John McHugh

Santa Fe Architect

Paintings Retrospective

Gallery Opening

5-7 p.m.

Known by many as the man who built the Santa Fe Opera, John McHugh is widely recognized as one of the nation's leading architects. But while designing some of New Mexico's finest buildings over the past fifty years, he also has led another life, that of an artist.

In a retrospective exhibit of oil and watercolor paintings, McHugh demonstrates a passion for both the natural and architectural landscapes of New Mexico. A highly skilled painter and illustrator, his works range from realistic to semi-abstract. In each, McHugh establishes a vital tension through the interaction of light and form.

Showing Through July 30th.

Gallery hours:

4:30 - 8:30 p.m., Friday; 4:00 - 7:00 p.m. Saturday; 1:00 - 5:00 p.m. Sunday and by appointment with Ginger Roherty at (505) 982-3691 ext. 211. The Art Gallery is located on the second floor of Peterson Student Center.
