

LEARN ON YOUR TERMS!

At TRECA, we understand the need for flexibility. TRECA Summer School can offer you the ability to take classes from wherever summer adventures take you. At the beach? With the family? Working a summer job? No problem! We've got you covered. All of our courses are 100% online! Our program allows students to get ahead on courses before the school year or make up credit for a previously failed class. Whatever the case, Summer School affords you the flexibility you need!

SUMMER SCHOOL

MAKE THE MOST OF SUMMER 2023

HOW IT WORKS

We offer various courses, from core subjects to high-stakes exam preparation. Our high school courses are half-credit (.5) semester courses. Both semester courses are available for most courses if you need one full credit. Simply sign up for both semester courses during registration and you will have eight weeks to complete both courses. Our Test Prep courses are designed to prepare students for important tests, so they don't result in academic credit.

Before registering speak with your counselor about courses you'd like to take. It's important to verify that your district accepts TRECA credit. Online registration and full payment are due June 2nd, 2023. Payments can be made using a credit card or you can pay by check or money order. If paying by check or money order, payment must be received before registration closes.

- **HIGH SCHOOL COURSES**
\$95/half credit
- **TEST PREP COURSES**
\$55/course (no credit)
