TM Forum Open APIs

Conformance Certification

Company Name: TM Technology Services Sdn. Bhd.

TM Forum Open API Name: TMF655 – Change Management

TM Forum Open API Release Version: 4.0.0

Report Date: 20/03/2024
1. **What Product or Solution does your API support?**

TM Change Management API provides an open and standard request and response API mechanism to create and retrieve Change Request from TM Change Management System. The system will invoke the API to create the Change Request and other TM ecosystems are able to retrieve the related information by invoking this API.

2. **Overview of Certified API**

This API performs the following operations:
1. Retrieve a List of Change Request resources depending on filter criteria using the GET.
2. Retrieve a List of Change Request resource using the GET operation.
3. Create a Change Request using the POST operation.
