Encampment calls spike as SMPD responds to homeless crisis

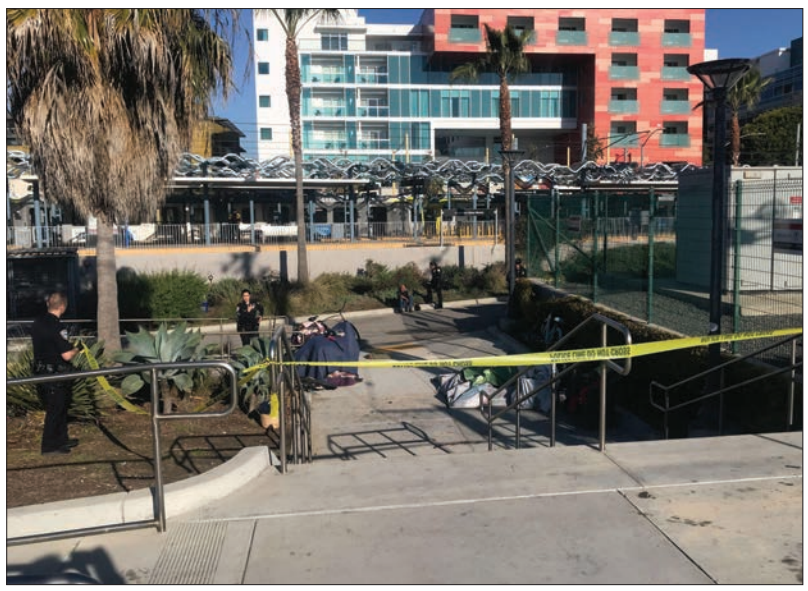

MATTHEW HALL
Daily Press Editor

Santa Monica Police Chief Ramon Batista spoke with the Daily Press for the most recent edition of the Inside The Daily Press podcast to talk about homelessness and some of the ways the department is responding to the crisis. The interview is available online at www.smdp.com/pod.

INCREASING CALLS

Calls for "encampments" spiked last year to 1,896, the highest total in six years. While that number is already up 15 percent from 2021, it might actually be an undercount as police officers working an area like the beach or a freeway embankment

Garbage rates could increase by about 11 percent

SCOTT SNOWDEN
SMDP Staff Writer

The City Council favored a slightly larger increase to sold waste rates that will preserve services to Santa Monica residents at their last meeting.

Yvonne Young, Acting Resource Recovery Recycling (RRR) Manager, presented Council with an extremely comprehensive and concise report regarding the concern. According to Young, the City's RRR Dept receives up to 180 requests per day for bulky item and illegal dumping collection making it the single most requested 311 service city-wide.

The entire operation is self-sustaining and paid for by what's called the RRR Enterprise Fund where the revenue gained by charging for services is used to sustain operations. However, it is a separate financial and legal entity, which means it is not competing for the same resources that fund the police, fire department or other city services. A rate study is required every five years and the City was in the process of conducting an evaluation in 2019, but was forced to stop when the COVID-19 pandemic shut much of the country down.

"There was a lot of fear and uncertainty, people were staying home and businesses were shutting down," Young said. "The city made a conscious decision to freeze the rate study and rate increases for three years in order to protect ratepayers and businesses throughout the pandemic."

"While everything costs more these days in 2023, we're still charging 2019 rates and your trash rates have remained exactly the same for the last few years," Young said. "Ultimately,

School district to study feasibility of purchasing the Santa Monica Civic Auditorium

GRACE INEZ ADAMS
SMDP Staff Writer

The Santa Monica Malibu Unified District (SMMUSD) plans to conduct a feasibility study in coming months to help determine whether to purchase the Civic Auditorium to be used as a competition gym for Santa Monica High School (Samohi).

The Board of Education approved the study at their March 2 meeting and authorized contractors to carry out work to determine if the building – which has been vacant since 2013 and deemed seismically unsafe – can be brought into compliance with safety codes, if the purchase makes sense financially and iron out other details.

The Civic Auditorium, located at 1855 Main Street, just across from the Samohi campus, was designated as "surplus" land by the City last year. This categorization is given to municipal property for which a city has been unable to find a suitable use and grants priority to purchase and redevelop the site to affordable housing projects, parks/recreation and schools.

SMMUSD staff said that purchasing and converting the Civic Auditorium into a competition gym would shave years off of the ongoing Samohi Campus Plan, a multi-phase, multi-million dollar project to modernize the campus. Chief Operations Officer Carey Upton said it would eliminate the need to construct a new gym building and relocate other facilities.

"What this means is that essentially we would be able to omit phases seven, eight and nine which means we could be completed with the campus plan by 2031, 2032 as opposed to 2047 which was the original plan..." Upton said. "It saves at least ten good years and that means we have students in better facilities ten years earlier."

Board member Jon Kean called it a "no brainer" if the project is deemed feasible, however, he

LIONS ROAR

Send comments to editor@smdp.com

After a two-year hiatus due to COVID, the Santa Monica Pacific Palisades Lions Club will be hosting our 7th Lions Eyes Across California (LEAC), this time in partnership with the Venice Marina LAX Lions Club. The event will be Saturday, March 18th from 9 a.m. to 1 p.m. at Virginia Avenue Park in Santa Monica, adjacent to the library. We will be providing free vision screenings for adults and children, free diabetes screenings, free reading glasses and collecting used eyeglasses and hearing aids.

Vision has always been an important part of the Lions Club International (LCI) mission, starting with Helen Keller's challenge to Lions in 1925 to become ""knights of the blind in the crusade against darkness." Lions met the challenge by focusing on comprehensive eye care & education, childhood vision loss, diabetic retinopathy, low vision, cataracts and trachoma. Through the years our vision services have evolved to include a grants program in 1990 named SightFirst. With a mission to strengthening eye care systems in underserved communities, grant funding provided by LCI has made considerable impact.

More than $372 million has been approved for more than 1,398 projects in 117 countries

9.6 million cataract surgeries were performed to restore sight

1,351 eye centers and training institutions were built, expanded or equipped

2.3 million professional eye care and community health workers were trained

197 million doses of Zithromax® were distributed to control trachoma and more than 955,000 trachoma surgeries were performed

325.8 million doses of Mectizan® were distributed to halt the progression of onchocerciasis

In 2015 California Lions joined together to initiate the LEAC program as a unified effort throughout the state to draw more attention to sight threatening eye diseases by providing eye screenings and collecting used eyeglasses to be recycled and distributed to low-income populations throughout California and Mexico.

The Santa Monica Pacific Palisades and Venice Marina LAX Lions Clubs are proud to be able to provide this free service to the Santa Monica community. If you are interested in learning more about other service projects our clubs support that you might like to volunteer for, please reach out to Susan at SMPPLionsClub@gmail.com. This is an excellent way to become more involved in the community, and for middle and high school students, an easy way to earn your needed community service hours.

If you are interested in possibly becoming a Lion or being our guest at dinner meeting the second Wednesday of each month at the Elks Lodge, please contact Yoriko Fisher, at smpplionsclub@gmail.com or Kingsley Fife at 310-454-2960. They can email you a package of information and share more about being a Lion.

NOTICE OF A PUBLIC HEARING
BEFORE THE SANTA MONICA CITY COUNCIL

SUBJECT: **Proposed Adoption of Amendments to the Land Use and Circulation Element of the General Plan, the Bergamot Area Plan, the Downtown Community Plan, and the City of Santa Monica Comprehensive Zoning Ordinance, Santa Monica Municipal Code Chapters 9.01 to 9.52, for Consistency With the 6th Cycle (2021-2029) Housing Element of the City's General Plan; Amendments to the Zoning Ordinance for Consistency with State Law Updates Related to Housing Production and Minimum Parking Requirements; Minor Changes, Clarifications and Corrections to the Zoning Ordinance, Including Modifications to Parcel Coverage Limitations for Existing Structures in the R1 (Single-Unit) District and Modifications to Standards for Accessory Structures; Amendments to the General Plan Land Use Map and the Official Districting Map for Consistent Designation in Identified Parcels; Adoption of an Emergency Interim Zoning Ordinance to Extend Interim Zoning Regulations Increasing Thresholds for Review of One Hundred Percent Affordable Housing Projects and Certain Tier 2 Housing Projects Subject to the Housing Accountability Act by Administrative Approval**

As further described below, a public hearing will be held by the City Council to consider the adoption of amendments to the Land Use and Circulation Element of the General Plan, the Bergamot Area Plan, the Downtown Community Plan, and the City of Santa Monica Comprehensive Zoning Ordinance, Santa Monica Municipal Code Chapters 9.01 to 9.52, for consistency with the 6th Cycle (2021-2029) Housing Element of the General Plan; amendments to the Zoning Ordinance for consistency with State Law updates related to housing production and minimum parking requirements; minor changes, clarifications and corrections to the Zoning Ordinance, including modifications to parcel coverage limitations for existing structures in the R1 (Single-Unit) District and modifications to standards for accessory structures; amendments to the General Plan Land Use Map and the Official Districting Map for consistent designation in identified parcels, adoption of an emergency interim zoning ordinance to extend interim zoning regulations increasing thresholds for review of one-hundred percent affordable housing projects and certain Tier 2 housing projects subject to the Housing Accountability Act by Administrative Approval.

On February 1, 2023, the Santa Monica Planning Commission adopted Resolution Numbers 23-002 (PCS), 23-003 (PCS), 23-004 (PCS), 23-005 (PCS), and 23-006 (PCS) recommending to the City Council that the City Council adopt the proposed amendments to the Land Use and Circulation Element of the General Plan, the Bergamot Area Plan, the Downtown Community Plan, and the City of Santa Monica Comprehensive Zoning Ordinance, Santa Monica Municipal Code Chapters 9.01 to 9.52, for consistency with the 6th Cycle (2021-2029) Housing Element of the General Plan; amendments to the Zoning Ordinance for consistency with State Law updates related to housing production and minimum parking requirements; minor changes, clarifications and corrections to the Zoning Ordinance, including modifications to parcel coverage limitations for existing structures in the R1 (Single-Unit) District and modifications to standards for accessory structures; amendments to the General Plan Land Use Map and the Official Districting Map for consistent designation in identified parcels.

On April 12, 2022, the City Council adopted Emergency Interim Zoning Ordinance Number 2699 (CCS) extending interim zoning regulations amending Chapter 9.39 and Section 9.40.020 of the Santa Monica Municipal Code to increase thresholds for administrative review of: 1) 100% affordable housing projects; and 2) housing projects subject to the Housing Accountability Act, Government Code Section 65589.5, that do not exceed Tier 2 maximums and are located on parcels that do not exceed 43,560 square feet, or one acre, to March 31, 2023 to allow for implementation of Housing Element Program 1A, which would make the interim zoning regulations permanent.

DATE/TIME: **TUESDAY, MARCH 21, 2023 AT 7:00 PM**

LOCATION: City Council Chamber, Second Floor, Santa Monica City Hall, 1685 Main Street, Santa Monica, California

California State law requires that communities prepare and update the Housing Element of the General Plan every eight years. The Housing Element serves as the City's guide for addressing the housing needs of all segments of Santa Monica's population. Housing needs are determined by the California Department of Housing and Community Development (HCD), which decide the numerical housing targets for each regional council of governments. Each council of government across the State then further allocates the regional housing number (known as the Regional Housing Needs Allocation – or RHNA) to every city and county within its jurisdiction. The RHNA is a targeted housing number - cities and counties must plan for the RHNA and show that under current land use and development standards, there is capacity to accommodate for this number of housing units. For the proposed 6th Cycle 2021-2029 Housing Element, the Southern California Association of Governments (SCAG) determined that the City's draft RHNA allocation is 8,895 units, more than 5 times than the last cycle. The significant increase in the City's RHNA housing number is indicative of the severity of the current housing crisis. The adopted 2021-2029 Housing Element demonstrates there is available capacity within its jurisdictional boundaries to meet its targeted RHNA number.

On October 11, 2022, per State requirements, the City Council adopted its 2021-2029 Housing Element, which is available online at www.santamonica.gov/housing-element-update. On October 14, 2022, the California Department of Housing and Community Development (HCD) confirmed the City's adopted Housing Element is in full compliance with State Housing Element Law (Article 10.6 of the Government Code). The adopted Housing Element sets forth a series of goals, policies and programs to be implemented over the next 8 years of the 6th Cycle. For consistency with these goals, policies and programs, the City proposes this first phase of amendments to the Land Use and Circulation Element of the General Plan, the Bergamot Area Plan, the Downtown Community Plan, and the City's Zoning Ordinance. This first phase includes implementation of the following Housing Element Programs:

- 1A - By-Right Approvals for Housing Projects
- 1B - Streamline the Architectural Review Process and Ensure Design Review Objectivity for Housing Projects
- 1C – Incentivize Housing Development on Surface Parking Lots in Residential Zones
- 1D - Reduce Minimum Parking Requirements for Housing Projects
- 1F - Revise the Downtown Community Plan Development Standards to Support Housing Projects
- 1G - Incentivize and Facilitate the Development of Accessory Dwelling Units Through an ADU Accelerator Program
- 1J - Rezoning by Revising Development Standards to Ensure that Housing Projects are Feasible and Incentivized Over Commercial Development
- 2A – Establish a Moderate-Income Affordable Housing Overlay
- 2C - Update the City's Affordable Housing Production Program to Increase the Number of Affordable Housing Units at all Income Levels
- 2D – Update Density Bonus Ordinance to Ensure Consistency with State Law and Integration into the City's Land Use System.
- 2E – Commit to the Production of Affordable Housing on City-Owned/Publicly-Owned Land
- 4A - Zoning Ordinance Amendment to Permit Multiple-Unit Housing in Non-Residential Zones Where Not Currently Permitted
- 4B – Facilitate the Development of Housing on Surface Parking Lots Owned by Community Assembly Uses
- 4C – Provide New Housing Choices and Affordability in High Opportunity Areas Through Incentives for Additional ADUs in R1-Zone Neighborhoods
- 4E – Provide New Housing Choices and Affordability in High Opportunity Areas Through Incentives for SB9 Units in R1-Zone Neighborhoods

In addition, the City Council will be considering amendments to the Zoning Ordinance for consistency with recent State Law updates related to housing production and minimum parking requirements; minor changes, clarifications and corrections to the Zoning Ordinance, including modifications to parcel coverage limitations for existing structures in the R1 (Single-Unit) District and modifications to standards for accessory structures; and amendments the General Plan Land Use Map and the Official Districting Map to reconcile inconsistencies on approximately 40 parcels throughout the City.

The proposed Emergency Interim Zoning Ordinance would extend the interim zoning regulations related to process review thresholds for housing projects to allow for the completion of the implementation of Program 1A.

The 2021-2029 6th Cycle Housing Element Environmental Impact Report (EIR) [SCH No. 20212269242021] was certified by Council on October 12, 2021, with an Addendum to the EIR approved on October 11, 2022.

IS IT WORTH IT?

For most Santa Monicans, “Winter” was little more than a theme in Game of Thrones or that time of year when it was acceptable to put a small child onto the lap of a strange man until recent weeks. The strange meteorological phenomenon known as “rain” and even “snow” hit the area prompting many to panic and ask themselves how they could possibly stay warm in a sub-70 degree environment. In our house, Buddy The Office Dog doubles as a portable space heater but even if you don’t have a 20lb snoring furball to keep you warm at night, you can still grab a warm bowl of soup anytime.

CHICKEN SOUP!

BENNY’S:

There are households in Santa Monica whose medicine cabinets have never known Dayquil but who have Benny’s on speed dial because it is the kind of food to cure whatever ails you. It’s a soup with a legendary, near magical, well earned reputation among locals. The soup contains huge chunks of chicken, not pieces, not slices, but entire sections of a rotisserie chicken. It also has too-big-for-the-spoon pieces of potato and squash. If you were to take those ingredients out of the broth, you’d have a full sized plated chicken dinner. However, the broth itself is great and the soup alone is twice the size of any other on this list. The real killer for everyone else is the accoutrements. Benny’s comes with rice, onion/cilantro, lime, a great tortilla and two salsas. You can mix and match to your heart’s content and the portion is easily enough for a two-person meal or multi-person appetizer. No-one does soup in Santa Monica better than Benny’s.

EL CHOLO:

The El Cholo Tortilla soup was a favorite of at least one taster and it’s really good. Quality pieces of chicken bathe in a rich tomato base supplemented with avocado and cheese. The “soup” is not a clear broth and that threw off one taster but it is still delicious. There are some tortilla chips sprinkled on top which add some texture and the soup comes with what has to be an entire basket of chips and ample El Cholo salsa which is really excellent. At just over $10, it was the cheapest of the bunch and is a good value for a one person lunch. There’s really nothing wrong with it and without Benny’s in the mix, it would be a contender for the top spot.

TACOS POR FAVOR:

There was some criticism that we chose Pozole as the soup representative from Tacos por Favor but it was ignored because I like hominy. This is a textural eater’s soup. The crunch from the cabbage and a nice al-dente like texture from the corn create a craveable mouthfeel that you just can’t get from anything else. The soup had a delayed spice that adds a nice subtle heat as you eat but the soup has a less intense flavor than Cholo and it doesn’t compete on the chicken at Benny’s. It comes with a few corn tortillas which is a nice touch (but they are not as good as Benny’s) and you can add a splash of the provided hot salsa to elevate it even further.

WEXLER’S DELI:

Wexler’s is a place known for their smoked fish and deli meats. Go there for those items because the soup was accurately described as having passed through a “de-flavorizer.” We think there was a piece of chicken in it but only one taster thinks they might have seen it and we don’t trust him.

we had to dip into reserves to sustain our operation. At this rate RRR is projected to deplete its reserves and completely run out of money by next summer without an immediate rate increase."

"While our staffing has reduced, the community's demand has increased. The city is building more protected bike lanes that require sweeping; the state has introduced a new organics recycling law that requires every municipality in California to provide organics recycling to all customers. That means we need to buy and service more green bins," Young said.

Two rate adjustment options were presented for Council to consider. The first is called the Enhanced Clean & Safe Services Option and can achieve all five goals sought after by the RRR, which includes restoring infrastructure, replacing cut staff and creating a new volunteer-driven community cleanup program.

The alternative is slightly cheaper and called the Right Sizing Basic Option. The RRR would request a total of eight positions so that they can add more organics collection routes, sweep the bike lanes and meet state mandated recycling requirements. However, unlike the first option, this would not allow for any improvement of the current bulky item and illegal dumping collection operation. It would also not allow for the creation of the volunteer-driven community cleanup program.

Under Option One, single-family customers can anticipate a rate increase ranging from $5-$9, typically around 11 percent, depending on the chosen service level. Under Option Two, single-family customers can anticipate an increase ranging from $4-$8, around 10.2 percent, over the five-year span.

"In many cases Option Two's rates are only a couple of dollars cheaper than option one," Young said at which point she displayed a numerical data chart showing how the preferred first option compared to other cities in Los Angeles county and for single families in particular, it remains among the highest in Los Angeles County.

"[Referring to the graph] The green and yellow bars might be slightly higher than other cities, but our residents are also getting more white glove service such as monthly recycling events and on demand household hazardous waste pickup at their doorstep," Young said.

All seven Councilmembers voted to proceed further with developing Option One. Councilmembers Caroline Torosis said, "To me, the fee does not seem egregious and I'm supportive of Option One."

In addition, the RRR also asked for support in creating a new solid waste rate discount program, which does not currently exist. However, Proposition 218 mandates that the City is required by law to charge each ratepayer the same for their fair share of service. Since Council agreed unanimously to explore viable funding options for this discount program, the results of this will be presented at the June 2023 rate adoption public hearing.

"I want to support Councilwoman Torosis 'inclination to provide a discounted program or if there's any smart way that we can do it within the law, that'd be great," Councilmember Oscar de la Torre said.

> "I want to support Councilwoman Torosis 'inclination to provide a discounted program or if there's any smart way that we can do it within the law, that'd be great
>
> - Oscar de la Torre Councilmember

However, de la Torre offered a friendly amendment to the motion, which was the establishment of a smaller committee made up of councilmembers to work with staff to define the quarterly community cleanups that made up part of the Option One proposal.

"Being that it was an initiative that came out of council, I'd like councilmembers to be engaged to work with staff to define sort of how those quarterly cleanups are going to roll out," de la Torre said.

Mayor Pro Tempore Lana Negrete expressed an interest to join de la Torre on that committee as did Councilmember Christine Parra.

HOMELESSNESS

may contact several nearby encampments during a single call.

THE HOMELESS EMERGENCY

The City has yet to reap any rewards from its recent declaration of Homelessness as a state of emergency and while other jurisdictions are making similar pronouncements, local officials have raised the fear that increased enforcement in nearby communities may push people onto local streets.

SMPD said enforcement by LAPD in the Venice area has a noticeable impact in the areas near the city border.

"We did notice an increase of encampments (typically around the beach area) whenever LA would conduct a sweep," said Lt. Rudy Flores. "Our HLP team and city services did collaborate and work with LA whenever this occurred, so that we had an opportunity to provide the needed resources or provide education about our city's encampment laws."

However, fears about Culver City's recent banning of tents have yet to come to fruition.

"Currently we have no evidence that Culver City is pushing people to Santa Monica from enforcing their camping law," said Lt. Flores.

EDUCATION FIRST

Chief Batista said his officers work to educate individuals who may have been camping in another jurisdiction about local rules and most individuals who want to camp do move on. However, what counts an encampment by the letter of the law may differ from the expectation of the community and even if tents or other structures are present, enforcement for encampments is limited by civil rights legislation.

Batista said it wouldn't be humane, or legal, to jail people just for being homeless.

"As a human being and as an officer now here in Santa Monica who has had the opportunity to drive around, walk around Downtown with officers and see the level of human suffering, that's just not, first off, that's not how I am wired, that's not how our officers are wired, but even more importantly, because we are following the law, it is not what the 9th Circuit allows us to do."

THE VALUE OF PARTNERS

While SMPD has developed partnerships with organizations like the Salvation Army, efforts to work and clear some encampments are limited by jurisdictional boundaries.

The freeway embankments and the bluffs to the Montana Bridge are under CalTrans jurisdiction. SMPD does use an online system to report maintenance and encampment issues to CalTrans. While SMPD can provide assistance when asked, local officers do not consistently enforce in those zones unless they are working with the responsible agency. The Public Works department does conduct biweekly clean ups in the city with SMPD assistance for public spaces which at times includes the bluffs and freeway embankments.

While sections of Santa Monica along the train line are Metro property, and technically under the jurisdiction of the Sheriff's Department, SMPD does have the ability to enforce local municipal codes in those ares.

emphasized the 'if.'

"There are a lot of 'ifs' so that's why we have the feasibility [study], so they come back to us and let us know how many 'ifs' still exist. And we have to pass the feasibility contracts to determine that" he said. "If we get past the 'ifs,' there is not a single reason from terms of student outcomes and being stewards of the resources we've been given – this is a no-brainer."

Board member Laurie Lieberman echoed his sentiment, noting that the purchase would allow for more space for Samohi's approximately 2,800 students.

"Samohi is not in any way, shape, or form, as big as it should be for the number of students that it has, even with declining enrollment," she said. "If you see an opportunity like this, which rarely, if ever, will present itself, to expand the Samohi campus, especially while we're in the midst of redoing and modernizing the campus, it's a no-brainer that we would have to explore it," she said. "Whether it will work or not, I don't know. In what way it will work, I don't know... a lot of things have to fall into place, but we don't have the capacity, unless we do a feasibility study with these various components, to make an intelligent assessment."

The total cost to the district of hiring contractors to conduct the feasibility study is estimated not to exceed a total of $362,090. Lieberman stressed that this does not take away from money for other projects including construction work planned for several elementary schools in the district.

The Board voted 6-1 to approve three feasibility study work contracts, with Maria Leon-Vasquez casting the only 'no' vote. She said she did not feel there had been adequate public input up to this point.

> "I think part of it is that we should have really brought back some of this information to the community at large"
> - Maria Leon-Vasquez

"I think part of it is that we should have really brought back some of this information to the community at large," she said.

Other Board members and Upton said that it did not make sense to gather community feedback until it could be confirmed that the project is even a realistic possibility and emphasized that there will be plenty of opportunities for community members to have their voices heard on whether to move forward if it is found to be feasible.

Upton said results of the feasibility study will be available in July or August of this year.

Opportunities

Caregiver with over 15 yrs experience offering his service from Monday-Friday. Call Julio at 310.621.1045

PLACE YOUR CLASSIFIED HERE

TODAY'S BIRTHDAY (March 6)

In even the busiest and most fulfilled life, there is a constant craving. It will give you high energy and drive you forward to new adventures. You'll earn your way into being in position of options, which you will narrow down quickly by sticking to your values and standards. More highlights include a series of excellent trades, money made with family and the romance of a stunning destination. Sagittarius and Leo adore you. Your lucky numbers are: 1, 7, 31, 28 and 46.

HOROSCOPES

ARIES (March 21-April 19). Life will be like a swing today with momentum that takes you back and forth, but only within a limited range of motion. And though you move forward only to be brought back to where you started, at least you get the rush of experiencing your own vigor.

TAURUS (April 20-May 20). You're not afraid to take action, but you're mindful of the other players. You'll follow protocol to be sure you don't disrespect anyone. The task is not worth doing if it hurts feelings along the way. You make a point to lift others.

GEMINI (May 21-June 21). Are there winners and losers? Maybe. Or maybe it's all how you frame it. These games will rely entirely on perspective. You'll feel at liberty to look at things in a number of ways and find the perspective that most empowers you.

CANCER (June 22-July 22). The more you value yourself, the more others will value you. You'll spend money on making yourself feel better. Investing in yourself will be a way of paying respect and showing gratitude for the physical vehicle of your body and mind.

LEO (July 23-Aug. 22). You have been blocking a chaotic element out of your life. Through the years, you learned to do this so automatically you no longer realize it's a choice, but something will happen today to help you appreciate how you've learned to manage life's realities.

VIRGO (Aug. 23-Sept. 22). The stressors in your life will come to bear on your ability to resist temptation. The best way to stick to your plans for yourself is to reduce your stress through exercise or meditation. Tonight, you'll express yourself and you will be copied, which is a high form of flattery.

LIBRA (Sept. 23-Oct. 23). Replenish your energy with time in the sun. Fresh air and the warm light on your skin will be crucial to your well-being. Tonight, you'll be as effective as you are organized. Make a list and check it twice so nothing falls through the cracks.

SCORPIO (Oct. 24-Nov. 21). You look forward to spending time with a certain someone. These small interactions are part of an important pattern. You sense correctly that there's a mutual value gleaned in the exchange.

SAGITTARIUS (Nov. 22-Dec. 21). Things cannot improve while staying the same. The status quo will be disrupted, and this is part of the process. You will drop your resistance to life's flow. You'll move fluidly, adjusting to new people and environments.

CAPRICORN (Dec. 22-Jan. 19). You can still accomplish your most serious work while in a playful state. You'll be around people who bring out a fun side of you and make you feel sharper and more alive. This kind of energetic match doesn't come around every day, so enjoy!

AQUARIUS (Jan. 20-Feb. 18). Your feelings are valid. Maybe you are not having the emotion you would prefer, but it's not like you get to choose. The feelings come up and then they dissipate. Good or bad, they are fleeting. There is nothing to be afraid of.

PISCES (Feb. 19-March 20). There is too much to know in this world for one person to have it all figured out. You're eager to learn and up for challenge. The old saying applies: "If you're the smartest person in the room, you're in the wrong room."

FIND THE WORDS

This is a theme puzzle with the subject stated below. Find the listed words in the grid. (They may run in any direction but always in a straight line. Some letters are used more than once.) Ring each word as you find it and when you have completed the puzzle, there will be 19 letters left over. They spell out the alternative theme of the puzzle.
