

Numerous studies link carotenoids, yellow, orange, red, and green pigments in fruit and vegetables, to enhanced immunity, eyesight, skin, bones and teeth, and optimal health. Fruit and vegetables are the best sources of carotenoids, but most people do not eat the 5-13 daily servings recommended for optimal health. Neolife's **Carotenoid Complex™** includes whole-food derived and bioactive ingredients whose benefits have been demonstrated in human studies conducted by the USDA and university researchers. Each 3 capsule serving provides the carotenoid equivalent of 1 serving of carotenoid-rich fruit & vegetables.

#2564 - 30 Capsules

#2565 - 90 Capsules

Why Carotenoid Phytonutrients?

- Carotenoid-rich fruit and vegetables are associated with a reduced risk of many aggressive threats to the well-being of the body.
- Carotenoids strengthen the immune system, helping the body to defend itself against a variety of aggressive threats.
- Carotenoids maintain good health in ways distinct from the actions of other dietary factors.

Our Solution: Carotenoid Complex

- Broad-spectrum, lipid soluble nutrient supplementation:** More than just beta-carotene, **Carotenoid Complex** provides a variety of carotenoid "family members" present in the human food chain in fruit and vegetables. Research continues to show that individual carotenoids play different and specific roles as part of the body's complex defence system.
- Featuring whole-food sourced ingredients:** Our exclusive blend of carotenoid-rich extracts and concentrates is derived from whole tomatoes, carrots, spinach, red bell peppers, strawberries, apricots, and peaches.
- Antioxidant power:** Carotenoids contribute to antioxidant activity in cellular lipids and support normal cellular growth.
- Convenient capsules:** Oil-based capsules help to facilitate absorption of carotenoids.
- Free of** synthetic colours, flavours, preservatives, and sweeteners.
- Convenient serving:** Each 3 capsule serving provides the carotenoid value of one serving of carotenoid-rich fruit and vegetables.

Carotenoid Complex is USDA Tested

United States Department of Agriculture (USDA) scientists conducted clinical research studies on **Carotenoid Complex**, Neolife's exclusive broad-spectrum carotenoid supplement derived from whole foods, and published their findings in peer reviewed scientific journals. The USDA studies showed that

Carotenoid Complex:

- Boosts immune capacity by 37% in just 20 days.[†]
- Dramatically enhanced the immune response of white blood cells - "natural killer" cells and lymphocytes.
- Is an effective antioxidant that protects blood lipid structure.
- This is important for maintaining healthy vasculature.
- Is highly bioavailable.** Beta-carotene gets into blood lipids where it acts as an important antioxidant.

DOSAGE: Take 1-3 capsules daily.

Each capsule contains 300 mg of Carotenoid Complex Blend consisting of:

Red Bell Pepper extract, Carrot extract, Strawberry concentrate, Apricot concentrate, Peach concentrate, Tomato extract, Spinach extract, Marigold extract.

Beta Carotene	1300 µg
Alpha Carotene	550 µg
Lycopene	400 µg
Lutein/Zeaxanthin	137 µg
D-alpha tocopherol	6 IU

Formulated in a base of pure olive oil.

NAPPI Code 834602-016

[†]Compared to values measured after a carotenoid depletion period where participants consumed a low-carotene diet low in fruit, vegetables, and their products.
