

LEARN ON YOUR TERMS!

At TRECA, we understand the need for flexibility. TRECA Summer School offers the ability to take classes from wherever your summer adventures take you. At the beach? With the family? Working a summer job? No problem! We've got you covered. All of our courses are 100% online! Our Summer School program allows students to get ahead on courses before the next school year, or make up credit for a previously failed class. Whatever the case, TRECA Summer School provides the flexibility you need.

SUMMER SCHOOL

MAKE THE MOST OF SUMMER 2026

HOW IT WORKS

We offer various courses, from core subjects to high-stakes exam preparation. Our high school courses are half-credit (0.5) semester courses. Both semester courses are available for most courses if you need one full credit. Simply sign up for both semester courses during registration and you will have eight weeks to complete all requirements for all courses. Our Test Prep courses are designed to prepare students for important tests, so they don't result in academic credit.

Before registering, speak with your counselor about courses you'd like to take. It's important to verify that your district accepts TRECA credit. Online registration and full payment are due June 2, 2026. Payments can be made using a credit card or you can pay by check or money order. If paying by check or money order, payment must be received before registration closes.

- **HIGH SCHOOL COURSES**
\$95/half credit
- **TEST PREP COURSES**
\$55/course (no credit)
