NUCLEAR SERVICES

PCI is the Authority on Nuclear Contracting Services

*From Passive Fire Protection
to Nuclear Strainers, PCI Has
Decades of Experience*

EXPERIENCED PROJECT MANAGEMENT KEEPS YOUR PROJECTS ON TRACK

PCI project managers are experts in the nuclear business, so we get your work done right the first time – and in compliance with *all* nuclear codes and requirements. We are so accustomed to working in this industry, that keeping your projects on schedule is second nature. To assist in this, PCI uses sophisticated labor and material control systems that we developed internally from years of experience.

PRIDE IN OUR WORK = UNSURPASSED PERFORMANCE

You benefit from the high level of pride PCI employees take in their work. Experienced foremen and project managers ensure that state-of-the-art equipment, proper techniques, quality materials, and attention to detail are hallmarks of our performance. We always devote a great deal of time and energy to the pre-planning phase to ensure optimum results.

"SINGLE SOURCE" CAPABILITIES EQUAL RESPONSIVE SERVICE

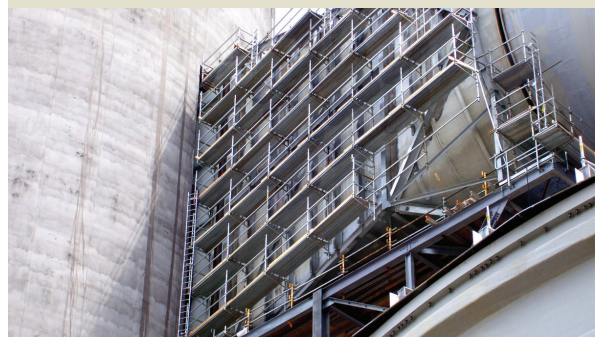

With our national resources and local expertise, PCI offers a "single-source" solution. Only PCI is capable of combining our superior range of services, equipment, purchasing power, labor control, and knowledge of nuclear safety requirements to give you fast, comprehensive service for all your nuclear service needs.

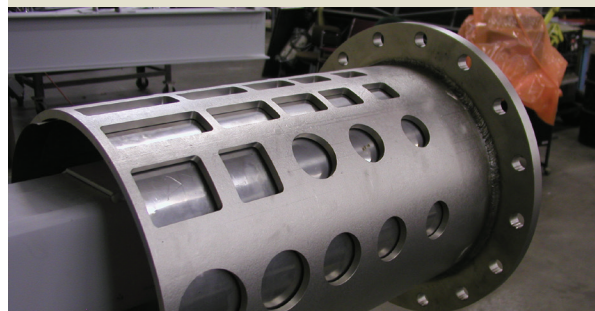

PCI Promatec Passive Fire Protection Services

Industrial Insulation Services for the Nuclear Industry

Industrial Scaffolding Services

MUTUAL SUCCESS

"At PCI, our devoted attention to detail is the key to our mutual success. Our expertise in anticipating and evaluating your needs provides superior value to your team, which has a positive effect on your performance."

— Bill Massey
President

NUCLEAR SERVICES QUALITY PROGRAM

The PCI Quality Program is designed to be a comprehensive program following the same elements that are part of all formal programs, including ISO 9000, QS-9000 and others.

This program is invoked and followed whenever required.

We have over 25 years experience implementing quality programs that meet our customer's specific needs.

PCI also has Quality Programs designed to serve the nuclear power industry, meeting 10 CFR 50 Appendix B and NQA-1. We have been audited by utility joint teams for many years, and are on the Approved Suppliers List for most nuclear utilities in the United States and around the world.

You Have Peace of Mind
Because We Provide:

Safe Work
Performance
Value
Quality
Dependability
Experience
Custom Solutions
