

# Vincent Gottfried Wisehoon

## Education

---

### Rochester Institute of Technology

Master of Science in Business Analytics

2024 – 2026 *(est)*

3.8 GPA *(current)*

### State University of New York at Albany

Master of Science in Accounting

2018 – 2020

3.3 GPA

### Syracuse University

Bachelor of Arts in History - Cum Laude

2012 – 2016

3.6 GPA

## Professional Experience

---

### Rochester Institute of Technology - Rochester, NY

Senior Analyst

Nov 2023 to Present

I monitored the accounting of capital projects funded by over \$125M of debt proceeds, and was responsible for making principal and interest payments of \$15M. I also reconciled fiduciary accounts containing debt investments to the general ledger, and then prepared applicable journal entries. This was in addition to the preparation of *pro formas* for various financial statement line items and internal figures related to debt and international campuses.

### Ernst & Young - Boston, MA

Accounting Data Analyst

Sep 2020 to Sep 2022

I used specialized software like Alteryx to build ETL pipelines for auditing functions. I also helped auditors clean and understand the data files they received from clients. I became highly proficient in Excel and mastered best practices for spreadsheet automation, document retention and information management.

*Prior professional experience includes paralegal and bookkeeping services for local businesses in Syracuse, NY.*

## Skills

- 
- Using languages like Python and R for data engineering and mining, statistical analysis, and automation
  - Software development in Python and C++ (aided with AI) / web development
  - Programmatic approach to fundamental and technical analysis of securities and portfolio construction
