

ACOUSTICAL CEILINGS

Quality Performance & Completion Within Budget = Success of Your Project

Our knowledge, talent, resources and experience guarantee a proactive construction team on your project

EXPECT TO BE IMPRESSED

Whether you are constructing an acoustical sensitive auditorium or providing a security ceiling for a prison, PCI has the experience and qualifications to meet your project needs. We will support you through the entire course of the project; from schematic design and development, through engineering and construction, to final closeout.

EXPERIENCED IN THE LATEST TECHNOLOGIES & DESIGN ENHANCEMENTS

Experienced foremen and project managers ensure that state-of-the-art equipment, proper techniques, quality materials, and attention to detail are hallmarks of our performance. We use Building Information Modeling (BIM) to help improve project design and delivery. PCI has superior relationships with national manufacturers that are vital in meeting design requirements and construction schedules.

"SINGLE SOURCE" CAPABILITIES = RESPONSIVE SERVICE

With our national resources and local expertise, PCI offers a "single-source" solution. Only PCI is capable of combining our superior range of services, equipment, purchasing power, labor control, and knowledge of local regulations to give you fast, comprehensive service for all your interior needs.
