TSCA Statement

The Toxic Substances Control Act of 1976 (TSCA) regulates the production, use, and disposal of certain chemicals of health and environmental concern. This includes certification reporting requirements for the import and export of any chemicals.

ASC Engineered Solutions confirms that its products do not contain chemicals listed on the TSCA Inventory (including PCBs, mercury, and asbestos). Chemical substances in our products comply with all applicable rules or orders under TSCA. Please note that we do not routinely test for these materials.
