June 3, 2021

Dear Patient/Family Member:

Thank you for choosing UT Health Austin for your care. As a patient of the Mulva Clinic for the Neurosciences Neurosurgery Clinic, we want to let you know that I will be leaving UT Health Austin on August 3, 2021.

Our clinical support team will continue caring for you through this transition. If you have an existing appointment with me, Chelsey Sparks, DNP will be contacting you regarding your next appointment with us and plans for future follow-up.

We remain committed to providing high quality, team-based care for you and we will provide you with options for the continuation of your neurosurgical care. Please contact Chelsey Sparks, DNP in our Neurosurgery Clinic to assist you at **1-833-UTCARES** (833-882-2737) or NSClinic@austin.utexas.edu.

It is important that you continue with appropriate medical care; therefore, you should establish contact with another physician as soon as possible. If you do not wish to continue your health care with another UT Health Austin Provider, you may contact a local medical society or your health insurer for a referral to an outside provider.

If you chose to seek medical care elsewhere, you may call us to request an authorization form to transfer your medical records to your new provider. You may also choose to download the Release of Information form at [uthealthaustin.org](http://uthealthaustin.org) select "Resources" then "Medical Records".

Thank you for your loyalty and trust over the years.

Sincerely,

Kuo MD PhD

John S. Kuo, M.D., Ph.D.  
Surgical Director, UT Health Austin Mulva Clinic for the Neurosciences  
Chair and Professor, Department of Neurosurgery
