

Advance Health Care Directive

Name _____

Date _____

You have the right to make decisions about your health care. You can write down your wishes about what you want or don't want to happen if you can't make your own decisions. This is called an advance health care directive. You can complete or change your advance health care directive at any time.

ADVANCE HEALTH CARE DIRECTIVE WORKSHOP

WHY?

An Advance Health Care Directive is a written instruction that describes how you want to be cared for if you can't make your own medical decisions. Advance Health Care Directives are important for everyone, young or old! A medical emergency can happen at any stage of life, so it's important for all adults to prepare an Advance Health Care Directive.

WHAT TO EXPECT

Join our in-person workshop to learn how planning an Advance Health Care Directive can help you and your family. Complete your own Advance Health Care Directive with us and receive guidance from a Registered Nurse!
