Latest From *Annals* (weekly)
Provides subscribers with an eTOC of the most recently published articles in *Annals of Internal Medicine* each week. E-mailed every Tuesday to subscribers and members who have asked to receive it.
Advertising rate is $8,000 per week.
Projected U.S. circulation is 444,000.

*Annals Fresh Look* (monthly)
Features thoughts and reflections on *Annals* content from the perspective of residents, fellows, and other early career physicians in general and subspecialty internal medicine. The blog also features content from medical students, medical educators, and others interested in the training and experience of early career physicians. *Annals Fresh Look* blog entries are posted monthly on the third Wednesday.
Advertising rate is $6,000 per month.
Projected U.S. circulation is 222,000.

*Annals for Hospitalists* (monthly)
Written by and for hospitalists, this monthly online feature includes commentary, an e-newsletter alert, summaries of *Annals* articles of particular interest to hospitalists, and highlights of ACP Journal Club articles. *Annals for Hospitalists* is developed in collaboration with the University of Michigan. Delivered to subscribers on the third Thursday of the month.
Advertising rate is $6,000 per month.
Projected U.S. circulation is 103,000.

*Annals of Internal Medicine* Trending Articles (monthly)
A new e-alert delivered to subscribers on the first Thursday of the month. It provides recipients with the 10 most accessed (or popular) articles published on Annals.org during the previous month. It also offers 100% SOV.
Advertising rate is $6,000 per month.
Projected U.S. circulation is 440,000.
ACP Diabetes Monthly
Delivers a monthly summary of the most compelling news stories about diabetes, including the latest research and clinical news, clinical guidelines, and FDA drug actions. This e-newsletter is delivered on the second Friday of the month.
Advertising rate is $6,000 per month.
Projected U.S. circulation is 145,000.

ACP Gastroenterology Monthly
Delivers a monthly summary of the most relevant news in gastroenterology and hepatology, including the latest research, clinical guidelines, and FDA drug actions. This e-newsletter is delivered on the fourth Friday of the month.
Advertising rate is $6,000 per month.
Projected U.S. circulation is 148,000.

ACP Hospitalist (weekly)
Provides ACP members who are hospitalists, residents, and others working in the hospital with news features and research summaries relevant to hospital medicine every Wednesday.
Advertising rate is $4,000 per month.
Projected U.S. circulation is 59,000.

Targeted Digital Advertising Opportunities

Targeted versions of ACP's e-newsletters will be e-mailed to your target audience to coincide with the release date of that specific e-newsletter. Each e-newsletter will carry your product’s message exclusively to your target list of health care providers. You’ll provide your designated audience with the most current ACP internal medicine content along with your message. ACP will provide you with physician-level data, including opens and clickthroughs.
