

Dr. Hutchins New Head of V.&G. Board

Elected at Quarterly Meeting of
Board at University Club
in Baltimore.

HAS BEEN MEMBER
FOR AT LEAST DECADE

Is Fellow in American College of
Surgeons; Member of Other
Medical Organizations.

Dr. Amos F. Hutchins, Class of 1906,
was elected last Monday to the chair-
manship of the Board of Visitors and
Governors of the College, at its quar-
terly meeting held at the University
Club in Baltimore. He has been a mem-
ber of the board for the last ten years
and was also President of the Alumni
Association for a decade.

Colonel Woodcock to Lead

In an interview after the meeting at
which he was elected, Dr. Hutchins
said, "Under the leadership of Colonel
Woodcock my task will not be a hard
one at St. John's. The College is in a
better condition now than it has been
for years. There is complete harmony,
as far as I know, between the members
of the board, the faculty and the stu-
dent body."

Prominent in Athletics Here

While here at St. John's, Dr. Hut-
chins, who is the son of Mr. and Mrs.
T. L. Hutchins of Cedar Hill, (Advert
County), earned letters in football and
baseball and was a member of the Ath-
letic Association. He worked for three
years following his graduation and then
entered the Johns Hopkins Medical
School, receiving his degree there in
1913. Then he specialized in urology
while he trained at numerous hospitals
for several years.

Was Army Surgeon

In 1917, he joined the Army, and was
sent overseas where he was assigned to
a British base hospital. He became a
captain and consultant to the Eightieth
Division, U. S. A., and while in France
was several times wounded and gassed.
After the war he resumed private prac-
tice in Baltimore.

Is Connected With Hospitals

Dr. Hutchins is now an instructor in
urology at the Johns Hopkins Medical
School, assistant visiting urologist at
the Johns Hopkins Hospital, and a
member of the staffs of the Church
Home and Bon Secours hospitals.

Member of Medical Societies

He is a fellow in the American Col-
lege of Surgeons and a member of the
American Medical Association, the
American Urological Association, the
Southern Medical Association, and the
Baltimore City and Maryland State
Medical Societies.

His Baltimore home is at 1227 North
Charles street, and he also has a home
on the Severn river near Arnold.

Freshman Class Holds Meeting

At a meeting of the Freshman class
held last Monday night, January 7th,
Sam Foster, the president, congrat-
ulated the members on the sending of
Christmas cards to the faculty and pro-
fessors of St. John's. He read a per-
sonal letter of congratulation that he
had received from Admiral David Foote
Sellers of the Naval Academy, and re-
lated numerous incidents of verbal con-
gratulations from President Woodcock,
and others of the faculty. Jack Shan-
nahan, treasurer, stated that all the
members of the class have not, as yet,
contributed their share in the send-
ing of cards, and he requested that they do
so as soon as possible.

Dance Planned

Tyler Coulson, of the dance commit-
tee, gave a report in which he said that
the "Townsmen" cannot be hired for the
dance which the class has decided to
hold sometime in February. Some sug-
gested, however, that the class should
get Bubly Johnson who has one of the
best colored orchestras in Baltimore.
Arrangements are now being made to
obtain this orchestra.

Class Game in Future

Plans for the touch football game
were discussed, and except for the fact
that the game will not be until some-
time in the next month, nothing was
definitely decided.

NEW BOARD PRESIDENT

DR. AMOS F. HUTCHINS

Florestano To Sing at Sunday Eve Musical

To Be First of Series of Musicales
To Be Held in The Great
Hall.

PROF. KUEHNEMUND
TO DISCUSS PIECES

Professor Richard Kuehnemund of
the German Department, and Mr.
Joseph Florestano, a graduate of St.
John's and a student of the Peabody
Conservatory, will present a program of
piano and vocal music in the first of a
series of Sunday night musicales, to be
given in the Great Hall on Sunday,
January 14th, at 8:15 o'clock. Profes-
sor George Hingle will accompany Mr.
Florestano at the piano.

The musicale will be preceded by a
brief discussion by Dr. Kuehnemund of
some of the compositions to be played.

Public Invited

The recital will be open to the public
and the program will include piano
compositions from Bach to César
Franck and old Italian, French and
German songs as well as a group of
Lieder by Schumann, Tschakowsky,
Franz and Grieg.

Selections Listed

The complete program follows:

Program

- Bach (1685-1750)—Two Chorale Pre-
ludes.
- César Franck (1822-1890)—Chorale.
Piano
- Torelli (1650-1708)—Tu to sal.
- Handel (1685-1759)—Where'er you
walk.
- Lully (1632-1687)—Bois épaïs.
- César Franck (1822-1890)—Pavane An-
gelicus.
- Intermission
- Schumann (1810-1856)—Du bist wie
eine Blume.
- Tschakowsky (1840-1893)—Nur wer
die Sehnsucht kennt.
- Franz (1815-1892)—Es hat die Rose
sich beklagt.
- Grieg (1843-1907)—Ich liebe dich.
- Tenor
- Schumann (1810-1856)—Abendmusik.
- Schubert (1797-1828)—Impromptu.
- Beethoven (1770-1827)—Two move-
ments from Sonatas op. 101 and 90.
Piano

CASA LOMA ORCHESTRA ORGANIZED LIKE BUSINESS FIRM, IS RUN LIKE FRATERNITY

GLEN GRAY and the Casa Loma
Orchestra, which holds the record for
appearances at college and univer-
sity functions, present new ideas in
band organization as well as popular
dance rhythms.

Glen Gray is president of the Casa
Loma Corporation in which members of
the band are stockholders, drawing
quarterly dividends from the profits as
well as regular salaries.

Now members are added to the band
only after they have been passed on by

Chemistry Club Will Meet at 7:15 Tonight

Idea of Instructive Entertainment
Introduced by President
Frank Gessner.

MOVIE ON BAKELITE
PART OF GROGRAM

The Erlenmeyer Club will hold its
January meeting this evening at 7:15
P. M. in Humphreys Hall. This will
be the second meeting of the present
academic year and a large attendance
is expected. Since the entertainment is
to be unusual, Frank R. Gessner, '33,
president of the club, announced in a
recent interview that the present meet-
ing will be the first in a series of his
kind. Each following meeting of the
series is to be in the form of a con-
structive entertainment. A speaker
will be had who will render scientific
subjects in such a way as to be of in-
terest to all members. All such lec-
tures will be made more attractive by
the performing of experiments bearing
on the topic. Mr. Gessner states that
in order to make each meeting more
personal a short talk will be given by
some member of the club who will be
designated by the program committee.

Bakelite Movie Scheduled

A two reel movie about the history
and manufacture of bakelite will be
shown. In the future movies will be
shown, through the courtesy of an as-
sociation which distributes scientific
films, at every meeting. This additional
feature is directly due to the efforts of
Mr. Gessner, and will be continued
throughout the present year. Joseph
Gray, '36, will perform several experi-
ments to show the advantages of a new
type of hard water soap and will also
demonstrate principles about immiscible
liquids. Mr. Gray will endeavor to de-
velop a miscible solution by the mixing
of four immiscible ones.

More Trips Planned

Thus far this year, the Erlenmeyer
Club has conducted an extensive tour
to the Baltimore Copper Refinery. Al-
though meetings have been few to date,
the club has definitely progressed in a
positive direction. More trips have
been planned in the near future, and
it is expected that the club will get
surpass in activities last year's organi-
zation.

News Briefs

President Amos W. W. Woodcock is
to speak at the Townsman State Normal
School Founders' Day Exercises this
Sunday afternoon on "The Early His-
tory of St. John's College."

Dr. Knight Dunlap, Professor of
Psychology at Johns Hopkins Univer-
sity, is the principal speaker at the Li-
brary Tea this afternoon. His subject
will be related to psychology.

Harold Conn, President of the Class
of 1934, has announced to Miss Elough,
Librarian, that the fountain which was
to be a gift of the graduation class to
the library, was paid for on June 9,
1934.

Woodcock Is Well Satisfied With Year

Rehearses at Chapel the Progress
Made in Past Six
Months

EXHORTS STUDENTS
TO AVOID FAILURE

Requests Gentler Dress and
Behavior of Students When
Off Campus

"I want to rehearse briefly our first
six months here and to plan the months
to come," said President Woodcock at
the beginning of his weekly Chapel ad-
dress, after reading the Mosaic Laws
from the Scriptures and pointing out
that they still constituted a guide to
conduct. Complete silence reigned
among the Faculty and Student Body,
of which almost every member was
assembled in response to the President's
urgent request.

Grades Satisfactory

"Frankly, I have enjoyed the period
of calm and repose here. Some of the
professors say that there is more seri-
ous application to studies this year
than last. I hope so."

"The grades were on the whole satis-
factory. I have been enjoying hard
work, and I want you to be happy also.
I rejoice to see the interest taken in
football, the recently organized Forum,
the dramatics club. The Collegian is,
in my opinion, a first-class college
paper, vastly better than it was in my
day. A college club has been admitted
into a national fraternity. I think it
has been, on the whole, a satisfactory
year."

Seamy Side

"Now let us look at the seamy side.
There should be no failures, gentlemen.
In the outside world, there are twelve
million unemployed. If you can't pass
here, I bid you look out."

"I had to send one young man home
for cheating. Your idealism should
save any of you from that. It is ex-
ceedingly hard to punish, but I say

Theta Psi Fraternity Will Be 110th Chapter Of Sigma Alpha Epsilon

WINS REGIONAL EXAM

ROBERT L. BURWELL, JR.

Accepted By Unanimous Accla-
mation at Meeting of National
In Washington

INDUCTION TAKES
PLACE MARCH 9-10

Local Has Been Petitioning for
Admission During Past
Six Years

Theta Psi Fraternity of St. John's
College was extended a bid to join
Sigma Alpha Epsilon by unanimous
vote at a meeting of the national frater-
nity at the Willard Hotel in Wash-
ington on Saturday, the 29th of De-
cember. The national officers and all
officers from every chapter in the coun-
try were present.

Has 108 Chapters

Sigma Alpha Epsilon has 108 active
chapters, to which two are being added:
Theta Psi at St. John's, and a local frater-
nity at North Dakota State Univer-
sity. The Saturday on which Theta
Psi's petition was accepted by acclama-
tion marked the fourth day of the con-
vention. The representatives of Theta
Psi were asked to remain as guests for
the dance held that evening in the
double ballroom of the Willard Hotel.

To Be Inducted March 9-10

The induction of Theta Psi will take
place on the 9th and 10th of March,
after which time the fraternity will
possess a name and equal rating with
the 109 other chapters of Sigma Alpha
Epsilon. The Executive Supreme Archon
of the national will be present in per-
son for the exercises.

Sixth Year of Petition

The local fraternity has been peti-
tioning for admission for the past six
years, and although they have been
recommended by the Committee of Ex-
pansion, the last meeting of the
national marked the first time that the
petition has ever been brought up be-
fore the national organization.

Dalton M. Welby, in an interview, ex-
pressed the appreciation by Theta Psi
for the help generously given them by
the rest of the College. The plans of
induction have not yet been decided
upon.

Dr. Welch Re-elected Alumni President

Brown Speaks at Annapolis Gath-
ering Held in Woodward
Hall.

Dr. Robert S. G. Welch, one of St.
John's former athletic greats, was re-
elected President of the Annapolis St.
John's College Alumni Club at a meet-
ing held in Woodward Library last
Tuesday night. John M. Green, former
football star, was re-elected vice-presi-
dent, and Lawrence L. Monnett, sec-
retary-treasurer of the organization. Dr.
Welch immediately announced the re-
appointment of all standing commit-
tees.

Dr. Ford K. Brown, of the English
department, addressed the alumni gath-
ering on "The Library Phase of College
Education." Before adjournment, the
club decided to petition all local leg-
islators to support the usual appropri-
ation by the State to the College.

There will be a dance in the ballroom
of Carvel Hall this Saturday evening
for the benefit of the Bathhouse Fund.
All St. John's students and Alumni are
asked to attend.

The Social Committee of the College
will sponsor a dance at which the
Townsmen will play in Igelt Hall on
the evening of January 26 from 9 until
1 o'clock. The recently enacted rules of
the Student Council will be in effect at
that time.

The Weather CLEAR AND COLD

ANNOUNCEMENT OF MENU CONTEST WIN POSTPONED

Student Body Urged to Hand in Suggestions
As Early As Possible to
Facilitate Judging

The hiatus, caused by the Christmas
holidays, has caused the editors of the
COLLEGIAN to postpone the announce-
ment of the winner of the Menu Con-
test until February 1. Although several
students have handed in menus,
acceptable to the contest committee, it
was judged that not sufficient numbers
had come in to make the contest valid.
Consequently Tuesday, January 22, has
been set as the deadline for the menus
to be handed into the COLLEGIAN box
at the Student Union and the winner,
who is to get a free banquet at the ex-
pense of the Staff, will be announced
in the first issue of the COLLEGIAN
following the mid-year examination
period.

Dinner to Winner!

All St. John's students are eligible
to enter the contest. Rules will be
found with the application blank of
page four and the Student Body is urged
to hand their suggestions in as early as
possible so that the task of judging the
contributions will not be hurried. The
winner of the contest will be given,
with the compliments of the COLLEGI-
AN staff, a dinner at one of the better
restaurants in Annapolis, on the eve-
ning of February 2.

Blank on Page Four

On page four will be found the appli-
cation blank for the contest, which is
being run to get constructive sugges-
tions in solving the problem of the Col-
lege Commissary department, which has

Home Quintet Outlasted By Smoother Coordination and Speedier Play of Opposing Team

St. John's lost its second game of the year when it was defeated by Washington and Lee of Lexington, Va., 37 to 26 in a rough and rugged exhibition.

Johnnies Held Short Lead

Charlie Smith, the Generals' captain, dropped the first basket on a fast break a few minutes after the opening whistle, but the DeLisio brothers tallied in succession to give the Johnnies the lead. In five minutes playing time, however, Horace Richardson, sophomore, and Joe Pette, rang goals to give the Generals a lead they held throughout the rest of the game.

Outlasted By Speed

The St. John's quintet gave a fighting exhibition but were outlasted by the Washington and Lee boys who showed lots of speed and appeared to work smoothly in the last part of each half.

STATE SUGGESTS
BURWELL, 32 AS
RHODES SCHOLAR

(Continued from Page 1)

would be some question whether he should be sent over to get a similar degree at Oxford in preference to American students without it. Burwell expects, after receiving his degree in June to go into research.

Outstanding Record Here

While at St. John's, Burwell's record was outstanding. He achieved an enviable scholastic record and graduated with the highest honors in his class. He was a Senior Fellow and was active in extra-curricular activities. He was a member of the Delta Omicron Fraternity, an associate editor on the COLLEGIAN, a member of Delta Kappa Phi member of the Fraternity Club, Assistant Football Manager, member of the Forensic Team and Secretary-Treasurer of his class. In 1932 he was President of the Delta Psi Omicron Fraternity.

Council Drops
Boxing From
Intramurals

Gessner Presides as Radical Changes in Constitution Are Made.

F. R. Gessner, '36, newly appointed Senior Manager of the Intramural Council, presided over the council meeting in the Quiet Room, Wednesday evening, January 9. Mr. Gessner introduced R. G. Woodman, '35, who has held the position of Senior Intramural Manager for over a year.

Constitution Revised

A rather lengthy revised constitution was adopted, which included numerous new rules governing the regulation of intramural sports. The following revisions were adopted by the council:

1. Intramural boxing is to be dropped.
2. All intramural teams must be at the field of play within 15 minutes of the time scheduled, or the game shall be forfeited to the team present.
3. Intramural basketball shall consist of eight minute quarters, with one minute of rest between each quarter, and eight minutes of time out between each half.
4. A list of all games postponed on account of weather conditions must be posted on the Bulletin Board in McDowell Hall, at least two hours before the time scheduled for play.

Awards to I.M. Managers

A medal is to be given to each Intramural House Manager after a year of successful work has been completed. Such an award will be revoked if a manager should have more than two absences from council meetings marked against him. All council meetings are to be held every other Wednesday evening in the Quiet Room.

In conclusion it was suggested that the boxes organize a smoker among themselves in order to satisfy their craving for the sport.

GOOD THINGS TO EAT

SPORTS MUSE

"Dutch" Lemis really can call them. He said that we would probably lose to V.M.I. and W. and L. . . . But that V.M.I. game must have been a heartbreaker . . . leading all the way . . . and then . . . phooey . . . the lead game in the last few minutes and V.M.I. the winners by one, one very skinny point. They say we fought well in the W. and L. game but were just outlasted . . . too bad!

Johnny Lambros really roped them in the two games played down there in old Va. Nine points against V.M.I. and eight points against W. and L. It's too bad that he was put out on personals in the V.M.I. game or perhaps we would have won it.

Ames V.M.I.: their basketball court is the best that we have ever seen . . . very large . . . maximum size . . . plenty of room underneath the backboards . . . and during the game the whole corps of cadets whooping it up . . . such excitement!

We recall the game that St. John's played down there in our Sophomore year . . . the game was close all the way through . . . and the two teams went into the closing few minutes tied up. Finally V.M.I. was given the ball outside under the basket. They had a one point lead. Bill Ziegler was captain then and he turned away from his man and called for time out . . . the referee didn't hear him . . . and pushback two points were rung up . . . a little later Monk MacKartee was fouled in the act of shooting . . . there we were three points behind and two shots given to Monk with about a minute to play. Monk made the first one and purposely missed the second one hoping that St. John's might be able to get the rebound and convert . . . they didn't . . . that's just an example of the tough luck that St. John's has in Virginia.

And as for that Measwell system that W. and L. uses. The name of the system tells the whole story . . . they mean well.

The percentage is .500 now . . . but watch it grow!

NEWSPAPER ENGLISH

In an amusing and often learned running diatribe among letter-writers to the London Times, some superior souls have lambasted "newspaper English" and "journalistic English." Both have been strongly defended. One correspondent quoted what John Burdett said a few years ago: "The press is producing admirable, clear and pure English prose far better than is to be read in most books."

Some purists have complained of the use of so-called "news-adjunctives." In reply, it is said that "part of the genius of our magnificent language" is the ease with which not only nouns but prepositions, interjections, combinations of words can be turned into adjectives for instance a fat cat, an out-and-out scoundrel, a million-dollar fire. There may be extremes in headline English but it is not corrupting the language. It is the development of the language that produces headline English. One of the merits of headline English is that "it gives a palpable advantage to a simple Anglo-Saxon words over the longer words of Latin derivation."—New York Times

DOWN
STATIONERS AND ENGRAVERS
229 North Clark Street
BALTIMORE MARYLAND

The next game is with Elon College on January 12th at home . . . The team will put one on the right side of the ledger this time . . . Be out there to give them that old pepper!

We trust that a great many of "our boys" were down at the Navy track meet Saturday . . . The Navy players are just a bunch of sadists. They get the opposing teams on the court and run them to death.

A very peculiar feature of the game was the fact that B.U., which we heard pronounced P.U., at the game Saturday didn't make a field goal in the first half. It wasn't due to the Navy defensive work though . . . the ball just wouldn't drop for the Baltimoreans.

We garnered this little item from the paper of Washington College in Chestertown. Back in 1888 Washington College had just organized a football team . . . one of the first, if not the first team on the Sho'. The fellows over there became quite interested in the game and finally sent a challenge to The St. John's College second team. The day of the game finally arrived and the St. John's first team arrived. The Washington players were taken aback but they decided to play the game in order to find out how the game was played. They should have learned a great deal from that game because the final score was: St. John's 120-Washington College 0.

We have heard that a touchdown counted only four or five points in those days. We think that four points is correct. Now our mathematical lightning calculator has shown us that even adding on an extra point for every touchdown there must have been at least twenty-five touchdowns . . . and we have figured out, without any help from the calculator, that St. John's must have scored a touchdown first about every two and a half minutes.

They must have been in condition . . . Just think of all the running they did! Whoolee!

IT SMELLS

To that large American committee of unemployed dock women who are out to attend to everything in general, and the motion picture in particular, let us suggest that between times they might take a sniff at some of the current perfume advertisements.

Let's consider, for example, the copy in last Sunday's newspapers in behalf of "SCANDAL" reading thus: "Let it tell tales about you . . . let it evoke tales worth telling . . . this golden, gorgeous perfume so aptly named, so extremely effective! If any perfume can transform a woman's whole career, it's the fragrance to achieve it, created by Madame Luvina in Paris. Scandal" is as sexy and perfect as a French gown. Just pour it! Expose in advertisement man to "scandal" perfume! Judge by the results. A sniff of this odor can change a bloke's life."

"Just fancy a movie advertisement like that!" says the "Motion Picture Herald."

Delta Psi vs. Dorn.

The Delta Psi leatherboots lost their last soccer game of the season. The Dorn boys put up a hard fight and displayed some good footwork. In the first quarter, Naparosa, "Pinkney's Pride," scored the first point on a penalty kick. Webster, who displayed some fine dribbling, marked up another tally for the Dorn when he rushed the sphere through the Delta Psi goal posts. During the last half both teams showed outstanding playing. Leslie, of the D.P.O. group, proved himself the outstanding player of the day by his excellent control of the ball. Englar and Shryock also stood out for Delta Psi's. In the last quarter the Dorn scored again although it remained a mystery as to how the ball got through the D.P.O. uprights. The contest ended with the Dorn team in the lead 5-0.

K.A. vs. Theta Psi

After winning ten consecutive soccer tilts, Kappa Alpha, last year's champions, lost its second in as many days to Theta Psi by the slim margin of 2 to 1. The two teams were more evenly matched this season and the game was hotly contested with neither team getting the ball in a possible scoring position. The ball seemed to migrate back and forth between the side lines rather than between the goal posts. The score at the half was 0 to 0 with both teams looking rather tired.

In the second half both teams were working better and Snyder, Theta Psi's goalie, was kept busy throwing the ball away from the uprights. Then just when it was least expected "Hans" Wingate booted the ball through the corner of the uprights for two points and victory. By virtue of this win it looks as though Theta Psi has copied another championship and boosted their star-gazer standing.

Let's Wingate and Snyder starred for the Kappa Alpha while Snyder, Buncher, and Lamond were best for the losers.

Southern Hotel
Baltimore's Fairmont
"A HOTEL OF DISTINCTION"

The St. John's basketball team will make their first home appearance of the new year when they combat the visiting Elon College basketball team in the Johnnie gym. The center jump is scheduled for 8:30 p. m. tomorrow.

Out for Blood

Returning from an unsuccessful trip to Lexington where they hoped to Virginia Military Institute and Washington and Lee University, the Johnnie cagers will be out to trim the Carolinians and to get back in the win column. Coach Lenta will start the strong combination of Lambros and E. DeLisio at the forward lanes, with Donahue and L. DeLisio patrolling the guard posts. Gene Tower will be at tap-off position in place of Evans. This aggregation should produce a good brand of basketball and make the going rough for the invaders. Lambros led the hoopers in scoring in the last two contests, and the Elon defensemen will have their hands full in trying to stop him.

So Is Elon!

The Elon cagers possess a fighting group of players and they will be out to avenge a defeat inflicted upon them by the Collegian basketball last year. The count last season was 32-23.

Delta Psi vs. A.K.P.

In what proved to be a quite interesting game the A.K.P. leatherboots defeated the Delta Psi group, "Yachkee." Lort scored the first goal for the A.K.P.'s on a nicely placed ball which he sent through the D.P.O. uprights after his teammate had booted a corner kick. Kibler, the ace player of the A.K.P. group, scored the second goal in the first quarter. At the half the Delta Psi's with a complete team began to rally. Englar and Leslie, the D.P.O. favorites, offered constant threats to their aggressors. In the last quarter Wall of the Delta Psi aggregation scored the lone tally for the losers. The contest ended with the ball in midfield and the score of 4-2.

BLACK AND BLUE

If you have tucked your back under jacket or tails away for the year, you had better get them out right now and make all of them for they will undoubtedly be "black" next year. A black recommendation is in vogue for the fact that "black" is the color of the year.

are now designing an interesting number of items which will be available in the coming season. These new fabric combinations are popular because it appears to be the black itself when worn in the right light, while black itself is a bit greasier under the light conditions.

QUESTIONS AND ANSWERS

Questions: Will you have about a dozen or so shirts made by the New York State staff? Where? Fashion? Color? Cost? Design? Material? Price? Box 372, Madison, Wis.

MENU CONTEST

Here is a chance for any dietetically minded St. John's student to make a name for himself. Following you will note a blank list for a suggested "perfect day's menu." Each student is allowed one contribution. Although the suggested meals should be balanced according to starches, proteins, carbohydrates, and the like, the main aim is to achieve success as to merely list the day's menu that you, yourself, would like. These lists must be returned as quickly as possible so that the winner may be announced in the

February 1st issue, the first issue after the mid-year examinations. The winner will receive as a prize for his suggestion a banquet in his honor, sponsored by the COLLEGIAN, a sumptuous occasion, with all the trimmings. The next ten best suggestions will be printed in following issues of the COLLEGIAN. Each suggestion must be signed with the person's name, class, and box number.

WOODCOCK IS SATISFIED WITH YEAR

(Continued from Page 1)

sincerely that I've lived out everyone of you who is unworthy. I wish you to realize that you are picked men here. "I do feel, however, that the good has far overbalanced the bad that it has been a satisfactory six months."

Makes Request

"Now gentlemen, I have a request to make of you. I hope that each one of you will help to make the next three months even better to make it into the

most vital three months in the history of the College. You know that the Legislature of the State of Maryland has in the past few years reduced the annual appropriation of funds to the College. The College cannot stand another such cut, gentlemen. Therefore my request to you is that whenever you go off the Campus you dress and conduct yourselves in such a manner as to incur the respect and admiration rather than the displeasure of any members of the Legislature whom you may meet. In that way, you will be doing your part toward keeping St. John's a healthy and sound institution."

STUDENT'S ENTRY

BREAKFAST

Stewed dried apricots
Oatmeal with cream
Crisp bacon
Fried eggs
Buttered toast
Coffee or milk

LUNCH

Cream of tomato soup
Baked ham
Cottage cheese
Peas
Whole wheat bread and butter
Milk

Apple, raisin, and nut salad

DINNER

Fruit cup
Swiss steak and dressing
Mashed potatoes
Crowned lima beans
Fresh vegetable salad
Spanish cream
Coffee or Milk

Saturday, January 26
12:00—Mid-Year Examinations end.

Friday, February 1
3:00—Next issue of the COLLEGIAN.

Osler Club to Meet Tonight

Discussion of "Twinning in Animals" Scheduled To Be Given By Isadore Scher.

The Osler Pre-medical Club will hold its first meeting of the new year tonight in the Biology building. The program will consist of talks and brief reports by the students, which will be attractive as well as illuminating.

Scher to Speak

The principal speaker of the evening will be Isadore Scher, '36, whose topic will be "Twinning in Animals." Special attention will be placed upon the experiments on trout, by Charles H. Steward of the Cornell University Medical College. The very grotesque and monstrous characteristics, such as median eyes, double heads, and duplicate tails, produced by Steward in these fish will be discussed at length by Scher. In addition Scher will tell about the very interesting condition of multiple birth in Armadillos.

At its last meeting the Osler Club presented the first in a series of biographical sketches of famous men in biology and medicine. Tonight Charles Gadden, '38, will speak on Pasteur. As usual refreshments will be served.

Turkey Dinner

Editor, Menu Contest,
St. John's Collegian,

I would like to enter the Menu Contest, but I will make no specific mention of food. This is an attempt to be unique, but rather an effort to get at the root of the difficulty.

I will risk the reputation for crankiness which anyone who questions the status quo inevitably gains. There are certain justifiable complaints against the present situation:

- (1) Standardization.
 - a. Sameness of composition of individual meals.
 - b. Routine use of these standard meals.
- (2) Speed.

A meal should not be regarded as a nuisance to be gotten over with as soon as possible. The average eating time of the individual student is, according to my observations, 14 minutes. The same attitude seems to be held by those in charge of the dining room policies. For example: coffee left on the table before the doors of the Commons are opened will no doubt save the trouble of bringing it in later, but it will just as surely be inkwarm or cold when consumed.

Is it not absurd to talk about menus? For instance, who could suggest a better breakfast item than eggs? And yet, on a menu, eggs look the same whether in reality they are palatable, or drowned in some exotic grease of unknown origin.

In brief, my entry in this contest consists of the simple suggestion that the merely useless and avoidable difficulties can be gotten rid of by the means of some work and thought. No added money is needed. Standardization leads naturally to the dulling of the appetite. However, it saves effort, and makes thinking unnecessary.

Surely the situation deserves consideration. Faculty members who take an occasional meal with us are apt not to be acquainted with one of the principal difficulties—monotony.

Fashion Notes
By
Collegiate Digest

IN OVERCOATS, TOO

And to go along with the dark blue dress suits, fashion experts have partially abandoned the over-emphasized Chesterfield in favor of the guards model in blue dark-blue chinchilla or other soft-textured materials. The coat worn by the English Regimental Guards was taken as a model for this coat, which features the pleated back and the button placing that gives that smart chesty effect. This coat will serve either for dressy "occasions" or for actual formal wear—in other words, you should abandon the comfortable polo coat when you really want to be well-dressed.

BOWLING 'EM OVER

It can be done easily if you are wearing the bowler hat or derby. Originally designed by an Englishman for hunting attire, it has now become correct for all "horse" events. Despite the fact that some people consider this just a bit of swank, it is becoming increasingly popular throughout the country.

FASHION INFORMATION

The New York fashion editors of Collegiate Digest, through whose cooperation we are bringing you this weekly feature, will answer free of charge any questions you may have as to correct dress. Address inquiries to: Fashion Editor, Collegiate Digest, P.O. Box 472, Madison, Wis.

Hoi Polloi

Your cheerful spy is back at work again after some deaf, dumb and blind monkey had usurped his column . . . and causing some choice writing to be lost for ever . . . The following men made news . . . the yellow sheet. Dalton Welby says . . . It's good to be good. And Mush Stoner sings the Star Spangled Banner and salutes at attention at the Navy Hop . . . What was Ma Hays doing at the Maderia, trying to reform it? Senator Crane explains that the wing collar and morning tie that he wore to the Hop was simply to fool the Navy authorities . . . they are still trying to figure out where he came from. Oh! might just as well give up the bag with the broken handle because where there is no youth, there is no life (it's pretty hard to get a rise out of that) . . . I guess Ed DeLala got a surprise when he got home . . . one sitting down . . . and one gallon of imported wine gone, to unexpected guests. Hodges and Boucher took a week-end excursion to Eastport . . . trust that the trip wasn't too hard on them. Nipper is writing a new book . . . "Approach, Position and Procedure of a Stud Pigeon" . . . for details, see Dave . . . And Del Burns was respectful and embarrassed when Vig gave him the behind thumb push just as he was about to start dancing . . . the girl, no doubt, thought he was fresh, when it was only a goose . . . Tommy Smith uses the line . . . we're only young once. Bub Brown returned to the Phi Kappa, giving them three shades of Brown and you know what the color of Brown is? Buck Wiggins thought he would have some fun this spring, but he will have none. Ask Dave Pomeroy why he has the slate bracelet back . . . and with all those initials (ask . . . so Eccleston made a date with Terese . . . his excuse is that he had a cold at the time. Thomas and Davis now have a residence in Washington . . . the all night kind.

Raid Pate Eaton was evidently scalped over the week-end . . . Rlim Somerville has no respect for motherhood . . . he threw out the fish that were expectant . . . Lewis and Chandra have migrated to the hills . . . and Vig expected to go on that party with the twins and now says his prayers again regularly. If anyone has seen a Mr. Bernard with a barrel send it to Dick Wicks and Stankiewicz. They got lost in the snow now. You're Eve. If you can't find the dog, just send the barrel . . . The new mount reform has suffered a decided setback . . . Jack Owens drank a glass of beer.
