Company Name: TM Technology Services Sdn. Bhd.

TM Forum Open API Name: TMF699 – Sales Management

TM Forum Open API Release Version: 4.0.0

Report Date: 20/03/2024
1. **What Product or Solution does your API support?**

TM Change Management API provides an open and standard request and response API mechanism to create (e.g. Sales lead generated in the system by a click on an advertising link) and retrieve Sales Lead from TM Sales Management System. The system will invoke the API to create the Sales Lead and other TM ecosystems are able to retrieve the related information by invoking this API.

2. **Overview of Certified API**

   This API performs the following operations:
   1. Retrieve a List of Sales Lead resources depending on filter criteria using the GET.
   2. Retrieve a List of Sales Lead resource using the GET operation.
   3. Create a Sales Lead using the POST operation.
