatomy of the Vertebrates and Embryology; or, Botany; Plant Morphology and Plant Physiology. Biology I required for admission to Biology II. Laboratory exercises, lectures, and conferences. Three hours credit. Laboratory fee, \$5.00 a term. Students who intend to pursue the professional study of medicine are advised to take both Biology I and II.

### DEPARTMENT OF LAW.

### Captain Duncan Elliot.

Constitutional Law.—Text-book: Andrews' Manual of the Constitution. For reference Cooley's Constitutional Law is used. Reference will be made to important decisions as rendered when they may afford additional illustrations of the principles of Constitutional Law. The subject will be taken up in the first term of the Senior year.

One hour per week during first term.

International Law.—Text-book: Davis' International Law. For reference Woolsey's International Law is used. Events of recent International Law will be discussed. The subject is taken up in the second term of the Senior year.

One hour per week during second term.

# DEPARTMENT OF MILITARY SCIENCE AND TACTICS.

### Captain Duncan Elliot.

Refer to pages 36 to 38 for full outline of courses. A course in Sanitation and Hygiene is given by Professor W. L. Marcy.

# Special Pre-Medical Course.

The minimum educational requirements acceptable to the Board of Medical Examiners of Maryland for the issuance of certificates of preliminary education for the study of medicine include a standard four year high school course and two years of college work.

(a) HIGH SCHOOL REQUIREMENTS.

For admission to the two-year premedical course students must have completed a four-year course of at least fifteen units in a standard accredited high school or other institution of standard secondary school grade, or have its equivalent as demonstrated by an examination conducted by a duly authorized examiner.

A candidate for admission to the School of Medicine of the University of Maryland who wishes to satisfy the requirements of the Board of Medical Examiners can take the following courses at St. John's College, which is the Department of Arts and Sciences of the University of Maryland:

(c) Schedule of Subjects of the Two-Year Premedical College Course. (Sixty Semester Hours Required.)

# Required Courses:

Semester Hrs.

	is charged in the second of the second secon
Chemistry (a)	. 12
Physics (b)	0
Biology (c)	8
English Composition and Literat	8
English Composition and Literature (d)	$\dots 6$
French or German (e)	6-12
Courses Strongly Urged:	
Advanced Algebra, Solid Geometry and	nd
Trigometry	3– 6
Additional courses in Chemistry	3-6
An additional Modern Language—Fren	ch
or German (e)	6–12
Psychology	. 3- 6
Advanced Zoology, Embryology or Cor	n-
parative Anatomy	3- 6

Suggested Elective Courses:

English (additional), Economics, History, Sociology, Political Science, Logic, Mathematics, Latin, Greek, Drawing.

### SUGGESTIONS REGARDING INDIVIDUAL SUBJECTS.

### (a) CHEMISTRY.

Twelve semester hours required, of which six must consist of laboratory work. Of the twelve at least eight semester hours must be in general inorganic chemistry, of which four semester hours must consist of laboratory work. The remaining hours may consist of work in analytic or organic chemistry. When more than two years are spent in college, courses in organic, analytic or physical chemistry may be taken to advantage. Chemistry is probably the most important science fundamental to medicine.

Chemistry I. General Chemistry; non-metals and metals; theoretical chemistry, fundamental laws and theories, reactions, stochiometry; methods of preparing salts. Three hours a week of recitations and lecture work and two of laboratory. Four hours credit. Laboratory fee, \$10 a term. Prof. Clayton.

Chemistry II. Qualitative Analysis; one hour a week of recitation and four of laboratory work; three hours credit. Prerequisite, Chemistry I. Basic and acid analysis; study of the metals; and advanced chemical theory; in the laboratory, analysis of unknown solutions, solids, alloys, and commercial samples. Laboratory fee, \$10.00 per term.

Quantitative Analysis. Six hours a week of laboratory work, counting as three hours credit, with occasional recitations. Gravimetric and volumetric methods of analysis. Laboratory fee, \$10.00 per term. Prof. Clayton.

Chemistry III. Organic Chemistry Course. One hour a week of lecture or recitations and four of laboratory work. Prerequisite, Chemistry I. A study of the chief organic compounds with methods for their preparation in the laboratory. Laboratory fee, \$10. Especially recommended for those intending to study medicine. Prof. Clayton.

### (b) PHYSICS.

Eight semester hours required, of which at least two must be laboratory work. It is urged that this course be preceded by courses in advanced algebra, solid geometry and trigonometry.

*Physics I.* General Physics; Metric system, properties of matter; kinematics; dynamics; mechanics of solids; liquids and gases; sound; heat; light; magnetism and electricity. Three hours a week of recitations, lectures and problems, and two hours of laboratory work. Four hours credit. Laboratory fee, \$5.00 a term. Prof. Scarborough.

*Physics II.* Three hours a week throughout the year. Part of this time is given over to experimental work, and visits to nearby power stations. Preparation—Physiacs I. Text-books, Swoope's Lessons in Practical Electricity, Franklin and Esty's Elements of Electrical Engineering, Vol. I. Prof. Scarborough.

### (c) BIOLOGY.

Eight semester hours required, of which four must consist of laboratory work. This requirement may be satisfied by an eight semester hour course in either general biology or zoology, or by four semester hour courses each in zoology and botany.

*Biology I.* General Biology, and introduction to the biological sciences. Lectures, recitations, and laboratory exercises. Four hours credit. Laboratory fee \$5.00 a term. Prof. Ridgely.

Text-books: Elementary Biology, Parker; and Biology of the Frog, Holmes. Both published by Macmillan.

*Biology II.* Advanced Biology; Zoology; Comparative Anatomy of the Vertebrates and Embryology; or Botany; Plant Morphology and Plant Physiology. Biology I required for admission to Biology II. Laboratory exercises, lectures and conferences. Three hours credit. Laboratory fee, \$5.00 a term. Students who intend to study Medicine are advised to take both Biology I and II. Prof. Ridgely.

(d) ENGLISH COMPOSITION AND LITERATURE.

The usual six semester hour introductory college course, or its equivalent, is required.

# (e) FRENCH OR GERMAN.

A reading knowledge of one of these languages is required, and the requirement may be absolved by demonstration on examination, written or oral, of the ability to read fluently medical French or German. When the requirement is absolved by college work, the student must complete the six semester hour course following either the two semester beginner's college course, or the completion of two entrance units of high school work in the language. When the requirement is absolved by an examination, such examination shall be a standard examination, covering a course of at least six semester hours. If credit for such language has been counted toward the required fifteen units of secondary school work, no credit is to be given therefor, in the total sixty semester hours of required college work. If the reading knowledge in one of these languages is obtained on the basis of high school work, the student is urged to take the other language in his college course. It is not considered advisable, however, to spend more than twelve of the required sixty semester hours on foreign language. In case a reading knowledge of one language is obtained by six semester hours of college work. another six semester hours may be well spent in taking the beginner's course in the other language: if this is followed up by systematic reading of scientific prose, a reading knowledge of the second language may be readily acquired. When a student spends more than two years in college he may well spend twelve semester hours of his college work in the second language.

(d) EXPLANATIONS.

1. A year of work in high school means the study of a subject not less than 36 weeks, five periods a week of not less than 45 minutes each, and is worth 1 unit or 2 academic points.

2. A year of work in a college of medicine, dentistry, pharmacy, or other professional school, is not considered as an equivalent of the required preliminary college year.

A course, three hours a week, is given in Sanitation, Hygiene and Physiology by Professor W. L. Marcy. Pre-Medical students are strongly urged to take this course when practicable.

# THE SUB-FRESHMAN CLASS.

By order of the Board of Visitors, issued in July, 1914, the Preparatory Department has been abolished, but, as students frequently present themselves for entrance in the Freshman Class who are found to be ineligible, by reason of their lack of scholastic qualification, to enter this class, a Sub-Freshman Class has been established under the control and direction of the Faculty of the College, in which such young men can make up their deficiencies and be prepared to enter the Freshman Class the following year.

These young men enjoy all the privileges according to the Freshman Class, and are under the same rules and regulations which govern and control that class.

Students wishing to enter the Sub-Freshman Class should have completed three years of High School work, and, in any case, for conditional acceptance will be required to present at least seven High School units, duly vouched for by the Principal of the High School, or person of recognized ability on High School work.

Students wishing to enter the Sub-Freshman Class, who have not the required credits, as stated above, will be required to take examinations in the first and second year's work of the accredited High School to make up the required units of credit, and, if unable to meet such requirements, will be classed as "Special Students" until their requirements are made up.

ENTRANCE REQUIREMENTS.

Mathematics.

Advanced course in Arithmetic, completed.

Advanced Algebra, completed to Involution.

English.

English Grammar, completed, including Versification and Figures of Speech. Also, ten of the graded selections from the College Entrance Requirements should have been studied and read in class (see College Entrance Requirements under (a) on page 17 of the Catalogue). History.

60

A course in United States History.

Latin.

One year of Latin, at least.

German.

One year of German.

### TEXT-BOOKS USED.

Wells' Text-book in Algebra. Hitchcock's Enlarged Practice Book in English. Morey's Outlines of Ancient History. Milliken and Gale's First Course in Physics. Collar and Daniels' First Year Latin. Rolfe and Dennison's Junior Latin Book. Vos' Essentials in German Grammar. Greek Grammar. White: First Greek Book.

# Summer School--Session, 1919 JUNE 25th to AUGUST 5th.

The third annual Summer Session of St. John's College will open on Wednesday, June 25, 1919, and will continue until Tuesday, August 5th, inclusive.

Exercises will be held every day except Saturday, in each, subject. A course will consist of thirty lectures or recitations, or their equivalent.

### REGISTRATION.

Registration days will be June 24th and 25th, between the hours of 9.00 A. M. and 3.00 P. M. Regular courses will begin promptly on June 25th.

### ADMISSION.

There are no formal examinations for admission. Students, both men and women, will be admitted to such courses as they are found qualified to pursue with advantage.

### OFFICERS OF ADMINISTRATION.

DR. THOMAS FELL, President of the College. SYDNEY S. HANDY, Professor of English, Director of the Summer Session. Roscoe E. GROVE, Treasurer. C. W. STEYKER, Professor of History, Registrar.

### FACULTY, 1918.

MISS KATE KELLY, Educational Psychology, Primary School Methods. MISS IRENE STEELE, Grammar School Methods. DE. NORMAN CAMERON, Principles of Teaching, School Management. DR. W. O. STEVENS, English. MISS MARIE BROOKE, Physical Education. MISS A. R. STEWART, Public Speaking. SYDNEY S. HANDY, Oral English. MISS SMITH, Demonstratoin School. MISS SNYDER, Chorus Singing.

### COURSES OF INSTRUCTION FOR TEACHERS.

Educational Psychology. Primary School Methods. Grammar School Methods.

logy. History of Education. thods. Principles of Education. thods. Methods in Rural Schools. School Law and Management.

### SUBJECT MATTER COURSES.

English Composition.	
English Literature.	
American History and Civics.	
Elementary Economics.	
Algebra.	
	Latin.

Geometry. Plane Trigonometry. Elementary Science. Chemistry. French.

### Other courses may be added.

### MILITARY DRILL AND PHYSICAL TRAINING.

Swimming.		Gymnastic	Exercises.
Military Drill and	Tactics.	Games.	۰.

Three courses satisfactorily completed will satisfy the requirements of the State Board of Education.

### PURPOSE.

The Summer School is designed primarily for the needs of teachers of the elementary grades and for those who seek instruction in collegiate courses. Courses will be provided also for high school teachers. High schood graduates who wish to teach can satisfy the requirements of the school law by completing courses in education. College credits will be given to students satisfactorily completing courses of collegiate grade in the Summer School.

### CERTIFICATES.

Summer session certicates will be given to all students satisfactorily completing their courses.

### CHARACTER OF INSTRUCTION.

The courses for teachers will be in charge of specialists of prominence and will maintain the standard of instruction approved by the Maryland State Board of Education. An equally high standard will be maintained in all the other courses offered.

### EXPENSES.

By special arrangement, however, the tuition fee for all public school teachers of Maryland is twelve dollars and a half (\$12.50) for three courses. The fee for each additional course is five dollars. Under exceptional circumstances and by special arrangement a student may register in one course. The tuition fee in such cases will be ten dollars. Tuition fees are due upon registration.

### DEMONSTRATION SCHOOL.

A school of demonstration of six or seven elementary grades will be maintained for the use of students of education. Summer School students may, with profit, devote one or two periods of thirty minutes each to observing the work of the school. Students in some of the courses of education will have an opportunity to do practice teaching.

### CONFERENCE HOURS.

The director will be in his office daily except Saturday from 11 A. M. to 1 P. M. for purposes of consultation.

### BOARD AND LODGING.

Randall Hall, one of the College Dormitories, will be open for the accommodation of the women students. The building is lighted throughout with electricity and each bed room has a clothes closet. The Hall contains a commodious dining room. The rates for board and lodging will be from five to six dollars per week. The aim will be to make the rates as low as possible, consistent with comfort and wholesome food.

Other Halls will be open for men students.

### RECREATION.

Annapolis affords excellent opportunities for boating, bathing, and other recreations. The College Gymnasium, tennis courts, and extensive campus are all at the disposal of the students. Pleasant social and literary entertainments and Saturday excursions to Washington and other points of interest will be arranged. Opening and closing receptions for students and their friends will be held. Open-air plays and concerts will be given. The recreation features of the school will be specially emphasized.

Thus is offered an opportunity for teachers to increase their efficiency under attractive conditions.

### SCHOOL OF MILITARY SCIENCE AND TACTICS.

(Extract from Bulletin No. 24, War Department, June 25, 1916.) '1. Upon the report of the Chief of Staff, based upon the report of the board of officers appointed for the purpose of making the annual inspection of the Military Departments of educational institutions at which officers of the Army are detailed \* \* \* the following \* \* \* are announced as the distinguished colleges \* \* \* contemplated by G. O. No. 70, 1913.

"St. John's College, Annapolis, Md.

### WAR DEPARTMENT

THE ADJUTANT GENERAL'S OFFICE.

WASHINGTON, February 28, 1917.

President,

St. John's College,

Annapolis, Maryland.

Sir:

66

The Secretary of War has directed that, under the provisions of Section 24, National Defense Act, approved June 3, 1916, the number of appointments of honor graduates authorized for each of the ''distinguished colleges'' be increased from one to ten. You are therefore requested to name, in the manner provided in paragraph 32, General Orders No. 70, W. D., 1913, not to exceed ten honor graduates of the class of 1916, including any already named, for provisional appointment as second lieutenants to be examined April 23, 1917. The graduates of 1916 so named, to be eligible for the appointment must be between the ages of 21 and 27 years, unmarried, and citizens of this country. The examination will be physical only, except for a test in horsemanship if the candidate desires appointment in the mounted service.

You are further requested to submit the names and addresses of the honor graduates at as early a date as practicable.

Very respectfully,

### W. M. WRIGHT,

Adjutant General.

In compliance with the above letter the following honor graduates were recommended:

THOMAS W. LIGON, JAMES T. DUKE, F. WESTON HYDE, WILLIAM F. STROMEYER, HIRAM H. PLUMMER, JAMES C. MILLER, Abraham W. WILLIAMS, LORRAINE D. FIELDS, JOSEPH D. HUNGERFORD, CIRCULAR OF ST. JOHN'S COLLEGE.

### WAR DEPARTMENT

### ADJUTANT GENERAL'S OFFICE.

April 27, 1917.

67

President St. John's College, Annapolis, Maryland.

Sir:

2547856-A

The Secretary of War requests that you designate 10 honor graduates from the class of 1917 for appointment as provisional second lieutenants in the Regular Army with the candidates who are to be examined at the next succeeding examination, which will probably be held in July, 1917.

The Secretary requests that the names of the honor graduates be submitted at as early a date as practicable and that the date of graduation be not waited for.

Very respectfully,

### F. MURPHY,

Adjutant General.

In compliance with the above letter the following honor graduates were recommended:

CAREY C. JARMAN, JOHN W. NOBLE. MARION COX, WILLIAM B. TUCKER, THOMAS R. HOLMES. CARLTON G. BURGESS, GUY D. THOMPSON, N. DODGE WOODWARD, WALTER R. CURFMAN, HARRY JAMES ANDREW,

but before their names were acted upon

were recommended in their places.

Marion Cox, Guy D. Thompson,

GEORGE NOAH WEAVER.

WALTER RUSSELL CURFMAN,

had received commissions as 2nd lieutenants in the Army, and Cadets

ROBERT HOBLITZELL MADDOX, JOHN T

JOHN TURNBULL SPICKNALL, HARRY JAMES ANDREW,

### COPY OF TELEGRAM.

WASHINGTON, D. C.

President St. John's College, Annapolis, Maryland.

Institution under your charge rated as distinguished college for year nineteen seventeen.

(Signed) MCCAIN, THE ADJUTANT GENERAL.

Extract from the report of Captain E. D. Powers, Coast Artillery Corps, U. S. Army, Inspecting Officer, 1917:

"The training and discipline of the student body follow the West Point system as closely as possible and the college as a whole is without doubt an excellent training unit for reserve and volunteer officers.

"The whole plant was inspected; mess excellent, barracks very good."

The following graduates of the 1918 Class were sent to the Fourth Officers' Training School, from which they received commissions and served in the Army for the duration of the war:

Clyde E. Bourke	
JAMES R. COOK	
Owen Friend	
VALNETINE LENTZ	
Worden E. Mack	

THOMAS A. NORTHAM EDWIN PLASSNIG AZEL M. SHEPPARD RUSSELL E. SMITH JAMES M. WALBECK WILLIAM WIGTON, JR.

When the age limit was reduced the War Department called upon the College for recommendations of graduates of the Class of 1918, and the following were recommended:

H. L. MENCKE	•	E. O. GARDNER
W. J. MADDOX		A. G. SCHEULE
W. S. DEVRIES		T. MACMANNIS
D. D. BRADLEY		E. B. Polk
C. W. BURTON		•

In addition to the above the following undergraduates received commissions and after discharge from the Army at the cessation of hostilities returned to College:

R. A. BIER	W. H. Y. KNIGHTON
F. J. LLOYD	S. R. HETZER
J. H. BIRELY	N. D. DOYLE

Attention is invited to the list of graduates and undergraduates in the service, which will be found on a subsequent page.

The College was again rated as one of the ten distinguished colleges in the United States under the provisions of G. G. No. 70, 1913, for the year 1918, which rating has been held for years, and every effort will be made by the College authorities, with the loyal support of the cadet body, to continue in the distinguished class.

St. John's College was distinguished during the war by the loyalty of her sons who served in the country practically to a man and it was found when recommendations for officer material were called for during the later stages of hostilities that her physically fit sons of suitable age were already in the service.

This record is one to be proud of, and shows more than anything else could the value of the training that had been given and the spirit of "old St. John's," which has been that of loyalty and devotion to the country and to the Alma Mater.

### ORGANIZATION OF CORPS OF CADETS.

Commandant of Cadets: CAPTAIN DUNCAN ELLIOT, U. S. Army, Retired. Professor of Military Science and Tactics.

2D LIEUT. BENJAMIN F. SCHWEYER, U. S. Army. Aide to the Commandant.

CIRCULAR OF ST. JOHN'S COLLEGE.

Company B.

70

Williams, T. B.

73

#### CIRCULAR OF ST. JOHN'S COLLEGE.

The Commandant in charge of the Military Department is an officer of the Regular Army.

The military exercises are confidently recommended to parents and guardians as a means of giving to the students an erect and soldierly bearing, of teaching them habits of neatness, order and discipline, prompt and ready obedience, and of affording a systematic and healthful exercise on the drill grounds.

All students, except those physically disqualified, are required to attend the drills, and for those who apply to be excused because of physical disability, a physician's certificate will be required.

It is the policy of the College to give the cadet officers and non-commissioned officers actual command and responsibility, such as they would have were they exercising the same commands in the regular Army, not only at drill, but in the barracks, where the officers and non-commissioned officers are held responsible for the good order and discipline of those under them.

This college is very advantageously located, as to its surroundings for the benefit of the student-body. From a military point of view they have the privilege of witnessing the drills and other military exercises, both of the United States Naval Academy and of the United States Marine Corps, the grounds of which reservations adjoin those of the college.

A most cordial interchange of social courtesies exists between the midshipmen and the student body of St. John's College.

The following rewards are open to Cadets for excellence in • the Military Department :

1. St. John's has been repeatedly designated by the War Department as one of the ten colleges in the United States which have attained the highest excellence in military work. Each year the college is so designated, a member of the graduating class may obtain appointment as 2nd Lieutenant in the United States Regular Army.

2. St. John's College has been designated as one of the Senior Division Units of the Reserve Officers' Training Corps. This designation permits those cadets who sign the agreement to enter the advanced work during the last two years of their college course and to attend at least one of the training camps

held each summer (at government expense), and to apply for a commission as a Second Lieutenant of the Officers' Reserve Corps. Upon satisfactory completion of the above mentioned camp the President of the United States is authorized to appoint those qualified, as Second Lieutenants in the Reserve Corps. After the completion of two years' training at this college, if his academic standing and the excellence of his work warrant the recommendation, he will receive commutation of rations from the United States Government during the college year. This commutation amounts to 40 cents per diem. under existing orders. Reserve Officers when appointed may apply for the position of "Temporary Second Lieutenant" in the Regular Army, which appointment is of six months duration and for the purpose of further preparing the applicant for a higher position in the Reserve Corps. During service as a "Temporary Second Lieutenant" the appointee receives the salary of one hundred dollars (\$100) per month and the usual allowances of a regular officer of the same grade. Upon the completion of such active service the temporary officer reverts to the reserve list subject to the call of the President.

3. Members of the graduating class who pass satisfactory examinations in Military Science are given certificates of proficiency. The certificate shows that the holder is qualified for appointment as an officer of Volunteers or of Reserves.

4. The names and addresses of selected graduates are kept on file in the War Department and these men are given the preference when appointments are made of officers of Volunteers. Names are not reported under this heading unless the student so desires, and the fact that a student's name is so reported does not make it binding upon him that he enter the Army as a Regular or Volunteer.

5. The names of the three members of the graduating class most distinguished for Military Proficiency are reported each year to The Adjutant General of the Army at Washington, D. C. These names are published in the annual Register of the Army.

6. All members of the graduating class whose records prove them worthy are recommended to The Adjutant General of the State for appointment as State and National Guard officers.

#### CIRCULAR OF ST. JOHN'S COLLEGE.

7. The three Cadets in each class whose standing in theoretical military work is highest, and those Cadets who have no demerits on record at the end of a college year, are designated as Distinguished Cadets, and each Cadet so designated is permitted to wear a gold star on each side of the collar of his uniform for one year. Their names will be published in the catalogue each year.

8. Mr. Rowland Hazard, an alumnus of St. John's College, has presented a silver cup to the Corps of Cadets. This cup is competed for annually by rifle teams from the different companies and the band, and is the property of the winning organization for one year. Mr. Hazard announced that he will each year present a medal to the member of the winning team making the highest score.

9. Lieutenant R. E. Jones, U. S. Army, an alumnus of St. John's, presents a sabre and sabre belt to the Cadet Captain of the company which wins the Colors at the annual competitive drill between the companies.

10. At the annual target practice Cadets who are classified as Expert Rifleman, Sharpshooter, and Marksman are awarded medals. These medals become the property of the Cadets to whom they are awarded and are required to be worn at all times with the full dress uniform.

Company "A" won the colors in the competitive drill held in the Spring of 1918 and the sabre and belt awarded by Lieut. Jones were won by Capt. W. S. DeVries, commanding Company "A."

Owing to the war conditions there was no range available during the past year for target practice for the cadets, but in view of this all preliminary work was done to insure a thorough knowledge of the rifle and the general theory of target practice, including gallery practice with a sub-calibre rifle.

# PRACTICAL INSTRUCTION.

The practical instruction consists in a full hour's drill five times a week with week-end practice marches and maneuvers in addition when the weather permits. The course includes the school of the soldier, squad, company and battalion, close and extended order; and all ceremonies prescribed for the battalion. Practice marches are held on country roads to secure practical knowledge in advance and rear guards, patrolling, scouting and outpost duty. Military setting up exercises, Koehler's, bayonet drill, bayonet fencing with the special equipment furnished by the War Department, and fencing with sabres and foils form important parts of the course.

The battalion is armed with the U. S. Service Rifle, calibre .30. Gallery practice rifles, calibre 22, are furnished, and during the winter months gallery practice is held in the armory. The outdoor target practice this year will be the course prescribed in the Small Arms Firing Manual for the Organized Militia. This includes firing at 300, 500 and 600 yards, and rapid fire at 200 and 300 yards. Two Colt machine guns are furnished by the War Department and drills and target practice are held with these guns for Juniors and Seniors.

The course of training in the military art is as prescribed by the Secretary of War for the senior units of the Officers Reserve Training Corps.

# UNIFORMS.

The uniform is required to be worn at all times.

To insure uniformity in material and pattern, it is required that all uniforms, not issued gratis, be made under a contract that has been entered into.

The uniform of the Corps of Cadets is of cadet gray and is a modification of that worn by the Corps of Cadets of the U. S. Military Academy, West Point, N. Y.

The Government supplies each year to the members of the Reserve Officers' Training Corps uniforms free of charge, as follows:

> 1 coat, wool, O. D. 1 breeches, wool, O. D.

1 shoes, russet or marching.

1 shirt, wool, O. D.

1 overcoat.

1 leggins, pair, canvas.

1 hat.

2 collar ornaments.

1 hat cord, Officers' Training Camp.

1 belt.

Chevrons as required.

(Olive drab gloves, wool, not being issued by the Government, must be purchased by the student and be of the approved pattern.)

In addition, those attending summer training camp will be issued the following:

2 breeches, cotton, O. D.

1 shoes, russet or marching.

1 shirt, wool, O. D.

1 leggins, pair, canvas.

1 hat.

76

1 hat cord, Officers' Training Camp.

The following articles of the Cadet Uniform are required:

Dress coat	\$15.00
Dress trousers	10.50
Dress shakoe	2.00
Dress cross belts	1.00
Rain coat	7.50
4 pairs cuffs	1.00
4 pairs cotton gloves, white	1.60

\$38.60

These prices are subject to change on account of steady increase in prices of materials.

No uniform will be accepted until it has been inspected by the President of the College or the Commandant of Cadets.

As students are required to appear in uniform at all times, parents should omit the purchase of articles of civilian dress. Students are not permitted to wear parts of the uniform with parts of civilian dress. All parts of the uniform are substantial, serviceable, becoming and of moderate price. The purchase of the uniform is compulsory and it must be paid for when ordered.

At the present time it has not been definitely decided whether the students at this College will be uniformed in olive drab, for drills and daily work, and full dress cadet grey for ceremonies or entirely in cadet grey.

Under the circumstances the above regulations concerning uniform are subject to such changes as may be necessary, but it is believed that under no circumstances the expense for uniforms will exceed one hundred dollars per annum.

# CIRCULAR OF ST. JOHN'S COLLEGE.

## ENCAMPMENT.

The College has purchased a supply of shelter tents and the War Department has supplied haversacks, messkits and canteens and there will be a series of one-night encampments held at the end of several different weeks. In this way advantage will be taken of the best weather and camps will be held in different rural districts each time. The lessons learned by the Cadets at these encampments as to field and target range work, castramentation, military hygiene, guard duty, etc., constitute a satisfactory addition of the four years' military work at the College. This work is of great value to every Cadet and is a desirable and pleasant change from the routine of the College.

# ELIGIBILITY FOR WEST POINT.

St. John's College having been rated by the War Department as "distinguished" is entitled to nominate one candidate for entrance examination for the United States Military Academy at West Point. This examination for admission to the Military Academy will be competitive, and will be the same as the regular examination for entrance to the Academy.

Also, under paragraph 1, General Order No. 3, War Department, January 23, 1914, a student who has been one year at St. John's College may enter West Point without examination, provided he present a properly attested certificate that he is a regularly enrolled student, in a good standing, without conditions.

# MILITARY CERTIFICATES WERE AWARDED TO:

Clyde Edward Bourke William Jennings Maddox Edward Otis Gardner Owen Friend Worden Elmer Mack James Wharton Nelson Azel Merrill Sheppard Russell Evans Smith James Melvin Walbeck William Wigton, Jr. Thomas Norwood Wilson Drexel Dewey Bradley James Russell Cook Frank Walker Elzey William Slack DeVries Henry LeRoy Mencke Thomas Alfred Northam Earle Brodie Polk, Jr. Albert Godfred Schuele John W. Watson Charles Wesley Burton Valentine Lentz Thomas MacMannis Edwin Plassnig Walter Joseph Decker

# THE STUDENTS ARMY TRAINING CORPS.

The Students Army Training Corps was established at this College by a contract duly entered into between the College authorities and the Government on the 15th of September, 1918, for the tuition and subsistence of 300 men.

By the 25th of September about 350 applications for entrance had been received, of which 302 were approved and the candidates duly enlisted on the 1st of October.

The order for demobilization came on the 27th of November and the men were discharged on the 18th of December, but in the meantime excellent work had been accomplished in developing the general morale, mental activity and physical condition of the men, also in supplying officers to the various ' training camps.

The following is the roll of enlisted men:

	\$181.25	\$176.25
Biology I 5.00 5.00	100.00	100.00 \$176.25

In the above, no estimate is made for cost of uniform (see page 76) or text books.

A student is also expected to provide himself with table napkins, towels and the requisite bed clothing for a single bed.

There is also a small annual expense in the Literary Societies.

Funds of students may be deposited with the President of the College, or with some other member of the Faculty, who will disburse the funds thus received in accordance with instructions he may receive from the parent or guardian.

Students should be especially warned of the risk incurred by keeping money in trunks or other receptacles in their rooms.

# GENERAL DETAILS ABOUT EXPENSES.

The tuition charges for day scholars, including residents of Annapolis and students from other parts of Maryland and from other States, not lodging and boarding in the college halls are \$60.00 per term.

The annual college session consists of two terms, the first ending on the 6th of February, and the second on the third Wednesday of June in each year. All the college charges are required to be paid in advance, at the beginning of each term; and no deduction will be made except for absence caused by protracted illness. No student will be matriculated, nor will his name be entered upon the rolls of any term, unless he shall have presented to the President a receipt from the Treasurer of the College for all dues and arrearages, including a fee of \$5 for matriculation, and no diploma will be awarded unless the candidate shall have presented to the President a like receipt including a fee of ten dollars for a diploma. For the expenses of Senatorial scholars, see page 94. Every boarding student is required to deposit with the Treasurer a fee of \$1.50 per term, to be paid by him to such church as the student may attend. An additional charge of \$5.00 per term will also be made upon all students for use of the gymnasium, for instruction in gymnastic exercises, and for membership in the Athletic Association. (See page 90.)

Wilful damage, or damage resulting from carelessness, will be made the ground of additional charge, to be defrayed by the perpetrator.

The Treasurer shall require a deposit of \$5.00 from boarding students as a guarantee against wilful damage to college property, to be returned at the close of the session, less any charges that may have been assessed against them during the college year.

All students holding scholarships are required to lodge in the college halls, and those holding Senatorial scholarships are provided with room furniture, for the care of which they are held strictly accountable.

Students not holding Senatorial scholarships are required to provide themselves with furniture. Furniture may, however, be hired from the college authorities at from \$3.50 to

## CIRCULAR OF ST. JOHN'S COLLEGE.

\$5.00 per term, according to its character and cost, and the hirer will be held responsible for all damages thereto, beyond the reasonable wear and tear of the same.

Disbursements will be made for personal expenses of students, if funds are deposited by parents or guardians for this purpose, but no advance will be made by the College. Books will also be furnished to students, provided a deposit of ten dollars be made for that purpose at the beginning of each term. At a final settlement, at the close of the year, the unexpended balance, if any, will be refunded.

# BOARDING.

The three college dormitories, Pinkney, Humphreys and Randall Halls have each been provided with a steam heating apparatus of the most approved sort, which has been thoroughly tested during the severe weather of past winters and found entirely satisfactory. The lodging rooms have also been recently renovated and painted, and other improvements made conducive to the health and comfort of students.

The boarding department of the College in all its branches is under the supervision of the President. The boarding houses will be closed during the Christmas and summer vacations.

A College Co-operative Boarding Club has been organized in place of the College Commons, and has been successfully carried on during past years.

Under this system at the close of each month, an inventory is taken, all accounts are settled and the expenses are divided among the members of the club. An auditing committee is then appointed each month by the club, to examine the books of the commissary and to report to the club.

Each member must advance \$10.00 at the commencement of each month, and at the close must pay the balance due, as no deficit is allowed to run into the following month.

The exact cost of board for next year, including washing, lights and room rent, cannot be known, as market prices vary, but it may be safely estimated to be about \$195 for the whole session.

# LIBRARY AND READING ROOM.

Through the liberality of the Legislature of 1902, and donations from the Classes of '71, '72 and '73, extensive additions have been made to the library, and by means of the regular library fund subscriptions have been made to a number of American and foreign periodicals. A complete library being an indispensable auxiliary to the intellectual advancement of professors and students, its claims are commended to the alumni and to the friends of education in the State. Any contributions of books or funds will be gratefully acknowledged.

There are now on the shelves about 10,000 volumes, which are carefully classified and catalogued, thus forming an admirable working library for the student. Among these works are 850 bound volumes of American and English periodicals. Easy access to the contents of these works is furnished by Poole's Index of all subjects treated of in home and foreign magazines.

The College Library and Reading Room is open every day from 3 to 4 p. m., and from 8 to 10 p. m., for reading and taking out of books and periodicals. The following magazines and reviews, furnishing all a student can reasonably need, are on file for 1919: Atlantic Monthly, Century, Popular Science Monthly, Harper's Monthly, North American Review, Forum, The Academy, Saint Nicholas, Scribner, McClure's, Munsey, Outing, Nineteenth Century, Literary Digest, Cosmopolitan, Strand, Scientific American, Scientific American Supplement, Review of Reviews, Sewanee Review, The New Republic, World's Work, Survey, Popular Mechanics.

# ATHLETIC ASSOCIATION OF ST. JOHN'S COLLEGE.

An Athletic Association is formed in which membership may be obtained by any student or alumnus of the College upon paying the annual fee of \$10.00. (See page 64.) This subscription entitles the member to witness all the games played by the College teams on the home grounds and to make use of their bats, balls and other appliances.

The following are the officers of the Athletic Association for 1918-1919:

# GYMNASIUM.

A gymnasium has been erected and equipped with apparatus for complete physical training.

The building covers a ground space of 158 feet by 200 feet. The main gymnasium room is 120 by 160 feet, surrounded by a gallery containing a running track. There are bowling alleys, a rifle range, a reading room, a trophy room, and a secretary's room; also a large locker room 70 by 17 feet, containing individual steel lockers for each student. Adjoining this is a swimming pool, with a large shower-bath room and lavatory attached. There is also a smaller locker room for the use of members of visiting teams, containing steel lockers; also a large spare room.

Physical training is compulsory, and each student is required to attend classes for instruction in gymnastics and physical exercises, two hours per week, from the first of October until the first of April, unless specially excused to engage in outdoor sports during these hours.

Further donations towards the gymnasium will be gladly received from alumni and other friends of the college.

# ATHLETICS.

The students have excellent facilities for athletic games, which are kept under supervision. No student who is physically unfit is allowed to take part in an athletic contest.

# BENEFICIARY AID.

# STATE SCHOLARSHIPS FOR BOARD AND TUITION.

The General Assembly of the State (Act of 1872, Chapter 303, and 1879, Chapter 315,) has provided for furnishing board, fuel, lights, and washing to the incumbent of one State Scholarship from each Senatorial District in the State, to be appointed by the Board of School Commissioners, by and with the advice and consent of the Senators in their respective districts, after competitive examination. The law requires that the candidate shall produce before the Board of School Commissioners satisfactory evidence of their moral character, and of their inability or the inability of their parents or guardians. to pay the regular College charges. A blank form or certificate, drawn in conformity to the above law, will be forwarded to the secretaries of the several school boards for the use of the appointees to the said scholarships. These scholarships are tenable for four years, and the incumbents are required by law to pledge themselves that they will continue students of the College for the full term of four years, unless prevented by unavoidable necessity, and that they will teach school within the State for not less than two years after leaving College. To obtain a full collegiate education, the object contemplated by the Act, candidates should be prepared to enter at least the Freshman Class of the College. The boards of school commissioners are earnestly requested to exercise great care in the selection of these students, and especially to appoint none deficient in preparation. The Faculty is empowered to extend the term of these scholarships one year in case of worthy students. The incumbents of these scholarships will hereafter be required to provide their own text-books.

After graduation of the present Senior Class there will be three vacancies in these scholarships, viz: One each from the counties of Prince George and Washington, and one from the IV District of Baltimore City.

#### CIRCULAR OF ST. JOHN'S COLLEGE.

In filling these vacancies, the boards of school commissioners are requested (other things being equal) to appoint those candidates who are not less than sixteen years of age, and are most advanced in their studies. It is desired that all applicants hereafter should be prepared to enter the Freshman Class of the College.

# STATE SCHOLARSHIPS FOR TUITION ONLY.

The law of the State of Maryland (Act of 1894) granting an additional appropriation to the college, provides for the education of twenty-six State students, in addition to the foregoing, free of expenses for tuition. These scholarships will be distributed among the counties of Maryland, in order of priority of application. The holders of these scholarships will be required to provide the cost of their board, about \$200 (see page 85), and pay incidental fees for church, gymnasium, heat, and hire of furniture.

In order to promote closer relations between the college and the educational system of the State, the Board of Visitors has offered a free tuition scholarship to the young man graduating highest in his class at the following High Schools:

Cumberland, Allegany County. Lonaconing, Allegany County. Frostburg, Allegany County. Annapolis, Anne Arundel County. Catonsville, Baltimore County. Reisterstown, Baltimore County. Towson, Baltimore County. Sparrows Point, Baltimore County. Denton, Caroline County. Westminster, Carroll County. Elkton, Cecil County. Cambridge, Dorchester County. Frederick, Frederick County. Brunswick, Frederick County.

Oakland, Garrett County. Havre de Grace, Harford County. Ellicott City, Howard County. Chestertown, Kent County. Rockville, Montgomery County. Laurel, Prince George's County. Centreville, Queen Anne County. Crisfield, Somerset County. Easton, Talbot County. Hagerstown, Washington County. Salisbury, Wicomico County. Pocomoke City, Worcester County. Snow Hill, Worcester County.

Also the following Academies: Charlotte Hall Academy, Charlotte Hall. Rockville Academy, Rockville, Md. Anne Arundel Academy, Millersville, Md. Two to the Jacob Tome Institute at Port Deposit, Md.

The following counties, having no high schools, the school commissioners are granted the privilege of designating a student to a similar scholarship, viz:

Calvert County. Charles County, also McDonogh Institute, La Plata. St. Mary's County.

# BOARD OF EDUCATION.

The Board of Education of the Presbyterian Church grants aid to young men preparing for the ministry in the denomination. The aid may be obtained either while in college or in a Theological Seminary. At present the amount given is \$150 per annum.

SCHOLARSHIPS FOR SONS OF CLERGYMEN.

All sons of clergymen are given education free of charge. The Trustees of the Byrd Wyman Fund, Baltimore, also grant one or more scholarships, which provide both board and tuition to such students of the college.

# THE JEREMIAH HUGHES SCHOLARSHIP.

A scholarship, providing the sum of \$30 per annum towards the cost of tuition, has been established upon the above foundation. It is available for deserving youths of all denominations, but preference is to be given to candidates who are residents in Annapolis.

# Collegiate Scholarships.

The following regulations have been made by the Board of Visitors and Governors for the establishment of scholarships in connection with the College:

For a permanent scholarship for tuition, \$1,500. For a permanent scholarship for board and tuition, \$6,000. For a scholarship for the tuition of a student through all the college classes, \$300. For a scholarship for the board and tuition of a student through all the college classes, \$1,200. For any other scholarships the sum reduced shall be in the same proportion, the money in each case to be paid in advance into the treasury of the College. The establishment of these scholarships is commended to the attention of the alumni and friends of the College.

# PRIZES.

# ORATORY.

1. A prize of \$20.00 is offered annually by the Alumni Association of St. John's College to that member of the Senior Class who shall prepare and deliver the best original oration.

2. A gold medal is awarded to the member of the Junior Class who gains the first place in the Oratorical Contest of that Class.

3. The Oratorical Association of Maryland College holds an annual contest, to which students of St. John's College are eligible, and a gold medal is awarded to the successful contestant.

A gold medal is offered by the Alumni Association to "that member of the Senior Class who, during his four years at College has shown the best all-around results."

The Board of Visitors will present annually a gold medal to that member of the Senior Class who shall have attained the highest record in his academic work.

The Rev. James M. Magruder, D. D., offers a prize of \$25.00 for the best essay on the Colonial History of Marvland.

Mr. Walter H. Hart, of Annapolis, offers a set of books as a prize to the student in the Freshman Class who has done the best work in English.

The Board of Visitors and Governors will present annually a gold medal to that member of the Senior Class who shall have attained the highest record in his academic work.

# BIBLICAL STUDY.

The President of the College offers a prize of books to the student who shall have attained the highest merit in the Bible Class.

# THE PHILO SHERMAN BENNETT.

Under the will of the late Philo Sherman Bennett, a prize of \$25.00 is offered each year for the best essay on the "Principles of Free Government."

# ALUMNI ASSOCIATION OF ST. JOHN'S COLLEGE.

The Alumni of St. John's have a strong Association, the purposes of which are to advance the interests of their Alma Mater, to promote the social intercourse among St. John's men, to assist the individual Alumnus and to stimulate and encourage the students.

Regular meetings are held at stated periods throughout the year and special meetings are called whenever necessary to consider matters of importance. During Commencement Week, a regular meeting is held in Annapolis, usually on Commencement Day. The fall meeting takes the form of a smoker and is held in Baltimore, following the St. John's vs. Hopkins football game. The general business meeting for the election of officers is held during the winter and is usually preceded by the Annual Banquet, to which all Alumni are invited to subscribe, whether or not they are members of the Alumni Association.

The Alumni Association is represented at all the meetings of the Board of Visitors and Governors by the Alumni Advisory Council, elected annually by the Association, and the interest of the Alumni, as expressed through the activity of the Alumni Association has always been of vital importance to the College as well as to the individual Alumnus. The success of the College in the future depends largely on the continued activity of the Alumni Association.

The Alumni Association places itself at the disposal of those Alumni just graduated in order that they may obtain advantageous positions, and rewards of various kinds are offered to the members of the student body who have distinguished themselves in the different branches of College activity.

At the suggestion of the Advisory Council, the Board of Visitors and Governors has appointed a Publicity Agent of the College, and the Association earnestly desires the hearty co-operation of every alumnus in his work, so that in whatever part of the State he may go, he will receive cordial recognition.

#### CIRCULAR OF ST. JOHN'S COLLEGE.

The following are the officers for the present year: President, DR. JAMES A. NYDEGGER, '90.

Vice-Presidents, MARION B. FREEMAN, '90; ROBERT PENNINGTON, '93; JOHN M. GREEN, '05.

Secretary, E. E. HEARN, '06.

Treasurer, PETER P. BLANCHARD, '98.

COMMITTEES.

ENTERTAINMENT COMMITTEE. ROBERT H. WILLIAMS. '96. Chairman; W. F. STONE, '11;

Ć. E. MULLAN, '00. PUBLICITY COMMITTEE.

JOHN H. WALLER, '93, Chairman; WILLJAM H. WILHELM, '93; GEORGE FORBES, '92. MEMBERSHIP COMMITTEE. Dr. WILLIAM G. COPPAGE, '97. Chairman; M. G. RASIN, '05:

DR. WILLIAM G. COPPAGE, '97, Chairman; M. G. RASIN, '05; L. Q. C. LAMAR, '14.

# MEMBERSHIP.

Like the previous year, with the officers of the Association practically all engaged in war activities, with the absence from the country on military duty, or in training camps at home of a large number of the alumni, but little opportunity offered for the prosecution of the former active campaign for membership. However, the Association was able to maintain its membership without loss, during this period. There was a total of 463 active members at the end of the year 1918, compared to 455 at the end of the preceding year. It is hoped that every alumnus will heartily co-operate in bringing the membership up to at least 500.

The fiscal year of the Association ends on the 31st December, and it is important that all dues be paid prior to that date.

The Executive Committee consists of the President, Treasurer, Secretary, and Chairmen of the Standing Committees, all *ex-officio*.

Office of the Secretary, 2128 N. Calvert Street, Baltimore, Md.

# NEW YORK BRANCH.

A local association has also been formed at New York, to which all graduates, alumni and friends of St. John's College, living in or near that city are eligible. The officers are:

Herbert Noble, '89, President; Elon S. Hobbs, Jr., '82, Vice-President; Alfred Houston, '06, Secretary; Charles Brewer, '85, Treasurer.
