Shared Mobility program to be expanded

BRENNON DIXSON
SMDP Staff Writer

Santa Monica's Shared Mobility program will soon be expanded to include four operators after a 5-2 vote by City Council this week.

Staff recommended that Council shift the city's mobility program from its current permitting model to a contracting model in order to mitigate affordability concerns and market volatility that has disrupted service for some customers since the onset of the COVID-19 pandemic. But Councilmembers decided to extend the city's current pilot program to June 30, 2021, approve a second permit-based Shared Mobility Pilot Program and asked staff to issue a Request for Applications seeking for up to four shared mobility operators in Santa Monica from July 1, 2021, through March 30, 2023.

An RFA process similar to the undertaken for the City's first shared mobility pilot is now expected to be done this spring, and at the conclusion of the pilot program, the City will move to a contract-based system, beginning on March 31, 2023.

City leaders said in a recent news release the decision is part of Santa Monica's commitment to being a multi-modal city, which is also demonstrated by Council's decision to allow the use of Class I and II and electric bikes on Santa

Council to discuss community priorities for budget planning

BRENNON DIXSON
SMDP Staff Writer

Santa Monica City Council is set to gather this Saturday for a rare weekend meeting where it's expected to adopt the community priorities that will guide its coming budget process, and the community is invited to participate.

The meeting will begin at 1:30 p.m. and will pertain to the development of Santa Monica's Fiscal Years 2021-2023 Biennial Budget, which provides an important opportunity for city staff to gather input from the community and for City Council to identify community priorities that will direct the next two years of budgetary planning, according to a staff report available online.

"It goes without saying that 2021 is a time of great uncertainty and change," the staff report states, so this is an opportunity for the Council and the community to reflect on where the city stands today and what is most important as the region begins recovering from the COVID-19 pandemic.

As previously reported to Council in January, the report states, "the City's finances are stable despite drastically reduced revenues resulting from the COVID-19 pandemic as a result of (a) substantial cuts that were made to City services and staffing in the FY 2020-21 budget process and (b) the use of reserves and the setting aside of a $20 million Shutdown Reserve that was indeed needed to cover dramatic revenue losses during the COVID-related shutdown that Los Angeles County experienced in December 2020 and January 2021."

Although the City did not receive meaningful support from the Federal Government in 2020, the American Rescue Plan is expected to be signed by President Biden this

A Community Response Unit could be a key tool in tackling homelessness

RESPONSE: A Santa Monica Firefighter EMT helps woman during the 2019 CRU pilot program

CLARA HARTER
SMDP Staff Writer

As the rates of homelessness continue to swell in Santa Monica, City Council is reconsidering the Fire Department's proposal to address this issue with a Community Response Unit.

A Community Response Unit rethinks the way emergency services respond to homeless related incidents, by using 9-1-1 calls as an opportunity to connect unhoused individuals to solutions and resources.

Currently around 20 percent of Santa Monica Fire Department's calls involve homeless individuals, and often firefighters' only option is to transport the individual to an emergency room and rush back to the fire station to be ready for their next call.

A Community Response Unit would assign dedicated firefighter EMTs to 9-1-1 calls with homeless individuals. CRU staff would assess the individual's health and remain on scene as long as needed to build trust and connect them to resources—be it medical support, mental health support, substance abuse counseling, housing options, or transportation home.

"When we receive a 9-1-1 call for homeless individuals, these are people who have fallen through the infrastructure safety net of state, county or city services," said Santa Monica Firefighters Union President Dom Bei. "The CRU effectively connects these people to the resources they really need, while maintaining life saving emergency capabilities for critical incidents."

SMFD successfully piloted a small scale version of this program from January 2019 to April 2019, but the City turned down SMFD's proposal to fund a permanent program later that year.

Since then the number of homeless people on Santa Monica's streets has only grown.

Fire Chief Bill Walker said a CRU could significantly impact the number of homeless people in need of assistance and result in long-term savings for the City. Currently chronically homeless 9-1-1 callers generate a significant cost to the community between Fire Department resources, ambulance transportation, and emergency room visits.

Plaintiff Wilshire CenterCal, LLC ("Plaintiff"), is a Delaware limited liability company in good standing, organized and existing under the laws of the State Delaware, and admitted to and doing business and owning property in the State of California, and specifically in Los Angeles County, California. 2. Plaintiff is informed and believes, and thereon alleges, that defendant Crescent Bay Abstract Company ("Crescent"), prior to 1911, was a California corporation organized and existing under the laws of the State of California, which owned property and did business in Los Angeles County, California. Plaintiff is further informed and believes, and on that basis alleges, that on or about November 30, 1911, the Secretary of State of California suspended Crescent from doing any further business in California based on a failure to make payments to the Franchise Tax Board. 3. Plaintiff is the owner of and holds fee title to the commercial real property commonly known as 1931 Wilshire Boulevard, Santa Monica, County of Los Angeles, California 90403 [also known as 1921 and 1933 Wilshire Boulevard] (the "Property") and more particularly described in Exhibit A to the Grant Deed recorded in the Public Records of Los Angeles County on January 6, 2020, as Document Number 20200014000, a true copy of which is attached hereto as Exhibit A and incorporated herein by this reference (the "2020 Grant Deed"), which Property has the following legal description: Lots 8, 9 and 10 in Block 8 of Green Acres, in the City of Santa Monica, County of Los Angeles, State of California, as per Map recorded in Book 9, Page 126 of Maps, in the Office of the County Recorder of said County. APN 4276-008-014 and 4276-008-015 Plaintiff acquired said Property on or about January 6, 2020. 4. Plaintiff is informed and believes, and thereon alleges, that defendant Crescent was the owner of and held fee title to following described portion of the Property prior to and up to April 29, 1908: Lot 10 in Block 8 of Green Acres, in the City of Santa Monica, County of Los Angeles, State of California, as per Map recorded in Book 9, Page 126 of Maps, in the Office of the County Recorder of said County. APN 4276-008-015 This smaller portion of the whole Property owned by Crescent up to and including April 29, 1908, will be referred to hereinafter as "Lot 10". 5. On or about April 29, 1908, Crescent transferred Lot 10 to Mary Reeves and O. Elliott by a Grant Deed which was recorded at Book 3331, Page 307 of the official records of Los Angeles County [the "1908 Grant Deed"]. (A true copy of the 1908 Grant Deed is attached hereto as Exhibit B and incorporated by this reference.) The 1908 Grant Deed states that: 1) no part of Lot 10 shall ever be used for business purposes (hereinafter "the Business Purposes Restriction"), 2) that no residence shall be erected, placed or permitted on said premises costing or being worth less than $1,200 nor situated less than 30 feet from the front of said lot (hereinafter "the Residential Use Restriction"), and 3) that the grantees shall not allow or authorize in any manner directly or indirectly said premises or any part thereof to be used for the business of vending intoxicating liquors for drinking purposes whether such vending shall be done directly or under some evasive guise (hereinafter "the Sale of Alcohol Restriction") (the Business Purpose Restriction, the Residential Use Restriction and the Sale of Alcohol Restriction shall be collectively all be referred to hereinafter as "the Use Restrictions"). The 1908 Grant Deed does not recite or state in any way that any of the Use Restrictions apply to or benefit any other real property. 6. The defendants herein named as "ALL OTHER PERSONS UNKNOWN, CLAIMING ANY LEGAL OR EQUITABLE RIGHT, TITLE, ESTATE, LIEN, OR INTEREST IN THE PROPERTY DESCRIBED IN THE COMPLAINT ADVERSE TO PLAINTIFF'S TITLE, OR ANY CLOUD ON PLAINTIFF'S TITLE THERETO," are unknown to Plaintiff. Those defendants, and each of them, may claim some right, title, estate, lien, or interest in Lot 10 adverse to Plaintiff's title thereto. Any such claim or claims are without any right whatsoever, and those defendants have no right, title, estate, lien, or interest whatever in Lot 10 or any part thereof. Plaintiff further alleges that none of the unknown defendants named in this paragraph are in open or actual possession of the Property, or any portion thereof, including Lot 10. 7. Plaintiff does not know the true names or capacities of defendants sued herein as DOES 1 through 25, inclusive, and will amend this Complaint to set forth the true names and capacities of those fictitiously-named defendants when the same have been ascertained. Plaintiff is informed and believes, and thereon alleges, that at all times herein mentioned, each of those fictitiously-named defendants was the agent or employee of the other fictitiously-named or actually-named defendants and, acting within the course and scope of such employment or agency, took some part in the acts or omissions hereinafter set forth, or is the principal and took some part in

said acts or omissions, or claims some right, title, or interest in Lot 10, by reason of which each of those fictitiously-named defendants is liable to Plaintiff for the relief prayed for herein. FIRST CAUSE OF ACTION (Quiet Title) 8. Plaintiff realleges and incorporates herein by reference the allegations in Paragraphs 1-7, above. 9. Plaintiff is informed and believes, and based thereon alleges as follows: on or about April 9, 1908, Crescent executed and caused to be recorded in the Public Records of Los Angeles County the 1908 Grant Deed, conveying the Lot 10 to Mary Reeves and O. Elliott (collectively the "Grantees"). The 1908 Grant Deed executed and recorded by Crescent also set forth certain use restrictions, the Business Use Restriction, the Residential Use Restriction and the Sale of Alcohol Restriction, relating to Lot 10. It is Plaintiff's allegation that the Business Use Restriction, the Residential Use Restriction and the Sale of Alcohol Restriction relating to Lot 10 were all personal between Crescent and the Grantees, do not benefit Lot 10 in any way, do not run with the land, Lot 10, do not burden or restrict the use of the land, Lot 10, once Lot 10 had been transferred by Grantees, and do not presently or currently burden or restrict Plaintiff's, or its lessees, successors or assigns, right to or ability to use Lot 10 in any way whatsoever. 10. On or about January 6, 2020, Plaintiff acquired the Property, including Lot 10, from Headland Properties, LLC, which the prior owner had leased out and used for a store for the retail sales of clothing and related items. Now, Plaintiff seeks to redevelop the Property, including Lot 10, into a residential and commercial mixed-use development, including a grocery store which will operate a commercial business and will sell products containing alcohol on the Property, including Lot 10. 11. Plaintiff is informed and believes, and based thereon alleges, that for the vast majority of the time following the 1908 Grant Deed Lot 10 has been used for commercial business purposes, retail sales, including as a GAP retail store since at least 1985. Plaintiff is further informed and believes, and based thereon alleges, that the three lots (Lots 8, 9 and 10) comprising the Property were the subject of a lot-tie agreement in 1976 making the three lots one cohesive unit of property for the future conduct of business purposes on the Property. 12. Plaintiff is informed and believes, and on that basis alleges, that all defendants, and each of them, including Crescent, claim an interest adverse to the Plaintiff in Lot 10, owned in fee by Plaintiff, in that each such defendant claims to possess a right to enforce the Use Restrictions as they apply to Lot 10. 13. In truth and fact, no such claimed adverse or other right to enforce or apply the Use Restrictions in any way exists in favor of defendants, including Crescent, and the Use Restrictions do not bind, apply to and are not enforceable against Lot 10 or its owners or lessees. The claims or alleged rights of defendants set forth above are without any right or basis whatsoever and all such defendants, including Crescent, have no right, title, estate, lien, interest whatsoever or ability to in any way enforce the Use Restrictions in any way, manner or form over Lot 10 or any portion thereof, and the Use Restrictions do not bind, apply to and are not enforceable against Lot 10 or its owners, lessees or successors or assigns. 14. Plaintiff seeks to quiet title to defendants' claims and/or rights and that the Use Restrictions do not bind, apply to and are not enforceable against Lot 10 or its owners, lessees, successors or assigns as of the date of the filing of this Complaint. WHEREFORE, Plaintiff prays for judgment as hereinafter set forth. SECOND CAUSE OF ACTION (Cancellation of Instrument - Civil Code § 3412) 15. Plaintiff realleges and incorporates herein by reference the allegations in Paragraphs 1-14, above. 16. The existence of any one or all of the Business Use Restriction, the Residential Use Restriction and the Sale of Alcohol Restriction in the 1908 Grant Deed is a cloud upon Plaintiff's title and unreasonably interferes with Plaintiff's use of the Property, which includes Lot 10, and if allowed to remain of record, will cause damage to Plaintiff by limited Plaintiff's ability to develop, use or lease the Property. 17. The Use Restrictions are not enforceable against Plaintiff and do not apply in any way to restrict the use of the Lot 10 because they were all personal between Crescent and the Grantees and do not run with the land, Lot 10, do not burden or restrict the use of Lot 10, once Lot 10 had been transferred by Grantees, and do not presently or currently burden or restrict Plaintiff's right to or ability to use Lot 10 in any way whatsoever. 18. Plaintiff has no adequate remedy at law and can only be made whole by a declaration by this Court that each and every one of the Use Restrictions contained in the 1908 Grant Deed, attached hereto as Exhibit B, are void and a judgment entered by this Court cancelling said Use Restrictions from the 1908 Grant Deed. 19. No offer to restore consideration by Plaintiff is necessary in this case as no consideration was ever exchanged between Plaintiff and Crescent. 20. Upon application of a party, the Court has the power under Civil Code section 3412 to order the cancellation of any portion of a written instrument in respect to which there is reasonable apprehension that if it, or any part of it, are left outstanding, may cause injury to another party. 21. Plaintiff prays that each of the Business Use Restriction, Residential Use Restriction, and Alcohol Sale Restriction in the 1908 Grant Deed attached hereto as Exhibit B be declared void and of no effect and that each of the Business Use Restriction, the Residential Use Restriction and the Alcohol Sale Restriction in the 1908 Grant Deed be declared cancelled. WHEREFORE, Plaintiff prays for judgment as hereinafter set forth. THIRD CAUSE OF ACTION (Declaratory Relief) 22. Plaintiff realleges and incorporates herein by reference the allegations in Paragraphs 1-21, above. 23. An actual controversy has arisen and now exists relating to Plaintiff's or its lessees ability to develop and use Lot 10 for business purposes and to sell alcohol or products containing alcohol. Plaintiff contends, and is informed and believes, and on that basis alleges, that all defendants deny, as follows: (a) That the Business Purposes Restriction does not burden Lot 10, does not run with the land and restrict Lot 10 in any way, does not apply to Lot 10 and does not apply to, effect or restrict Plaintiff or its lessees, successors, or assigns use of Lot 10 in any way. (b) That the Residential Use Restriction does not burden Lot 10, does not run with the land and restrict Lot 10 in any way, does not apply to Lot 10 and does not apply to, effect or restrict Plaintiff or its lessees, successors, or assigns use of Lot 10 in any way. (c) That the Sale of Alcohol Restriction does not burden Lot 10, does not run with the land and restrict Lot 10 in any way, does not apply to Lot 10 and does not apply to, effect or restrict Plaintiff or its lessees, successors, or assigns use of Lot 10 in any way. 24. Plaintiff is the owner in fee of the Property and of Lot 10 contained within the Property, and desires a judicial declaration of Plaintiff's title as the owner in fee of said Property and Lot 10 and that each of the Business Purposes Restriction, the Residential Use Restriction and the Sale of Alcohol Restriction do not burden Lot 10, do not run with the land and restrict Lot 10 in any way, do not apply to Lot 10 and do not apply to, effect or restrict Plaintiff, or its lessees, successors, or assigns, type of use of Lot 10 in any way and that all defendants have no rights whatsoever in respect to how Lot 10 may be used by Plaintiff, it lessees, successors and assigns. This is a proper action for determination of the rights of Plaintiff and of the defendants, if any, pursuant to the provisions of California Code of Civil Procedure section 1060. 25. A judicial declaration is necessary and appropriate at this time under the circumstances in order for the title to and the ability of Plaintiff and its lessees to develop and use Lot 10 for a residential and commercial mixed-use development, containing a grocery business which will sell alcohol and/or products containing alcohol issues to be resolved prior to the completion of Plaintiff's efforts to develop the Property for residential and commercial business purposes, including the sale of alcohol and products containing alcohol. WHEREFORE, Plaintiff prays for judgment as follows. PRAYER As to the First Cause of Action for Quiet Title: 1. For a judgment quieting title, declaring that fee title to the Lot 10 is quieted in Plaintiff, free and clear of any covenant, servitude or restriction of any kind, including the Business Use Restriction, the Residential Use Restriction and the Sale of Alcohol Restriction, preventing the use of the Property by Plaintiff, or its lessees, successors and assigns, in any way as a residential and commercial mixed-use development, for business of any kind or limiting or preventing in any way the sale of alcohol, alcoholic beverages or products that contain alcohol on the Property, as of the date this Complaint is filed; As to the Second Cause of Action for Cancellation of Instrument: 2. For an order and judgment that the Business Use Restriction, the Residential Use Restriction and Alcohol Sale Restriction in the 1908 Grant Deed attached hereto as Exhibit B are declared void and of no effect and cancelling the Business Use Restriction, the Residential Use Restriction and Alcohol Sale Restriction in the 1908 Grant Deed. As to the Third Cause of Action for Declaratory Relief: 3. For a decree of this Court adjudging and declaring Plaintiff's title as the owners in fee of Lot 10 and that: a) the Business Purposes Restriction does not burden Lot 10, does not run with the land and does not restrict Lot 10 in any way, does not apply to Lot 10 and does not apply to, effect or restrict Plaintiff or its lessees, successors, or assigns use of Lot 10 in any way, b) the Residential Use Restriction does not burden Lot 10, does not run with the land and does not restrict Lot 10 in any way, does not apply to Lot 10 and does not apply to, effect or restrict Plaintiff or its lessees, successors, or assigns use of Lot 10 in any way, and c) the Sale of Alcohol Restriction does not burden Lot 10, does not run with the land and restrict Lot 10 in any way, does not apply to Lot 10 and does not apply to, effect or restrict Plaintiff or its lessees, successors, or assigns use of Lot 10 in any way. As to All Causes of Action: 4. For costs of suit incurred herein; and 5. For such other and further relief as the Court deems just and proper. Dated: February 23, 2021 MILLER STARR REGALIA By: W. I was very happy because I read that they had completed working on the McClure tunnel to make it safer. If they have completed the lighting on this tunnel then I must say that it is still not a safe place to drive through. Both my wife and I drove through this morning and coming from the brightness outside to going into the dark tunnel is quite scary. Sooner or later there is going to be a big accident and a fatality. Having been to Norway many times and driving through their many tunnels through the mountains, I always feel safe. Their tunnels are sometimes 3 miles long and they are all so bright and clear and safe!!

HOMELESSNESS

FROM PAGE 1

An SMFD analysis found that between Aug 2016 and June 2018, 9-1-1 requests from three of their most frequent homeless callers cost $558,032 — $58,000 more than the $500,000 SMFD is currently requesting to launch a permanent CRU.

This $500,000 would fund a 'bare bones' program and employ two firefighter EMTs to staff a CRU for 40 hours a week. This is significantly pared down from the SMFD's 2019 proposal for a $1.8 million program with six dedicated staff members and a data analyst intern.

The City is still in the throes of Covid-19 economic recovery and hesitant about funding new programs. However, SMFD maintains that this program would save money in the long-term as it is eligible for partial reimbursement from government agencies and would decrease the number of homeless individuals calling 9-1-1.

So far Councilmembers Kristin McCowan, Phil Brock, and Christine Parra have voiced support for funding a CRU, with Parra using her background as an Emergency Services Coordinator to explain the value of the unit.

"Recent changes to state law such as AB 1544 allows for the creation of EMS programs to transport patients to alternate destinations such as a mental health facility or sobering center. There are revenue opportunities for the city in utilizing the CRU for transports such as these and seeking reimbursement from agencies such as MediCare," said Parra. "Eventually the unit may be able to pay for itself and more."

Several nearby cities run similar programs through their fire departments, such as Long Beach's Homelessness Education and Response Team, Anaheim's Community Care Response Unit, and San Diego's Resource Access Program.

A CRU would have several applications beyond connecting homeless individuals to resources, such as helping elderly individuals who experience frequent falls, and supporting future vaccination efforts with mobile units.

week and will likely provide broad funding that could be used to support families, businesses, vaccination, and school reopening across the country. More information on this and how the city could benefit from the stimulus package will be presented to Council together with the FY 2021-23 Proposed Biennial Budget on Saturday.

The meeting will be broadcast on Youtube or the website https://primetime.bluejeans.com/a2m/live-event/xquvwyse.

"As noted above, the community priorities identified for FY 2021-2023 will, among other things, shape the City's biennial budget. These priorities will also help shape the City's plans in reopening City facilities and services, ensuring limited in-person resources go to services and programs most important to our community as early as April," the report states, detailing how staff will work with departments to focus work plans and resources on the priorities since there are limited funds for new initiatives or resources.

The proposed budget is expected to be published on May 10, 2021 and Council will consider the budget at a Study Session on May 25, 2021. Council is then expected to adopt the budget at a meeting on June 22, 2021.

L.A. County Announces Sector Safety Measures for Red Tier

The Los Angeles County Department of Public Health anticipates qualifying for the State's Blueprint for a Safer Economy less restrictive red tier that allows for additional re-openings between Monday, March 15 at 12:01am and Wednesday, March 17. The exact date depends on when 2 million doses have been administered to people in the most under-resourced communities across the state.

The County is principally aligned with the state's reopening framework for the red tier, with mandatory masking, distancing and infection control practices for every business and permitted activity. Additional safety modifications are required or recommended for certain sectors.

Newly permitted activities and modified safety protocols in the red tier will include the following:

Museum, Zoos and Aquariums can open indoors at 25% capacity.

Gyms, Fitness Centers, Yoga and Dance Studios can open indoors at 10% capacity with masking requirement for all indoor activities.

Movie Theatres can open indoors at 25% capacity with reserved seating only where each group is seated with at least 6 feet of distance in all directions between any other groups.

Retail and Personal Care Services can increase capacity to 50% with masking required at all times and for all services.

Restaurants can open indoors at 25% max capacity under the following conditions: 8 feet distancing between tables; one household per table with a limit of 6 people; the HVAC system is in good working order and has been evaluated, and to the maximum extent possible ventilation has been increased. Public Health strongly recommends that all restaurant employees interacting with customers indoors are provided with additional masking protection (above the currently required face shield over face masks); this can be fit tested N95 masks, KN95 masks, or double masks and a face shield. In addition, Public Health strongly recommends that all employees working indoors are informed about and offered opportunities to be vaccinated. Outdoor dining can accommodate up to six people per table from 3 different households.

Indoor Shopping Malls can increase capacity to 50% with common areas remaining closed; food courts can open at 25% capacity adhering to the restaurant guidance for indoor dining.

Institutes of Higher Education can re-open all permitted activities with required safety modifications except for residential housing which remains under current restrictions for the Spring semester.

Schools are permitted to re-open for in-person instruction for students in grades 7-12 adhering to all state and county directives.

Private gatherings can occur indoors with up to 3 separate households, with masking and distancing required at all times. People who are fully vaccinated can gather in small numbers indoors with other people who are fully vaccinated without required masking and distancing.

Public Health has confirmed 101 new deaths and 1,378 new cases of COVID-19. To date, Public Health identified 1,208,024 positive cases of COVID-19 across all areas of L.A. County and a total of 22,304 deaths.

Of the 101 new deaths reported today, 27 people that passed away were over the age of 80, 47 people who died were between the ages of 65 and 79, 21 people who died were between the ages of 50 and 64, and three people who died were between the ages of 30 and 49. One death was reported by the City of Long Beach and two deaths were reported by the City of Pasadena.

"To the families and friends mourning the loss of a loved one to COVID-19, we wish you healing and peace," said Barbara Ferrer, PhD, MPH, MEd, Director of Public Health. "We plan to move into the red tier very soon, and that allows for more re-openings and permitted activities in L.A. County. This milestone is the result of businesses and individuals working together and doing their part to prevent COVID-19 from spreading. It will be up to everyone, businesses and residents, to continue driving down transmission and to follow safety directives closely to keep everyone as safe as possible by preventing increases in cases. When even relatively small numbers of businesses and individuals fail to adhere to the safety precautions, many others experience tragic consequences."

Public Health continues to track outbreaks at worksites and continues to assist sectors with required business protocol compliance and safety measures. The number of outbreak investigations continues to decline. There are currently 488 ongoing outbreak investigations; this is a significant reduction from the 1,187 outbreak investigations reported on February 11.

There are 1,056 people with COVID-19 currently hospitalized and 30% of these people are in the ICU. Testing results are available for nearly 5,927,000 individuals with 19% of people testing positive. Today's daily test positivity rate is 2.1%.

That School Board

RECALL IS REAL

I've heard rumblings for some time from a group of parents here, apparently growing in size and discontent, who say they are fed up with what they consider the imperious attitudes and methods of a school district administration and School Board who marginalize dissent and behave more paternalistically than even our City Council has.

They told me they feel the Board, who sets school policy and hires the superintendent and top administrators, has become an impediment rather than an aid to the excellent education for which our city has become known, and are detrimental to a timely, safe return to opening the schools. They launched their website today to recall them.

Courtesy image

RECALL: Parents are mounting a recall.

RECALLSMMUSD.ORG

It was password protected but it opened to anyone. They said they've been waiting on their flyers to be printed, which they will distribute on social media and at an Open Up march, this Saturday morning at 10:30, moving up Pico from Belmar Park, across from Samohi, ending at Virginia Park at Cloverfield. It commemorates one year of being closed.

The reason I am not quoting some spokesperson is because, I was told, the group decided to do it that way. "We are working together as a group of concerned parents, with everyone contributing what their skills and experience have to offer." All who were contacted said there are no titles, no leadership positions, intentionally.

THE FLYER

I have just received a copy of the group's flyer, and it says, in part:

"SMMUSD School Board is failing our children and our community."

And then the flyer lists five areas of alleged failure:

"FAILED to follow state and federal recommendations to re-open schools;

FAILED in providing student equity;

FAILED in transparent communication with stakeholders;

FAILED in financial stewardship;

FAILED ethically with numerous conflicts of interest."

"This incompetence spans decades, as does the misuse of tax dollars at the expense of our children's education."

"We can stop it!"

Because this information all became available so close to deadline, we have not yet had an opportunity to contact leaders of the district or the School Board for comment. However, knowledge of the group's existence and plans for a recall have been known for a while.

WHY?

Would anyone want to be elected to the School Board anyway? It's an awful lot of work, you're paid peanuts but expected to know everything from restroom maintenance to teaching philosophies to construction. And between parents, teachers, students, unions and newspaper columnists, it seems you can't make anyone happy. When they had a chance to fill a seat recently, they did not give it to the person who got the next highest number of votes in the last election. That raised a stink.

$1,000.000,000+. That's a pretty hefty bank account, from the voters, from school bond measures, to build what you choose. You usually can't use school bond money to pay for more teachers or learning materials, uniforms or field trips; it generally goes for infrastructure. Shiny new buildings, even when they are not really needed, raise surrounding property values. Who's happy about that, that further gentrification? Some people and corporations, for sure.

Just two years ago in Santa Monica, we voted the district nearly a quarter of a billion dollars more and they've pretty much run through that, but with so many unfinished construction projects they will likely have to ask for another. School bond measures almost always pass; you wouldn't deny money for the children, would you? But the last one encountered some opposition, and I have heard many local voters already saying they will not vote for another one similar, anytime soon.

A lot of unions and construction firms are really happy to get those fat contracts. If you are on the School Board, you just might wind up approving big contracts to companies that pay a consulting fee to someone in your family. Unknowingly, of course, because those School Board agenda documents are so thick, who has time to read them?

Another reason to run for School Board: some springboard to higher office. And then there are those rare ones who just want to see our kids get the best education possible. Imagine. All sorts of reasons.

DISTRUST

Do I personally back this movement to recall the School Board? I could fill my next three columns entirely with instances that have brought me to this point of distrust with the district and School Board actions. I did write a column in January about my disagreement with how the plans came about to remake our high school, in particular to

SEE **CURIOUS CITY** PAGE 7

CURIOUS CITY

FROM PAGE 6

demolish the iconic History Building. For a lot of people, that seems to have been the last straw.

The school district keeps telling us this has been in the works for many years, it's public information and everyone knows about it. But I have had so many people, particularly Samohi alumni, tell me they hadn't heard a word about it until they read it in my column. That's no accident, oversight or exception. It is a method of operating that needs to change.

We have a high school in Malibu that has, for more than a decade, had known soil contamination, poisoned with PCBs likely causing thyroid cancer. For that and other reasons, Malibu and Santa Monica are negotiating to split the school district. Goodbye the Malibu piggy bank.

ENOUGH ALREADY!

It seems when it comes to a School Board that's about as transparent as a chalkboard, the bell is about to ring. This recall group seems very much aware that this is not the best time, with the enormous task of trying to get our schools open safely during a pandemic. They are completely behind re-opening, they say, but when is a good time to remove Board members?

"There are only 2 logical conclusions that can be made from the complete inaction of the SMMUSD School Board," it accuses on their website.

"A: Corruption/Collusion or B: Gross Incompetence."

"Either way, it's time for new leadership. Our kids and our teachers deserve better."

Reconstituting the School Board with members who are open, honest, and willing to make known their decisions and defend them to the community, rather than digging in and declaring, you're too late! -- why weren't you at that meeting in Malibu on a Thursday night 10 years ago? It was on our website! -- is exactly what we need now. A new tradition. An example of good governance for our kids. In times that call for us to do almost everything differently, this is a good step, I believe.

MOBILITY

FROM PAGE 1

Monica's portion of the beach bike path.

"We've always taken a flexible approach to shared mobility given how quickly the industry and community needs shift," Mayor Sue Himmelrich said. "What has not changed is the value these devices bring in offering residents and visitors a convenient, accessible alternative to cars that can reduce vehicle congestion and greenhouse gas emissions. Santa Monica is committed to safe, sustainable, and affordable transportation, and these values will guide the second pilot and future contracting process."

Himmelrich also said this week she had a strong belief in the benefit of variety, which is why she opted to add a friendly amendment to Councilmember Phil Brock's original motion Tuesday evening.

"The thing I keep thinking about is when airports used to have one vendor who had all the shops in the airport, and it sucked," Himmelrich said during the discussion. "Pardon my French (but) I think variety is the spice of life… and I think we would do better seeing other models of mobility in the city."

Councilmenber Gleam Davis asked why the City would consider adding four new operators who would have to adjust to various mandates pertaining to enforcement during one of the most chaotic times of the year.

"It's not a good idea," she said, reminding councilmembers June is only a few months away.

"We'd be looking at four more seasoned, more mature companies," Councilmember Oscar de la Torre said, stating it's safe to believe the onboarding process will go smoother than it has in the past based on the testimony of the different companies who phoned in to pitch the City on their product during public comment period Tuesday.

"These folks are paying attention and listening to us right now. They know that we have certain criteria and standards that we want them to meet. I think it's totally doable," de la Torre added.

Davis wasn't alone in her concerns though. Councilmember Kristin McCowan also voiced apprehensions about staff's capacity to handle the workload among other problems, but she recognized she was in the minority.

"We can vote on the motion, and I know where it's going to go because I can count just like everybody else sitting here," McCowan said. "What I'm saying is, I don't like what we're doing."

Himmelrich said she understood. "I don't like everything about it either," she said. "Sometimes you win, sometimes you lose."

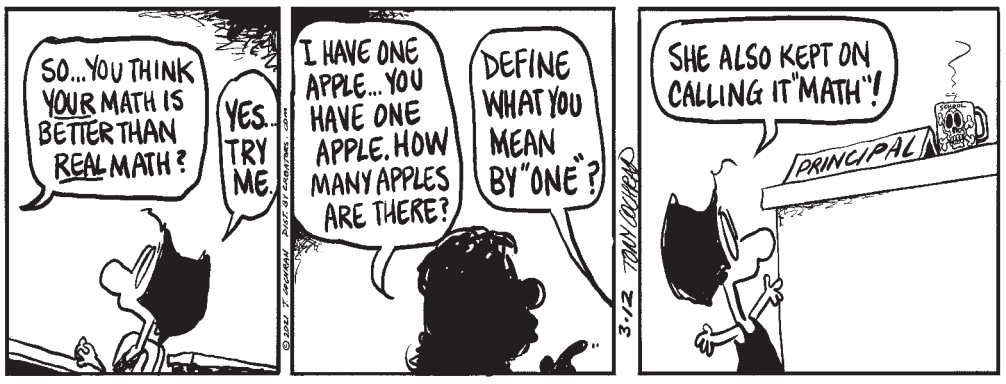

The motion passed with McCowan and Davis as the pair of dissenting votes.

TODAY'S BIRTHDAY (MARCH 12)

Your creativity soars high. This year, you'll follow a wild idea to full realization. The golden question is this: Which one? You have so many! The criteria your idea must meet to be successful: It helps others, is needed and doesn't exist in the world already, and there's a clear vision to the first dollar you'll make to sustain it. Libra and Leo adore you. Your lucky numbers are: 8, 18, 44, 17 and 30.

ARIES (March 21-April 19). People only take risks in hopes of achieving goals they think are possible. You'll paint a picture of your vision with well-chosen words and provide the inspiration others need to move forward.

TAURUS (April 20-May 20). Are glamour and authenticity at odds? Of course. Don't let that stop you from moving forward with both at the same time. The best things in life are mixed bags.

GEMINI (May 21-June 21). Both sides of the argument can't be right, but there is a rightness in each stance. It will bring you good fortune to look for it. Do it quietly, gingerly and with great respect.

CANCER (June 22-July 22). If you don't have an "elevator pitch," then this is the perfect time to come up with one. It's not for the influential people you might meet; rather, it's your clarity of purpose.

LEO (July 23-Aug. 22). You're efficient and impressively productive, appearing to balance many things at once, when really you are balancing one thing at a time, giving your full attention to each, however briefly.

VIRGO (Aug. 23-Sept. 22). Too-good-to-be-true almost always is, but sometimes the karma of one situation pays for the karma of another. Be a little open-minded on the matter today.

LIBRA (Sept. 23-Oct. 23). People fear their vulnerability and imagine far worse outcomes than would typically occur. Opening yourself to vulnerability is the most admirable, attractive and relaxing response to the day's challenges.

SCORPIO (Oct. 24-Nov. 21). Others don't know what they want, so how are you supposed to? You'll either have to help them find out what they want or create a new appetite from scratch.

SAGITTARIUS (Nov. 22-Dec. 21). The sky is a masterpiece we take for granted because it's always over us. But you won't make that mistake today. You'll choose your moments for appreciating the sky outside as well as a reflective appreciation of the sky inside you.

CAPRICORN (Dec. 22-Jan. 19). You're influential. Maybe you won't detect it, but you can be certain that people believe something different after they've interacted with you than what they believed before they encountered you.

AQUARIUS (Jan. 20-Feb. 18). It's all about thinking ahead today. You'll anticipate potential pitfalls and either avoid them or, if they are unavoidable, deal with them as quickly as possible.

PISCES (Feb. 19-March 20). The foundation of friendship is important, and you'll lay it well. It takes several more months and years to build the rest, especially the shelter that you can live inside that will weather the storms of life. Be patient and keep building.
