Company Name: FNT GmbH

TM Forum Open API Name: TMF639 – Resource Inventory Management

TM Forum Open API Release Version: 4.0.0

Report Date: 28/11/2023
1. **What Product or Solution does your API support?**

FNT Command, which is a core component of FNT Command Platform, is covered by FNT’s implementation of TMF639 – Resource Inventory Management OpenAPI.
2. Overview of Certified API

TMF639 – Resource Inventory Management
FNT implemented a translation layer ("wrapper") for the TMF639 Open API based on the FNT IntegrationCenter product. This software wrapper provides full compatibility to external applications which are consuming the TMF639. The calls of such external applications are translated into API calls for the FNT Command Platform and the results are prepared according to the TMF639 OpenAPI specification.
