

Research volunteers needed

Researchers at Dell Medical School at The University of Texas at Austin invite you to volunteer to take part in a study to discover the utility of a new memory screening tool that may help clinicians identify memory and thinking problems easier.

Qualified participants must:

- Be 60 or older
- Have a formal diagnosis of mild cognitive impairment (MCI) or dementia
- Be generally healthy and medically stable
- Return for up to 2 study visits
- Be available to complete all study visits within 30-45 days

Qualified participants receive:

- \$25 gift card after completion of each study visit

If you would like to participate or if you have questions,
contact Avery Largent at avery.largent@austin.utexas.edu or call (512)333-1128

This study has been approved by The University of Texas at Austin Institutional Review Board.
