**Notice of the Sources of Fund Distributions
Pursuant to Section 19(a) of the Investment Company Act of 1940**

The following tables provide estimates of the sources of the distributions made by Funds issued by Bitwise Funds Trust. They provide an estimate of the source of the Funds' current distribution payable March 31, 2026 to shareholders of record on March 27, 2026. These are only estimates and are subject to change. These estimates are based on the Funds' fiscal year-to-date activity according to U.S. generally accepted accounting principles. These accounting principles may vary from those under federal tax law and, accordingly, may change the estimated characterization in the table below. The amount and source of future distributions, if any, may vary.

No action is required on your part. The amounts and sources of distributions reported in this notice are estimates, are not being provided for tax reporting purposes and may later be determined to be from taxable net investment income, short-term gains, long-term gains (to the extent permitted by law), and return of capital. The actual amounts and sources for tax reporting purposes will depend upon the Funds' investment experience during the remainder of the fiscal year and may be subject to changes based on tax regulations. The Fund will send you a Form 1099-DIV for the calendar year that will tell you how to report these distributions for federal income tax purposes.
