Autodesk has a process for schools that want to sign Student Data Addendums with them. To begin the process, email student.dpa@autodesk.com. Autodesk has a Student Data Addendum on file that schools can sign.

Fusion is an industry grade CAD program used in PLTW Classrooms. Students will need an Autdesk Account to use Fusion. They can create an account on their own, or be enrolled via SSO by their IT team. Information on what data is collected when using Fusion with an Education license is listed in the Children's Privacy Statement.
