

Internet Searching

Now that you've learned how to search the Internet for information, let's practice!

Keywords: What words did you use to search for the answer to this question?

Web address: Where did I find my answer? Write down the URL. Does it tell you anything?

(Hint: look at the domain.)

Do you trust it? Find out who made the website and why. Is it a reliable source of information?

Do you trust it?
